The *Editor's* column

by S. R. PADDOCK

"Democracy, as a word, is quite venerable. Plato in his Republic somewhat ironically calls it, 'A charming form of government, full of variety and disorder, and dispensing a sort of equality to equals and unequals alike.' But democracy as a living creed has come rather recently in man's history, evolved out of the blood, tears, suffering and struggle of centuries. It has come so recently that it can hardly be said to be as yet perfected. Yet with all its human imperfections, it stands as the noblest achievement of civilized man."

— Major Gen. Adler

We do not know if the post-office department has finally decided that the average run of publishers are honest or if it has found a new way to cut costs of handling second class mail in the postoffice.

Postal employees will no longer be required to weigh newspapers presented for mailing. The department will base its mailing charges on a certificate to be filed by the publisher.

The postal department goes a step farther and asks the publisher to print the blanks on which the statement is made.

It is a little bit like the internal revenue department that considers every income tax payer honest until they catch up with him.

•

George L. Volz, of Arlington Seating Co. flies home from England this week after spending six weeks in Denmark, Sweden, Norway and Scotland. He will probably have many tall tales to tell his friends, but here is one of which he will be a little hesitant.

It was in Norway that he noticed that he was the subject of a conversation of a group of women. He was curious regarding what was being told. An obliging hotel employee informed him that he was being pointed out as a rich American.

He then understood why the price of tips had gone up and why he was showered with so much attention from the parlor maids. "My only regret," wrote George home, "is that I had to travel all the way to Norway to be treated like a millionaire."

•

Here is a suggestion we received this week that appears to be as sound as it is crazy. "Think of all the worry and strain that would be eliminated if business did not open until noon on Mondays during the summer.

The returning vacationist is in no shape to run for that train the morning after he returns home. The house is a mess after a Sunday. The average household is in a turmoil. Mother must spend an hour going from room to room collecting soiled clothing. And father could enjoy that extra hour's sleep he did not get Sunday morning, because he had a golf date."

•

Regardless as to the person or persons at fault in the recent accidents in which several Arlington Heights children were injured, one as young as four years old, all parents should "Stop, Look and Listen."

We know the half dollar bears the inscription "In God We Trust," but that does not mean that the half dollar will protect your child from speeding autoists.

Neither can you expect that the car operator who is covered by insurance has a greater concern over the safety of a child than the parent. Safety first instruction to children is as important as their morning glass of milk.

Failure of a Des Plaines youngster to Stop, Look, and Listen, last week caused his death.

•

We have always found that if an editor waits long enough for a news story, it will some day turn up. We have waited two years to report on the park negotiations between a special village committee and the North Western railroad.

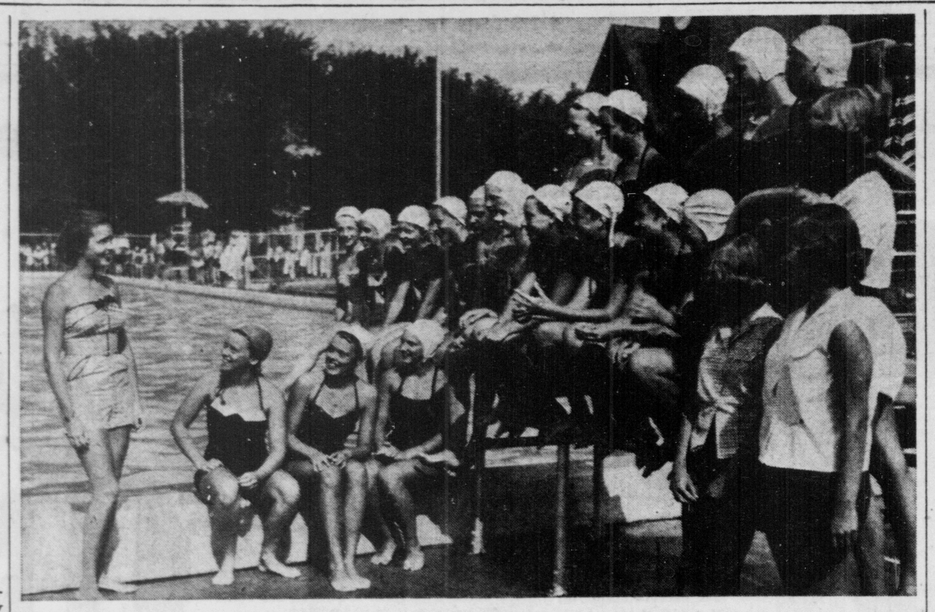

The committee even refused to tell us in confidence the amount offered the company. Last winter we asked the railroad to open their files on the matter to a reporter. The answer was again "no."

It was left to Charles Rehfeldt, recently elected alderman to pry loose the secrecy lid. His story appears in this week's Fence Post.

We believe that the people of Arlington Heights will back any plan that will bring municipal ownership of those parks. Alderman Rehfeldt evidently is not one of those "let George do it" fellows.

•

The Plan Commission stand on park areas is worthy of study. Park areas offered by Westgate developers are insignificant —so much so that the school and park boards are not interested. It would not be out of place to make some park planning, covering all the area within the village that has not yet been subdivided.

A portion of the 50 girls who will participate in the eighth annual water pageant to be held at Recreation Park, Arlington Heights, August 5, receive pointers from director, Phoebe Ann Ellis, standing left, before plunging in for the day's rehearsal last Thursday. —Gareiss Photo.

Famed Drum And Bugle Corps To Parade In Arlington Sunday

One of the largest and most colorful parades ever staged in this area will take place Sunday afternoon in Arlington Heights.

The parade is being held in conjunction with the annual Veterans of Foreign Wars festival, which started Wednesday evening at Recreation park, and will feature outstanding drum and bugle corps from all over the country.

Step off time is 2 p. m., at the high school, the signal being an aerial bomb set off by Chief of Police Carl H. Skoog. Line of march: east on Euclid to Vail, south on Vail to Northwest hwy., east on highway to Wing st., east on Wing to Belmont, south on Belmont to stub and entering Recreation park.

* * *

THE TWO-hour long parade will pass a reviewing stand set up in the depot railroad park on Northwest hwy. Upon entering Recreation park the various drum and bugle corps participating will give individual demonstrations and compete for prizes. Dr. Benjamin Mach, president of National Drum and Bugle Corps Association, is parade director and he will be in charge of the contest.

Besides the bugle corps, many local organizations and businessmen will be in the line of march, as well as color guards from various military organizations.

The VFW festival "midway" is filled with many attractions, sure to please everyone. Friday night special entertainment will be provided by Al Kanter and his clown band, who are novelty comedians of music. They will be on the grounds from 7 to 10 p. m. Saturday Al Carsello will entertain with accordion music from 8 to 11 p. m.

Proceeds from this affair will go into the Post's building fund. The VFW has high hopes of beginning construction of their club house on Northwest hwy. at Yale, this fall.

Adult Swim Hour Is Worth All The Effort

The adult swimming hour at Arlington Heights Recreation park is worth all the efforts of an early or late supper hour. whatever the case may be, to make the 6:30 to 7:30 p.m. time set aside when just adults, 21 or over, are allowed to use the pool's facilities.

Any adult who hasn't taken advantage of this opportunity is urged to do so. It's wonderful to be able to dive into the pool and swim across without bumping into several hundred other people trying to do the same thing.

Anyone who can't swim is invited to take the adult swimming lessons given every Monday and Wednesday nights during this hour. "One is never too old to learn." said the instructor Monday night, which was the first night of lessons. It's still not too late to register. It costs $10 for eight one-hour lessons, plus the purchase of a season ticket to the pool.

Here's another advantage for the young parents who have children under seven. They can bring them into the pool at this time, as no child under seven can be in the pool at any other time.

25 Stores Offer Big Bargains To Shoppers

Monday will be a big day for shoppers in Arlington Heights when 25 stores will offer bargains in the semi-annual Dollar Day sale.

Whether it be shoes for the kiddies, paint for the walls, towels for the kitchen or grease for the car, all will be offered at a big savings in the Monday sale. The few items mentioned are just a "drop in the bucket" compared to the bargains being offered. Refer to the inside pages of this paper for all there is to know about which store has what for sale and how much will be saved by buying it on Dollar Day.

The Chamber of Commerce, which is sponsoring the sale, asks residents to look for the Dollar Day banners in store windows, which will identify the stores participating in the sale. Store hours will be 9 a.m. to 6 p.m.

Dahlgren Resigns from Park Board; Skallerup Takes Over as Prexy

Larry Dahlgren, president of Arlington Heights Park Board, resigned from that body last week. R. M. Skallerup, vice president, has taken over as president. The resulting vacancy on the board is filled by the appointment of G. E. Seidel, 546 S. Mitchell.

Dahlgren recently sold his home on 408 So. Bristol to Edward F. Elliott of Chicago.

Hold Up Plat Approval; Ask For Park Site

Arlington Heights Plan Commision has asked the developers of the Lutgert's subdivision of 72 acres between Wilke and Dwyer, south of Thomas to dedicate seven acres for park purposes. The commission also asked that other changes be made in the submitted plat.

The plat sub-committee, of which Rudolph Lacina is chairman, will probably require park dedications of one-tenth of areas hereafter submitted for their approval. It will also inquire into the class of homes to be erected thereon. It will insist on 66 ft. lots.

No direct approval was given at the commission's regular meeting Monday evening to any of the submitted plats.

Approval of a subdivision with lots of 100 x 280 at the intersection of Camp McDonald and Schoenbeck roads will await information regarding the size of adjoining lots.

No action was taken on Kimball Hill plat on the plea that the subdivider was going ahead with the project, anyway.

In the absence of Evrell Plank, chairman of the parking committee, Chairman O'Brien stated that the committee would take advantage of data that had been collected by previous parking groups; before making a recommendation.

Secretary Lacina was asked to invite all civic groups to send one representative to attend a special meeting of the commission to be held Wednesday August 3. The entire evening will be spent on discussion of the parking problem.

In order to keep the members of the village board acquainted with actions taken by the commission, the secretary was authorized to send copies of the minutes to each village trustee.

Mosquito Control Program Wins Citizens' Approval

The mosquito abatement program will be continued in Arlington Heights with the fifth fogging to take place tonight, Thursday, weather permitting.

More than 200 postcards were received by the village clerk, which represented a good cross section of the village, all praising the results of the previous foggings.

* * *

THREE BIDS for a public address and recording system for use in the village council chambers were opened at the village board meeting Tuesday night. Hubert F. Abfalter, 226 S. Chestnut submitted a bid for $2,500; RCA Victor Distributing Corp. had alternate bids of $1,030.56 and $1,248; and Executone Co., Chicago, bid $1,101. They were referred to the building and grounds committee for further study.

The board approved the installation of a direct telephone line from the swimming pool to the police department. This will allow immediate contact with the police and fire department in event of an emergency at the pool. The Park District will pay for the installation and upkeep.

Trustee Richard Bronwell told the board that Judge William Neumann asked that a village prosecutor be appointed to assist him in traffic court and other cases that come before him. He said it was not good policy for him to hear the case, prosecute and then levy the fine.

* * *

A FIRST READING of an ordinance creating the office of village prosecutor was read and has been taken under advisement.

The board approved the erection of stop signs at the following intersections: 2-way on Sigwalt at Highland; 2-way on Vail at Park; 2-way on Orchard at Dunton; 4-way on Highland and Park; 4-way on Ridge and Campbell; 4-way on Dunton and Sigwalt.

They will be erected as soon as the signs ordered are available. Trustee Bronwell was commended for his fine work on traffic control, not only by the board, but by a citizen who appeared before the board to ask better control of race traffic on W. Euclid.

William Winkler, 1402 W. Euclid, representing the Midwest Property Owners Ass'n, told the board that one day the police department would have good regulation of traffic and the next day no officer would be available and the east bound traffic out of the race track would take over the entire highway, making it impossible for anyone living in the area to get to or from their homes. He also stresed that in event of a fire or sickness no fire truck or doctor would be able to enter the area.

* * *

THE BOARD authorized the use of water department trucks, which are equipped with flasher lights, to patrol the area on Saturday afternoons during the busy hours. It is felt that the flasher will keep cars in line.

The board accepted the resignation of Otto H. Wulbecker from the planning commission and confirmed the appointment of W. G. Franke to replace him. They also appointed William Meyer Jr. to serve in an advisory capacity on the commission.

An ordinance providing for the widening and improvement of Campbell st., from Chestnut to Davis st., was passed by the board. Total estimate of the improvement was $60,632.

Village Attorney Hugo J. Thal was authorized by the board to attend the Illinois Commerce Commission hearing September 8, at 10 a. m. to file a protest on the proposed electric and gas rate increase sought by the Commonwealth Edison company. Trustees Robert Bishop and Edward Carlisle passed their vote.

Dance Saturday to Benefit Wilson School

A dance this Saturday, at 8:30 p. m., featuring variety and square dancing, will be given by the Wilson School Community Club for the benefit of the school.

The event will be held at Fred's Place, Rand rd., near Foundry rd. and music will be furnished by Homer Melody Makers. Special attractions are also being planned. Donation is one dollar

PARKING PLAN STUDY GETS COLD SHOULDER

Arlington Heights village boards kicked around a solution of the parking problem for years. It is good news that "buck passing" may be near an end. There are at least two board members who are ready to meet the situation face to face.

Charles Rehfeldt made the first move last week when he contacted the North Western railroad. (See this week's Fence Post).

Trustee Bronwell presented a comprehensive suggestion for parking study of the village board Tuesday night, moving its adoption.

It did not receive a second and the reporter present was directed to return her copy to Bronwell and not to give the motion any publicity.

Personally this editor admires the interest shown by Bronwell, who Wednesday morning furnished the publication office with a copy of his motion.

We believe that the publication of Rehfeldt's Fence Post contribution and Bronwell's motion will bring about serious thinking about parking on the part of the general public. Ultimately the special parking committee, composed of the plan commission group and the three members of the village board, will be compelled to adopt some part of both plans.

Both platforms presented to voters during the recent municipal election promised PARKING ACTION. LET US HAVE IT! STUART R. PADDOCK, SR., *Editor.*

"For many years the parking problem of Arlington Heights has been discussed and little has been done to solve the increasing problem. The Plan Commission is now beginning to study this problem. They will include in their report a study on traffic flow, street widening, street parking meters, as well as off the street parking. By necessity, this will take time, and there will be further delay in the solution of the commuter and shopping traffic problem. All of the above mentioned phases of this problem have to be considered for the complete answer to our traffic and parking problem.

"However, it would appear that the thing which needs to be done immediately and which can be done promptly to help our traffic problem the most without consideration of the other problems is to supply the village with additional off the street parking facilities for commuters and shoppers.

"Thus I move the following:

"That the Parking Committee of the Plan Commission investigate and report on the advisability, the feasability, and the approximate cost, and the recommended methods of financing the following projects with priority in the order of their listing.

"1. Installation of 25 cent parking meters in the present railroad commuter parking lots. This is to provide immediate revenue for other parking locations.

"2. The negotiation with the owners of the Arlington Heights Theater parking lot for the installation of parking meters for all day commuter parking at 25 cents per day. Under this agreement the parking meter company would install the meters with no outlay of cash to the village. The parking meter company would receive one-half of the parking revenue from that lot until the meters are paid for. The village and the owners of the parking lot would divide evenly the remaining 50% of the proceeds. After the meters are paid for the property owners and the village would participate in the proceeds on a 50-50 basis. This would provide the village with an immediate additional commuter parking space for over 100 cars and at the same time provide additional immediate revenue which can be used to finance other parking facilities.

"3. Purchase, by condemnation if necessary, of the corner property on the northeast corner of Vail and Campbell streets including the present vacant land and the building housing the Turf Pool Hall which would be torn down. This would provide approximately 7,500 sq. ft. of off the street parking space for approximately 25 shopper cars.

"4. The condemnation of property south of Sieburg's Drug store from Dunton to Vail sts. for a width of approximately 70 feet. This would provide parking facilities for approximately 63 shopper cars. This project should be paid for by the local merchants.

"5. The condemnation of the property due south of the village hall from Vail street west for a distance of approximately 450 feet. This would be for commuter parking with installation of 25 cent meters. This would accommodate approximately 112 cars.

"6. The purchase of the vacant land on the southeast corner of Vail and Eastman streets for commuter parking with the installation of 25 cent parking meters. This will supply parking facilities for 20 commuter cars.

"7. Rezone and purchase the vacant "Sieburg" property on the east side of Highland street between Campbell and Sigwalt streets for use as a merchants' parking lot and a parking lot for use by Lauterburg & Oehler. This project to be paid for by the merchants and Lauterburg & Oehler.

"8. The purchase of the vacant lots immediately south of the Arlington Fender & Body Shop on S. Highland street for additional merchants parking, or shopper, or commuter parking. This area will accommodate approximately 50 cars.

"9. The purchase of land on the south side of Campbell st. between Paddock Publications' property and property owned by Arlington Fender and Body Shop for shopper parking. This would furnish space for approximately 30 shoppers' cars.

"10. The negotiation of an agreement with Charles Klehm for a first option on the six acres owned by him bounded by Miner street, the North Western railroad tracks, and the Creamery Package Company property. This property to be purchased as soon as he will sell for eventual use for commuter parking with 25 cent meters. This would supply eventual additional commuter parking space for approximately 870 commuter cars.

"In order that action can be taken by the village board on the most urgent items, the committee is requested to complete a report on items one and two for presentation at the August 4th board meeting. A report should be submitted on items two through seven by the September 1st village board meeting. A complete report is requested on the balance of the listed items at the September 15th village board meeting.

"In this manner the village board can take quick, decisive action on the most pressing aspect of our shopping-commuter problem.

"It is not meant that this is a complete solution to the 'off the street' parking problem. Instead, these are merely suggestions for the most urgent locations which will ease the parking situation with probably the least displacement of persons, and the least cost, with the most central locations.

"Approximate total additional parking space:

Shoppers, 158 cars.

Commuters, 232 cars now. Later action, 870 cars.

"Present parking spaces: Shoppers, 342; commuters, 232.

"Note: The development of Rolling Meadows and other outlying developments may well force Arlington Heights to furnish 600 to 900 additional parking spaces for commuters in the next few years."

Joint Village Committee to Study Parking

The parking committee of the plan commission was given the board's approval to go ahead and map out a solution to the parking problem in the village. They will be asked to bring in preliminary plans for off street parking by September 1.

Trustees Richard Bronwell, William Luehring and David Zimmerman were appointed to serve in an ex-officio capacity on the committee.

2 Dead, 3 Hurt In Accidents On Viaduct Curve

Two persons were killed Tuesday night on Northwest hwy., at the viaduct west of Des Plaines, when their auto collided with another car which had gone out of control on the curve.

THE VICTIMS were David T. Smiley, 70, and his wife, Edna, 65, of 701 Hart Blvd., Harvard. Donald R. Corby, 50, of 305 S. Wolf rd., Des Plaines, was driving the other auto and he was taken to St. Francis hospital, Evanston, unconscious.

Police said Corby's car, traveling east went into a spin on the curve which was slippery because of rain, and went over into the westbound lane. The Smiley automobile crashed into the rear of Corby's car.

TWO YOUNG men are patients at St. Francis hospital as the result of a crash which followed a wild 90 mile an hour ride on Northwest hwy. between Mount Prospect and Des Plaines Saturday night.

The Mount Prospect squad car, manned by officers Esmond and J. Creamer, pursued the Ford driven by Larry Rowe of Schiller Park to book him for a stop sign violation. Rowe and his passenger, Nicholas Nemeth, Chicago, both in their 20's, tried to out-distance the police. Reaching the viaduct, they made the first curve but the car could not be turned quickly enough, climbed up the embankment and crashed into the Lord & Burnham Co. fence, bounced back across the highway and plowed into the bank of the west side.

Rowe has a broken leg and Nemeth injuries serious enough to keep him in the hospital. When recovered, Rowe will be released to the Mount Prospect police.

Arlington Fender and Body cleared the wreckages.

* * *

THE DES Plaines council is taking action to have this viaduct relocated. It was installed 25 years ago as a temporary crossing. Since that time it has been the scene of many violent accidents.

Lay Wayside Cornerstone This Sunday

This Sunday marks a special day in the history of Our Lady of the Wayside parish in Arlington Heights. Just one year ago, Father Harold T. O'Hara, the pastor of this new parish, celebrated his first Mass in the South school auditorium, and Sunday and holy day Masses have been held there since that time.

Now the day approaches when parishioners will be able to attend Mass in their own building because the school building, part of which will be set aside for a temporary church, is well under way.

* * *

AT 4 P. M. SUNDAY, the cornerstone for the new building will be laid. The parish will be honored by the presence of Right Reverend Monsignor Vincent Cooke, Archdiocesan Director of Catholic Charities, who will preside at the cornerstone laying ceremonies on the site, Park st. and Mitchell ave. An appropriate address will be made by Msgr. Cooke, and the ceremonies will be graced by the presence of the pastors of neighboring parishes.

Father O'Hara is grateful to all those who have helped him to take so many forward steps in this first year, and with the new parish organizations rounding out their initial terms, he looks forward to continuing activity in the coming year.

The contractor estimates the new building will be open in time to celebrate the first Mass this Christmas and that the school and temporary convent will be completed for use before September 1954.

Petition To Ask Site Election For Future Junior High School

A 19 acre site located south of Miner st. and east of Dryden ave., Arlington Heights, has been selected by the public elementary board of education as a site for a proposed new Junior high school, which will be needed within the next few years.

Conservative estimates indicate that the present Junior high school and all of the present South school building will be occupied by Junior high students by 1955-56. It is also known that another lower grade building will be needed on the north side eventually and the proposed site would serve ideally for both purposes.

In event anyone is surprised that the town needs another Junior high school, here are the facts: The present Junior high will accommodate 12 sections (4 sections or classes per grade) . . . this year there will be 18 sections, which will take over the second floor of the South school . . . by 1955-56 there will be 24 sections of Junior high students, by 1959-60, 36 sections and by 1962-63, 48 sections. When the school passes the 24 section mark there will be no place to put additional sections in either the present Junior high or in the South school building.

* * *

THE BOARD has obtained two reputable appraisals on the proposed site but have not been able to reach an agreement with the property owner. When a public body and private owners cannot agree upon the value of a piece of property, the value is set by the courts through condemnation proceedings.

However, before any definite steps can be taken, a referendum to establish this as a school site and to issue bonds to pay for it must be held. This is planned for September. In the meantime, petitions authorizing the board to hold such a referendum must be circulated. Residents will be able to sign one in the near future.

The board does not expect to build at once on this site, although it must be secured while it is available. Immediate plans provide for enlarging the two small buildings now under construction because — 1) they can be enlarged more economically than new ones can be built; 2) more classrooms will be needed for lower grade classes, which are continuing to "pyramid"; and 3) only as more lower grade classrooms are constructed can the remainder of the South school be converted to Junior high use.

Any citizen having any questions about the board's plans is invited to contact any member, or R. E. Clabaugh, superintendent of schools, who will be glad to answer them. The board of education is as follows: Robert R. Lockwood, president; Melvin L. Kurtz, secretary, V. L. Bedingfield, Richard L. Johnston, Joseph E. Lohr, Carl F. Mees, and James E. Wood.

Honor Bill Erickson At 20th Annual Picnic

William N. "Bill" Erickson, President of the Cook County Board of Commissioners, will be honored Thursday, July 30, at the 20th annual "Bill" Erickson Day at Sportsmans Golf Club. The all day event is planned as a tribute to the splendid and outstanding record made by Mr. Erickson as President of the County Board.

Judge Harry Porter is general chairman of the affair. Assisting him are Aldermen Eugene Beck, William MacStevens and A. J. Murray, vice-presidents, Judge James Corcoran, secretary and Al Conn, treasurer.

The day's program with golf as a highlight, will be topped off with a dinner in the evening during which time the golf prizes as well as the many hundreds of other awards will be presented.

Northwest Heighters Activities

DOG DAYS or just "dog-tired"?

Dog Days are an old tradition. For countless years, people have blamed them for lack of energy, depression, irritability. Yet all these symptoms are danger signals sent out by a body that is not in the best of condition.

If you're feeling tired, completely worn out, see your doctor. Our prescription department can serve you quickly and efficiently on any medicines he may prescribe. Should he advise vitamins or dietary supplements, you'll find a large and varied supply here. You can depend on us for all your health needs in every season of the year.

Engagement

At a tea held July 18, attended by friends and sorority sisters, Mr. and Mrs. Roger Ryden announced the engagement of their daughter, Patti, to Robert S. Hoffman of Daytona Beach, Fla. Both Patti and Robert are students at the University of Illinois where Patti was homecoming queen last year. An early fall wedding is planned.

Moving

Mr. and Mrs. John Perow Jr., 821 N. Princeton ave., are moving from Arlington Heights to Mrs. Perow's home town, Passaic, N.J.,where Mr. Perow has been transferred. He is a sales and service engineer for the Hewitt Robins Co. Their son, Allen, whose birthday was July 15, will celebrate with all his relatives in New Jersey.

Neighborhood Doings

Last Thursday evening a group of Arlington Heights couples including many Northwest Heighters went dancing at Chevy Chase. Those people who felt young again were Mr. and Mrs. Howard Parker, Mr. and Mrs. Howard Buchholz, Mr. and Mrs. Harry Menick, Mr. and Mrs. Ray Wilke, Mr. and Mrs. Robert Spinx, Mr. and Mrs. Clarence Loechl, Mr. and Mrs. George Krilcic and Mr. and Mrs. John Huskey.

Birthday Party

Marjorie Lurtz celebrated her eighth birthday with a lawn party July 20 (held indoors because of the inclement weather) and the following girls were invited: Ginger Burnett, Carol Oja, Nannette Rathsam, Carol Trendel, Lynn Lemmerhirt, Suzanne Shogren, Linda Strait and Patty Loechl.

Vacations

The cold 46 degree temperature of Pine Lake, near New Auburn, Wis., certainly cooled the Laurence Stocking family in a hurry. Charlie and Jerry, together with their parents, spent the past two weeks at the summer home of Mrs. Stocking's parents, Mr. and Mrs. L. B. Parson of Evanston, Ill. The weather was too cool to do much swimming but 5 year old Charlie caught a "big" crappie and he now can tell "fish stories" with the rest of the fishermen.

The hot weather here influenced the Herbert Ratcliffe family to high-tail it to the northwestern part of Wisconsin, namely Danbury, where they, too, were cooled in a hurry. It was a big family vacation with 12 relatives also participating. They, also, caught plenty of fish.

Mr. and Mrs. James Loughman and their four children just returned from a 10-day vacation trip to Shafer Lake, near Benton Harbor, Ind. They had an enjoyable time but Mrs. Loughman was glad to return home to her modern conveniences.

Mrs. Lorraine Johnson of Barrington, Ill., just returned home after spending some time with her brother and his family, Mr. and Mrs. Mel Lemmerhirt.

Visiting at the home of Mr. and Mrs. V. J. Warejcka for the next two weeks is his father, Mr. Venzel Warejcka of Bovee, S.D.

Little Chester Banas Jr. is having a memorable vacation at the home of his uncle and aunt, Mr. and Mrs. Walter Zachwieja.

Patty Loechl visited her chum and former neighbor in Chicago this past week end and then Sheila Clarke (being neighborly) came home with Pat to stay a few days. It seems 10-year old girls never run out of conversation.

Kathy Huskey, 9-year old daughter of Mr. and Mrs. John Huskey, is spending a week in Chicago at the home of her grandparents, Mr. and Mrs. R. J. Hefty. Yes—you are seeing right—Hefty and Huskey.

Mr. and Mrs. C. W. Schlomann and children are busy as bees preparing for a visit to their cousin's farm in Sullivan, Mo. The children are looking forward with great anticipation to seeing the farm animals.

Doting grandparents, Mr. and Mrs. John Fogarty of Chicago, have their grandchildren, Donald and Suzanne Russell, visiting them for a week. The children are seeing Kiddieland, shows, etc. and are really "living" so to speak.

Amy-Carol and Laurie Anderson are having a vacation at the home of their grandparents, Mr. and Mrs. J. B. Culbertson of Mt. Vernon, Iowa. While the children are away, their parents, Mr. and Mrs. T. Ridley Anderson, have been busy painting and decorating. However, they will soon leave for Mt. Vernon and have an enjoyable 10-day visit with Mrs. Anderson's parents; then mama, papa and children will return home.

Up and Doing 4-H Club

The last meeting of the Up and Doing 4-H club of Elk Grove was held at the home of the leader, Mrs. Arthur Busse. After business was taken care of, the group had exercise drills outside led by Marilyn Hagenow and Helen Grimm.

Nancy Honeman gave a talk on cookies and made a flower arrangement from gladioli. Arlene Moellenkamp gave a talk on preserving fruits and vegetables. Marilyn Hagenow talked on frozen fruits and showed how to fasten hooks and eyes. Laurnell Anderson talked on the different utensils for cakes and cookies. Diane Deeke gave a talk on cakes. Helen Grimm showed how to make a corsage from carnations. Harriet Moellenkamp gave a talk on accessories and what they can do for a room. Refreshments were served.

Local achievement for this club will be July 30 at Elk Grove Lutheran school and County Achievement day is August 6 at Palatine high school. On these days the girls will exhibit their projects.

Bronze Markers at Randhill Park Cemetery

Randhill Park Cemetery has specially designed for the exclusive use of its lot owners a bronze marker. The same comes in five sizes, all of similar design and adapted in such a manner that it can be set to designate the burial sites of one to six graves.

It is also unique in that name plates designating future interments can be attached. This provides an excellent manner for a lot owner to purchase his bronze marker before need and not leave it to the expense of his family or perhaps their ultimate neglect.

Family guardian

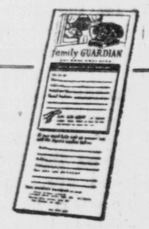

Nobody is ever alone with a telephone in the house. So when you leave your child with a baby sitter, your telephone makes it possible for you to go out with even greater peace of mind. Of course, you have confidence in your sitter. But there's added comfort in knowing that the telephone is on hand, too. If an emergency should arise, a call can quickly put her in touch with you or the other guardians of family safety: your doctor, the police and fire departments.

We've prepared a handy card to help your baby sitter. It has places for all the vital information you'll want to leave with her. With this card, called the "Family Guardian"—the baby sitter's helper, she'll be prepared for anything that might come up. Would you like to have one?

Baby Sitter's Helper

...yours for the asking!

This card, the "Family Guardian," has a place for you to list the telephone number where you can be reached. There's a whole pad of slips so you can use a new one each time.

And below the pad is a permanent space for the telephone numbers of your doctor, the police and fire departments and your neighbors.

Call or drop in at your local telephone Business Office for one. Or write the Illinois Bell Telephone Company, Department Y, Chicago 6, Illinois. We'll send you one right away.

No price can measure its usefulness

Sidelights of Arlington Heights

Vacationers

Mr. and Mrs. Arthur O. Pape, Palatine rd., left Friday for New Port Richey, Fla., where they expect to spend a three week vacation. The Papes have purchased a home there and plan to make their future home in Fla. Mr. Pape, formerly of Pape and Guenther, hay dealers, has a job in Fla., which he plans to take over in October.

Mr. and Mrs. George A. Sharp, their daughter, Diane, and Mrs. Alma H. Ihle recently enjoyed a trip to the Ozarks. They spent several days with Mr. and Mrs. Harvey Barber, former residents of Prospect Heights, who now own Barber's Motor Court at Springdale, Ark. Mr. Barber drove them to Tulsa, Okla., to visit Mr. and Mrs. William Forrest, former residents of Arlington Heights. Upon arrival they discovered that the Forrests had chosen that day to visit the Barbers in Springdale. After a series of phone calls between Tulsa and Springdale, the occupants of the two cars spotted each other on the road and held their reunion right there. After leaving Springdale, the Sharps stopped at Marshfield, Mo., for a visit with Mr. and Mrs. Clarence Stadtler, also former residents of Arlington Heights. The Sharps then drove to Sayner, Wis., on Plum Lake in the North Woods, where they enjoyed fishing.

Mr. and Mrs. Rodger McElhose of Diamond Lake took Mr. McElhose's parents, Mr. and Mrs. Edward McElhose, on a sight seeing trip to Niagara Falls last week. They also visited relatives in Philadelphia, Pa.

Mr. and Mrs. Walter Krambeer spent part of Mr. Krambeer's vacation last week at the Wisconsin Dells, Wis.

The Whitelaws, the Boehners and Johnny Gregg spent their vacation at Black Duck, Minn. Eddie Whitelaw visited relatives in Wichita.

The Evrell Planks trip will take them to Detroit, Toronto and Jamestown, N. Y., to visit their families. Included in the visit will be Mrs. Plank's 97-year old grandmother and a new baby.

Home On Leave

Airman Third Class Walter Berschet Jr. flew home on a 3 day pass from Kinross Air Base, Kinross, Mich. His parents, Mr. and Mrs. Walter Berschet, met him Sunday at Midway airport.

Return Home

Mr. and Mrs. Fred Rascher have just returned from visiting her son and his wife, Sgt. and Mrs. Wesley Gillespie at Moorehead City, N. C. Sgt. Gillespie is stationed at Cherry Point, N. C.

Mr. and Mrs. Ray Gosch and three sons have just returned from a ten day eastern vacation. They went to Michigan, Canada and Niagara Falls. They stopped and visited their cousins, Mrs. T. H. Kellogg of Interlaken, N. Y., and her three sons and their families. They returned through Pennsylvania and in Akron, O., visited Mr. and Mrs. Embert Stanger. In Bluffton, Ind., they visited Mr. and Mrs. Homer J. Byrd, who wish to be remembered to all their friends in Arlington Heights.

Mr. and Mrs. Stuart Paddock Jr. visited relatives and friends in Detroit and Grand Rapids, Mich., during their recent vacation.

Mr. and Mrs. Harry Helfers just returned from a two week vacation in Montello, Wis.

Mrs. Phillip Machet and children returned Monday from a two week vacation at their home in the country in Hermansville, Mich.

Mr. and Mrs. Walter Dill returned this week from the Shriners convention in New York City. More than 125,000 members and their wives attended the week's convention. Mr. Dill was elected secretary-treasurer of the National Shrine Chanters Association.

Celebrates Birthday

Karen Panek, daughter of Mr. and Mrs. Ralph Panek, celebrated her ninth birthday Sunday at a family party. She entertained her cousins and friends at a picnic Monday.

Visit Away

Mrs. R. G. Clarbour spent last week with her son and his family, Mr. and Mrs. Rodger Clarbour and their three children, at their summer cottage on Indiana Lake, Bristol, Ind. Grandmother was baby sitter for Greg, Linda and Janice, while Mr. and Mrs. Clarbour did some house painting.

Mr. and Mrs. Lyman Lloyd spent a day recently at Lake Marie, Ill., visiting friends and enjoying the cool lake breezes.

Mr. and Mrs. John Pfingsten and son, John Jr., went to Jeffersen, Wis., to visit their daughter, Susan, who is attending school there.

Miss Barbara Paulus is visiting her grandmother, Mrs. S. Lindstedt, at Lac Vieux Dessert, Land O'Lakes, Wis.

Mr. and Mrs. William Kline spent a few days visiting Mr. Kline's parents in Kerkland, Ill.

Visit Here

Mr. and Mrs. Alburn Rector of Sanford, Fla., "The Celery City of the World," were in Arlington Heights last week visiting friends. Mr. Rector formerly lived in Arlington and moved to Florida in 1943. This was his first visit back home. Mr. Rector, a pharmacist, at one time worked for Sieburg Drug Store. They came here especially to attend the thirty-fifth reunion of the Famed Rainbow Division of World War I, which was held in Chicago last week.

Mr. and Mrs. C. A. Anderson of Daytona Beach, Fla., are visiting her daughter and son-in-law, Mr. and Mrs. Jack Scott, S. Evergreen ave., for six weeks.

Move

New California arrivals are Mr. and Mrs. Bernard Ekeberg and two children, Patty and Eric, who recently moved from S. Highland ave., in Arlington Hts. and plan to make their home in the western state.

Attend Wedding

Mr. and Mrs. Norman Horker and family attended the wedding and reception of Mr. and Mrs. Adam Zundl of Chicago July 18. Their son, Ronald, presided as ringbearer at the wedding.

Entertain

Mrs. George Mitch entertained her sisters-in-law last week at dinner and supper and an afternoon at the races. Mrs. Catherin Becks, one of the sisters-in-law, and her daughter, Regina, spent the week visiting Mr. and Mrs. George Mitch and family.

The Happy Hour club held their annual dinner July 15 in the garden of the home of Miss Laura McElhose.

Mrs. James Weidner was hostess to her pinochle club Tuesday.

Here From Florida

Miss Jean Daniels is here from Miami, Fla., to spend several weeks visiting her parents, Mr. and Mrs. Milton Daniels.

Return Here

Mr. and Mrs. William Beckman, former residents of Arlington Heights, moved to Elizabeth, Ark., and after a try at the new countryside they have just returned to Arlington Heights to resume residence here. The Beckmans are glad to be back in Arlington where it may be hot, but not as hot as in Ark.

Family Picnic

Mr. and Mrs. Nicholas Tischer and family and friends gathered Sunday for an old fashioned family picnic at Illinois State Beach.

Bridal Shower

Miss Joyce Brinkman of Palatine was guest of honor at a surprise miscellaneous bridal shower given at the home of her sister, Mrs. Earl Schinkowsky of Arlington Heights, July 18. The shower was given by Mrs. Hazel Brinkman of Palatine and Mrs. Stella Danner of Maywood. An evening of refreshments and games was enjoyed by the 25 guests. Miss Brinkman will become the bride of George Schwartz of Arlington Heights August 8.

Recuperating

D. W. Helt is recuperating at home after spending five weeks in Hines hospital.

Lawrence Sebastian, son of Mrs. Albert Adam, is recuperating from a rather rare disease for adults, scarlet fever.

A. B. Scharringhausen is recuperating from his recent illness.

Mrs. Anthony Callahan broke her ankle recently and is recovering now.

Mrs. Clarence Brinkman Sr. is recuperating at home following a major operation at Presbyterian hospital, Chicago.

Hampton House, New Des Plaines Furniture, Grand Opening Saturday

The Hampton House, Inc., a new furniture store at 669 Graceland st., Des Plaines, will hold a grand opening Saturday, July 25.

Jack Damm, proprietor, who has located his home also in Des Plaines, was the former buyer and manager of Graivier's Furniture of Oak Park.

The new business will specialize in solid maple colonial furniture and matching accessories. An advertising announcement of the opening is elsewhere in this paper.

This is the second business to be located in the new shopping center at Graceland and Prairie. The first was the F. & S. Per & Hobby Shop, two doors north.

All Cleaning Done On Premises

Bensenville Home Festival Sunday

Evangelical and Reformed churches in this vicinity help to maintain the Bensenville Home for children and aged, whose annual festival and homecoming will be celebrated on Sunday, July 26.

Gaily decorated booths have been installed in front of the children's buildings and in the girls' playground area. The stands will open at 2 p. m. and from them will be sold all kinds of refreshments, attractive novelties and many beautiful pieces of handwork.

Worship services will be held at 3 p. m. and will include a special ceremony for the laying of the cornerstone for the new home for aged that will accommodate 42 residents. Speaker on this historic occasion for the Home, which is in its 58th year of service, will be Dr. Henry E. Ambrecht, pastor of St. Peter's church, Chicago. Participating in the service will be the liturgist, Rev. E. J. Hoefer, pastor of St. Paul's church, Elgin, and vice president of the Home board of directors; Rev. Glenn G. Gumm, pastor of St. Paul's church, Palatine, and president of the Home board of directors; and superintendent of the Home, Rev. Alvin J. Munsterman. Music will be furnished by the Nazareth church choir of Chicago and the Children's Chorus of the Home.

* * *

"UNCLE" JOHNNY Coons of television fame will make personal appearances at the festival to entertain the youngsters at 2 p. m. and again at 5 p. m. The children will also be amused by pony rides plus the colorful long distance balloon race that will begin at 4 p. m.

Alfred Landmeier of Arlington Heights is president of St. John's church consistory, Bensenville, who will furnish a group of men to serve as ushers at the Festival worship service.

Mrs. Fred Altergott, 7832 N. Kenneth, Skokie, is chairman of the sandwich booth that is sponsored by the women's auxiliary. Edward Griese, Northbrook, will manage the ice cream stand and will be assisted by Ed. Smith of Northbrook. Mrs. A. Wiedenbeck, 536 N. Hough, Barrington, is a member of the ladies service committee, who supervise the Fancy Work Booth.

Burning Garbage Against Law Here

Many complaints have reached the Arlington Heights health officer about garbage and other odoriferous refuse being burned within the village limits.

This is contrary to the Municipal Code, Chapter 23, Article IV, Sections 907-908-909 and Article V, Section 916. Persons violating these codes are subject to fines of not less than $2 nor more than $200.

Lions Await Parking Committee Report Before Acting on Parking Plans

The Arlington Lions club special parking committee is awaiting the report of the parking committee of the village planning commission prior to taking any action in order to insure a coordinated plan that will solve the parking problem.

The Junior Olympics, sponsored by the Lions club, will be held August 12, starting with the wheel parade at 1 p.m. and closing with swimming contests in the evening. Over 1000 youngsters are expected to participate.

The Lions will enter a float in the seventh annual Arlington Heights VFW festival parade, to be held Sunday.

A committee has been appointed to investigate plans for construction of a hospital that will adequately serve this community. Any civic group or organization working on such a project please contact Victor A. Beisler, chairman of the committee.

The financial statement of the Lions club for the year ending June 30, was presented at the Tuesday night meeting and accepted by the membership.

WE DELIVER

Dangerous Corners to Be Studied by County Traffic-Safety Group

An accident prevention project aimed at correcting dangerous conditions at the exact spots where accidents have occurred is under way with the Cook County Traffic Survey and Safety Commission as sponsor and the suburbs as participants.

Each suburban chief of police has been asked to designate the three intersections in his town which had the worst accident records in 1952. The commission will send traffic engineers to the scene to study and recommend means of eliminating hazards.

In many instances an intersection can be improved quickly and at little or no cost. It may be that shrubbery interferes with driver vision, signs are badly placed, painted traffic lanes are confusing or some other condition that has escaped attention is contributing to the situation.

Where both highways involved are under county jurisdiction, corrections can be made immediately. Where one or both are state highways, cooperation of state authorities must be sought.

However, the fact that attention is being centered on locations with bad accident records and an effort made to correct conditions will have good effect. A natural consequence is that both police and public will be on guard, and it may not be too much to hope that civic pride will operate to lower the accident toll.

Here are the "worst" intersections.

THURSDAY, JULY 23, 1953

Ballet Teacher Ill,

Miss Valerija Riekstina, director of the Arlington School of Ballet, recently underwent major surgery and for this reason has discontinued her summer classes this year. She will, however, resume ballet classes in the fall.

Miss Riekstina wishes to thank all her students for their concern. She said their interest helps brighten her days of convalescence at her home in Maywood.

Alfred Martin specializes in CUTTING HAIR

The basis of every pretty head is the shaping and the cutting. (Any woman can shampoo her hair . . . some can set it, if it's been carefully shaped and cut first.) But the woman who cuts and shapes her own hair is a rarity!

Only an expert can do this — and Alfred Martin welcomes you to his studio where he and his assistants work deftly and precisely as sculptors — tapering and modeling your hair into beautiful lines.

So, do certainly have your hair cut and shaped at Alfred Martin Salon. And know it's being cared for by the skilled hands of an artist.

Phone for an appointment soon.

Sewing Susies 4-H Club

The Sewing Susies 4-H club of Arlington Heights met at the home of Nancy Mees recently.

Demonstrations were given by Janice Clausing, Myra Clausing and Brenda Rudolph. Talks were presented by Judy Ahmer, Janice Clausing and Bonnie Jensen.

A committee was appointed to plan a tour to a place of business connected with 4-H work. Committee members are Doris Rudolph, Lynn Rodewald and Barbara Kay.

The Sewing Susies will hold their local achievement night at St. Peter Lutheran school July 27 at 7:30 p. m. The fashion review and program will be held in the new gym. Refreshments will be served in the new cafeteria.

After judging the finished garments, refreshments were served by Nancy Mees.

Zimmerman Now Full Time Real Estate Man

Dave Zimmerman, who has been the General Manager of E. W. A. Rowles Company, Arlington Heights, for a number of years, recently resigned that position to devote his full time to the real estate business. He has been associated with Charles H. Wilson, Realtor, at 314 S. State rd since last September on a part time basis.

Zimmerman brings with him a wealth of experience and management ability. He is also serving his third year as village trustee, where he has obtained broad knowledge of village affairs. Wilson says he is extremely fortunate to have a man with such outstanding capabilities to head his office organization.

Realty Firm Reports Sales Surpass 1952

The first six months of the year surpassed both in number of sales and dollar volume the corresponding period of last year, according to Clarence A. Hendrickson of the office of Willson & Florence, realtors.

The first half of this year the firm sold 30 properties with a total dollar volume of $39,100 compared with 27 properties for $512,800 sold the same period last year, showing an increase of approximately 5.2% in volume and 10% increase in number of properties; indicating the activity has been in slightly lower priced housing.

* * *

THE DEMAND for popular priced homes continues in spite of the fact that the interest rate on veterans loans was recently increased from 4% to 4½%; FHA loans from 4¼% to 4½% plus the ½% insurance; consequently the interest rates by a number of mortgage firms on conventional loans have been raised from 5% to 5½%. However, the 5% loans are still obtainable in many instances.

Mortgage committments continue to remain high so it is unlikely that the prices of homes will change to any noticeable degree, especially for the remainder of this year.

* * *

SOME OF THE more recent sales handled by Willson & Florence are as follows:

The Wm. S. Hemsley family of Brant Beach, N. J., will be moving into the Lou Ray home at 707 N. Highland. The Rays plan to move to Evanston. Mr. Hemsley is with the Simonds Abrasive Company, Chicago.

Lt. and Mrs. Paul F. Stephenson recently moved into the Cmdr. and Mrs. Wm. W. Hall residence at 907 N. Illinois. The Halls were transferred to California and are now residing in Long Beach where they purchased a home. The Stephensons formerly lived at 543 N. Kaspar.

* * *

THE PETER E. MAY family of Madison, Wis., recently purchased the John J. O'Brien property at 339 Windsor Drive. The O'Briens will be moving to Chicago. Mr. May is associated with the publishers of the Farm Journal in Chicago.

M. June Hoffman, owner of the Barrington Rest Home purchased the Fred W. Maier property on Rte. 53, Palatine.

The Robert E. Nickerson family of Waukegan recently moved into the Peter W. Petersen home at 123 Williams ave., Arlington Crest. Mr. Nickerson is associated with the Pet Milk Co. of Arlington. Mr. and Mrs. Petersen have moved to California.

The Frank N. Precilios of Philadelphia have moved into the former residence of James C. Bos at 739 S. Dunton. Mr. and Mrs. Bos have purchased a home in Kansas City, where he was transferred early this spring. Mr. Precilio is associated with the Wolf Bros. Co., manufacturers of paper products.

Herman L. Berthold Jr. purchased the James F. Rogers home at 746 S. Highland. The Bertholds came here from Chicago.

* * *

THE E. L. JOHNSON family have moved into their new home at 517 S. Evergreen. Mr. Johnson is associated with the Jewel Tea Co., Barrington. They came to Arlington Heights from Fort Worth, Texas.

The Alexander C. Zemeskes of Melrose Park purchased a new home at 320 S. Rohlwing rd., Palatine.

The Dean Curriers of 1022 N. Yale ave. have purchased the Charles C. Rehfeldt property at 933 N. Patton ave. The Rehfeldts are moving into the former P. J. Mors property at 315 N. Pine ave.

Frank W. Kelleys of Fox Lake have purchased the Richard C. Bradford property at 813 N. Harvard. The Bradfords have moved to Beloit, Wis. Mr. Kelley is associated with the Chevrolet Automobile Agency in Fox Lake.

The Erwin H. Brunns of Des Plaines will be moving into the Leo F. Koch property on S. Meacham rd., Palatine. The Brunns operate the Lyric School of Music Dramatics and Dancing in Des Plaines. Mr. and Mrs. Koch purchased a new home in Des Plaines.

Public Notice

Notice of Proposed Change in Gas Schedule

Commonwealth Edison Company (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on July 14, 1953, proposed cancellation of Rider 6—Company Employe Rate.

Such cancellation is proposed to eliminate the application of somewhat lower charges for gas service to its employees. Only standard gas rates will be thereafter available to Company employees.

Further information with respect thereto may be obtained either directly from the Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

Manufacturer Finds Home In Arlington

Mr. and Mrs. Edward F. Elliott became Arlington Heights residents last week. They have purchased the L. Dahlgren home at 408 Bristol lane.

Mrs. Elliott says that she is delighted in Arlington Heights. They had looked extensively for a home along the north shore and also in Hinsdale before 'finding' Arlington Heights, with which she is delighted. They have one child, 3 months old.

Mr. Elliott is a member of the firm of W. B. Elliott Co., dealers in contractors' heavy equipment, which has offices at 111 Washington st., Chicago.

Show Travelogue

It is the opinion of this society editor that Mr. and Mrs. V. Hagenbring, Arlington Heights, have the makings of a travelogue lecture covering Gautemala scenery and customs. Colored movies taken by them on a trip to that country last May were shown Saturday evening to a few friends gathered at the home of Mr. and Mrs. Richard Brownell, 403 N. Douglas.

While Mr Hagenbring operated the projector, stopping it as especially interesting scenes appeared, Mrs. Hagenbring told the story.

The evening was completed by the showing of Mexican, Venezulian and Trinidad movies that had been taken by the Brownells on a plane trip to those climes.

TWO STORES

Park & Shop, Mt. Prospect

29 S. Prospect, Park Ridge

CIRCLING THE TOWN
BY PHYLLIS KNIGHT

Those who have seen the past parades the members of the VFW term "gigantic" know that this is true. They have been spectacular, lengthy and colorful. Members of the post promise that this year's — to be held Sunday afternoon rain or shine — will outdo the others.

The parade will form at the high school and continue on a route that includes railroad park, north of the tracks, to the stub entering Recreation park.

Every one is welcome to enter the parade, but the public interest will be centered on the many visiting drum and bugle corps which will also be competing for prizes. The competition will take place in the park.

The festival itself got underway last evening with the usual carnival rides and attractions, but with a difference — this time all booths and rides are staffed by members of the VFW and their auxiliary. Nightly entertainment is scheduled on the grounds, adjoining Recreation park. Members of the auxiliary promise tasty refreshments to their hungry guests.

Proceeds from the festival will help build the group's new clubhouse, to be located at Yale and Northwest highway.

Adults Only

We tried swimming during the "adults only" evening hour at the Arlington pool and found it just fine. From 6:30 to 7:30 p. m. each week night only grown-ups are allowed in the pool (they may, however, bring their under-seven-year-old children), and for once there is plenty of room to swim.

As a matter of fact, if more adults don't turn up for this exclusive swimming period, the program will be terminated. Beginning this week adult swimming lessons are being given during this hour at a cost of $10 for eight one-hour lessons plus a season ticket to the pool.

Baseball Minded

With the Arlington Junior legion ball team doing so well and Little League activity becoming a popular early evening activity for both participants and spectators, local people are rapidly becoming baseball minded.

The Legion team, the Poole Fords, coached by Lloyd Meyer, have entered the semi-final round in the playoffs. They played their first game of the round Wednesday evening against Berwyn.

Arlington Little League, under the chairmanship of Lloyd Taylor, has organized six teams of 9 to 12 year olds, playing this year on a geographical basis. The teams, representing northeast, central and west, and South east, central and west sections have been outfitted with baseball caps and tee-shirts depicting the major league team for which they are named.

The boys play Monday through Thursday nights beginning at 6:30 p. m. on the special diamond at Recreation park.

Announce Engagements

Donna Hayford

The engagement of Miss Donna May Hayford to Robert Charles Krull, son of Mr. and Mrs. Arthur Krull of Algonquin rd., Des Plaines, has been announced by her parents, Mr. and Mrs. Ralph Hayford of S. Plum Grove rd., Palatine.

Mr. Krull has returned to the naval base at Norfolk, Va., but he expects to be released from the service within a month.

Patti Ryden

Mr. and Mrs. Roger Ryden, 1119 N. Harvard ave., Arlington Heights, are announcing the engagement of their daughter, Patti, to Robert Hoffman, son of Mr. and Mrs. Howard Ball of Daytona Beach, Fla.

Miss Ryden is a member of Pi Beta Phi sorority and her fiance is a member of Tau Kappa Epsilon fraternity. Both attended the University of Illinois.

An early fall wedding is planned.

Lou McDougall

Miss Lou McDougall's engagement to Airman Third Class Earnest Cullum, son of Mr. and Mrs. Earnest Cullum of Shady Dale, Ga., is being announced this week by her father, Earl McDougall, 206 S. Evergreen ave., Arlington Heights.

No date has been set for the wedding.

Bride Elect

Mr. and Mrs. Wilbur K. Dodge, 306 N. Pine ave., Arlington Heights, announce the engagement and approaching marriage of their daughter, Shirley Ann, to Romeo A. Girard, son of Mr. and Mrs. Leo Girard of Auburn, Maine.

The groom-to-be is a petty officer third class in the navy.

The wedding will take place July 25 at Sacred Heart Catholic church, Auburn, Maine. After the marriage the couple will make their home in Norfolk, Va., where Mr. Girard is stationed.

Grace Markstrom

Mr. and Mrs. Carl V. Markstrom, 602 E. Park st., Arlington Heights, are announcing the engagement of their daughter, Grace, to David H. Bealer of Winslow, Ariz.

No date has been set for the wedding.

Elaine Schwolow

Mr. and Mrs. Arthur Schwolow announce the engagement of their daughter, Elaine Louise, to Lou Dochterman, son of Mr. and Mrs. Louis Dochterman, 5114 W. Grace st., Chicago.

The bride-elect was graduated from Palatine high school and is presently employed as assistant to the village clerk of Palatine. Mr. Dochterman was graduated from the Chicago Conservatory of Music and Northwestern university. He is now teaching music at Glenview and Palatine.

The wedding will take place in November.

Sara Lou Ackley

Mrs. Allan A. Ackley, 316 S. WaPella, Mount Prospect, is announcing the engagement of her daughter, Sara Lou, to Thomas J. Young Jr., son of Mr. and Mrs. Thomas J. Young Sr. of Portland, Oregon.

The Young couple are both stationed at Hickman Field, Hawaii.

Miss Ackley was graduated from Arlington Heights high school, and attended Iowa Wesleyan college for one year. She has been in the Women's Air Force for a year and a half.

Vera Zinkel Is Now Mrs. Harold Barrett

Community Camera

In a simple ceremony July 18, Miss Vera Zinkel, daughter of Mr. and Mrs. Edward Zinkel, 114 Elm st., Mount Prospect, became the bride of Harold Barrett of Des Plaines.

Rev. J. E. A. Mueller officiated at the double ring, candlelight ceremony held at 7 o'clock at St. Paul's Lutheran church, Mount Prospect. Rev. Mueller also officiated at the bride's baptism and confirmation.

Mrs. Donald Frietag sang "Through The Years" and "The Lord's Prayer" accompanied at the organ by Elmer Jackisch, who played bridal selections preceding the ceremony. Bouquets of white mixed flowers decorated the altar.

The bride wore a princess style gown of ivory skinner slipper satin. Her veil of French silk illusion, edged with French nylon lace, was held in place by a beaded coronation style tiara. The bride carried white glamellias and stephanotis on a white satin covered prayer book. Because of the illness of the bride's father, she was given in marriage by her uncle, John C. Bornhoff.

Mr. and Mrs. Robert Schwankoff of Palatine were the couple's attendants. Edward and Wilbert Zinkel, brothers of the bride, were the ushers.

Mrs. Schwankoff wore a gown of pink nylon net over taffeta fashioned with a net stole. She carried a bouquet of yellow roses.

The bride's mother wore a navy blue crepe dress with a corsage of white gardenias.

Following the ceremony a reception for 150 guests was held at the Lutheran school basment. Members of the Ladies Aid served, and Mrs. Louis Bornhoff and Mrs. E. C. Hulslander poured.

After their honeymoon the couple will make their home at 153 Coolidge ave., Libertyville. The groom is employed at the Bornhoff Dairy in Wheeling.

Favorites for Flavor

By LOIS SEILER

Rich Date and Nut Cookies and a delicate Sunshine Cake are favorites of Mrs. Donald Giese of 120 S. Walnut, Arlington Heights.

The recipe for the Date and Nut cookies has been in Mrs. Giese's possession for many years, and makes an exceptionally delicious cookie. That they are rich can be evidenced by the ingredients, which include butter and three to four eggs.

The high, light and finely-textured Sunshine Cake calls for nine eggs. It is lightly-flavored with orange and lemon extract. The cake itself is so good that it doesn't need a frosting, and Mrs. Giese just sprinkles it with sifted powdered sugar.

The contributor of these excellent recipes successfully combines homemaking with a career. She is employed by the Lorraine-Anne shop in Arlington Heights and is a member of the American Legion Auxiliary.

The Gieses have a daughter, Pamela, who is 10 years old. Pamela will enter fifth grade at the South school this fall.

Date and Nut Cookies

1 cup butter
1½ cups brown sugar
3 or 4 eggs, well beaten
3 cups flour
1 tsp. baking soda
1 cup chopped pecans
1 pkg. dates, chopped

Cream the butter and sugar and add the well-beaten eggs.

Sift the flour and baking soda together and add to above mixture.

Lastly mix in the chopped nuts and dates.

Bake the cookies 12 to 15 minutes in a 375 degree oven.

Sunshine Cake

9 eggs
1½ cups sugar
1½ cups sifted cake flour
½ tsp. salt
1 tsp. cream of tartar
1 tsp. orange extract
1 tsp. lemon extract

Separate eggs. Beat whites until stiff but not dry with salt and cream of tartar. Add sugar gradually.

Beat yolks with extract until thick and lemon-colored. Then add to egg-white mixture.

Add flour, beating only long enough to thoroughly combine ingredients.

Pour into an ungreased tube pan. Place in cold oven and bake at 325 degrees one hour and 20 minutes.

Remove from oven and invert for 1 hour or until cold. Remove from pan, loosening with spatula.

Sprinkle with sifted powdered sugar.

Stork Feathers

Mr. and Mrs. Raymond Landwehr, Mount Prospect rd., Des Plaines, are parents of their first child, a son, David Raymond, born July 4 at St. Francis hospital, Evanston, weighing 7 pounds. The baby's grandparents are Mr. and Mrs. William Moellenkamp of Des Plaines and Mr. and Mrs. Louis Landwehr of Bensenville.

* * *

Parents of their first child, a daughter, Deborah Lu, are Mr. and Mrs. Ernest Leichsenring, 7 W. Eastman st., Arlington Hts. The baby was born July 15 at Evanston hospital and weighed 7 pounds, 13 ounces. Mr. and Mrs. William Jensen of Chicago and Mrs. Elsie Leichsenring of Amana, Iowa, are the grandparents.

* * *

Mr. and Mrs. Jack McGrath, 701 N. Vail ave., Arlington Hts., announce the birth of their second son and third child, Patrick Joseph, born July 13 at St. Francis hospital, Evanston, weighing 8 pounds, 2 ounces. The baby has a sister, Janet Lea, and a brother, Timonthy John. Mr. and Mrs. Wilfred Donlea of Arlington Hts. are the grandparents.

* * *

Mr. and Mrs. Chesley Rapp, 1212 W. Northwest hwy., Arlington Heights, are parents of a daughter, Cynthia Lee, born July 11 at Westlake hospital, Melrose Park, weighing 8 pounds, 15 ounces. She has a sister, Cherry Lynn, who is 5½ years old. Mr. and Mrs. Albert Zimmer of Bellwood and Mr. and Mrs. Earl Rapp of Tucson, Ariz., are the grandparents. Mrs. Lucy Rapp of Arlington Heights is the great grandmother.

Douglas Gains Recognition As 'The Street Of Queens'

LAURA FRITZ FISHER

CAROL HOFFIE

DARLENE MAIERHOFER

BONNIE PETERSON

ALICE SIMROE

When Miss Darlene Maierhofer was elected Freedoms Queen at the Legion carnival July 4, it was called to the attention of this writer that five girls, all residents of N. Douglas st., have reigned as queens of local activities in Arlington Heights.

The girls pictured above are: Laura Fritz Fisher, Carol Hoffie, Darlene Maierhofer, Bonnie Peterson and Alice Simroe.

MISS FRITZ, who is now Mrs. Alvin Fisher, is the daughter of Mr. and Mrs. W. Edward Fritz, 301 N. Douglas ave. Laura was Prom Queen at Arlington Heights high school in 1950. After graduation she attended McMurray College for Women in Jacksonville, Ill. She spent the summer after her freshman year in college as a counselor at an eastern camp. It was here that she met Mr. Fisher, who was also a counselor that summer. They were married in June, 1952, and this June Dr. Fisher was graduated from Temple Medical school, Philadelphia, Pa. He is now an intern at Western Pennsylvania hospital, Pittsburgh, where the family is now making their home. They have a daughter, Kathy.

CAROL HOFFIE is the daughter of Mr. and Mrs. Ralph Hoffie, 645 N. Haddow ave., former residents of 312 N. Douglas ave. When a freshman at Arlington Heights high school, Carol was elected High School Carnival Queen. At this time she lived on Douglas st. This June Carol again reigned as Queen, Queen of the Prom. Carol is working for the summer and plans to attend the University of Illinois, where she is pledged to Pi Phi social sorority.

DARLENE MAIERHOFER, daughter of Mr. and Mrs. Ray Sander, 304 N. Douglas ave., was recently elected Freedoms Queen at the American Legion carnival July 4. Miss Maierhofer was graduated from Arlington Hts. high school this June and is now employed as a secretary for Hornblower and Weeks, stockbrokers in Chicago.

BONNIE PETERSON, who graduated from high school in 1950, was Homecoming Queen in 1949. The daughter of Mr. and Mrs. Arthur Peterson, 207 N. Douglas ave., she attended Monmouth college, Monmouth, Ill., for two years. She won the Tau Pi cup for being the most outstanding freshman woman at Monmouth, and in her sophomore year she was a cheerleader and director of the water ballet. Last summer she conducted the water carnival at the local pool.

She spent her third year studying at Geneva, Switzerland, for one semester. For the next three months she toured 13 European countries. Bonnie returned from Europe several weeks ago and is now attending National College of Education in Evanston. She will attend the University of Illinois in the fall, and upon graduation will be a kindergarten teacher.

ALICE SIMROE, the daughter of Mr. and Mrs. Theodore Simroe, who reside at the corner of Douglas and Euclid ave., was high school Prom Queen in 1951. While in high school she was drum majorette of the high school band for three years and during this time won many state prizes for her twirling. Alice attended National College of Education in Evanston for one year and is now enrolled at the University of Mississippi, where she will enter her junior year this fall. Alice, who is working this summer, is majoring in education and physical education.

Anniversaries

Marjorie Peters And Raymond Luther Wed

Baskets of white gladioli and candelabra entwined with greens and ivy formed the setting for the marriage July 11 of Miss Marjorie Helen Peters, daughter of Mrs. Ray A. Peters Sr., 1215 Webster lane, Des Plaines, and the late Ray A. Peters Sr., and Raymond C. Luther, son of Mr. and Mrs. Clarence B. Luther of New Lenox, Ill.

Rev. Edwin I. Stevens officiated at the candlelight ceremony held at 2:30 p. m. at the South Church, Mount Prospect. Mrs. Gordon S. Harry was the soloist and Prof. Theodore Lams was the organist.

The bride wore a gown of chantilly lace over skinner satin fashioned with long pointed sleeves. Pleated nylon tulle crossed the shoulders and formed a V neckline. The bottom of the full lace skirt was finished with two layers of pleated nylon ruffles, which were fashioned to give an apron effect in the rear, and the bottom ruffle flared out to form a chapel train. Her illusion veil was held in place by a small crown headpiece of lace and seed pearls, which the bride, herself, made. The bride carried a bouquet of stephanotis and ivy. She was given in marriage by her brother, Ray A. Peters Jr.

Miss Dorothy Heidorn of Arlington Heights was the maid of honor. She wore an orchid organdy ballerina length gown fashioned with a bertha collar and full skirt. The collar was fastened at the waist with a wide purple velvet belt. Her orchid face veil was fastened in back with purple ribbon and a small group of rose buds and larkspur. She carried a colonial bouquet of deep pink roses surrounded by purple larkspur matching the belt of her gown.

Miss Kathy Shanklin of Arlington Heights was the bridesmaid. Her gown and flowers were identical to those of the maid of honor.

Linda Kadlec of Mount Prospect, the flower girl, wore a dress of white organdy with a purple velvet belt that was a copy of the gowns worn by the other attendants. She carried a small replica of a colonial bouquet.

James Luther, brother of the groom, was best man. Ushers were Lester Luther, brother of the groom, and Louis E. Balbinot Jr., brother-in-law of the groom.

For her daughter's wedding, Mrs. Peters wore an embroidered blue-gray shantung dress with matching shoes and veil, pink accessories and a corsage of rhubrum lilies. The groom's mother wore a light blue nylon print dress over aqua taffeta with white accessories. She also wore a corsage of rhubrum lilies.

A reception for 100 guests was held immediately following the ceremony in the fellowship hall of the church.

After spending a few days at Lake Delavan, Wis., the couple will stop in Missouri and Dallas, Texas ,on their way to Phoenix, Ariz., where they will make their home.

The bride attended the University of Illinois and Illinois State Normal university at Normal. The groom was graduated from the University of Illinois and is currently in business in Phoenix. —Robert Photo.

Reserve Tickets Now For Annual Music Festival

The twenty-fourth annual Chicagoland Music Festival, sponsored by the Chicago Tribune Charities, Inc., will be held August 22 at Soldiers' field, Chicago, at 7:30 p. m.

The program will be presented by a cast of 8,000 men, women and children.

All seats will be reserved and are priced at $1.50 tax included. Orders should be mailed to Ticket Manager, Chicago Tribune Charities, Inc., Tribune Tower, Chicago, Ill. Checks should be made payable to Chicago Tribune Charities, Inc., and all orders should be accompanied by a self-addressed, stamped envelope. For 10 or more tickets, add 35 cents for registered mail.

Baptized

Wayne Martin Kleiner

Wayne Martin Kleiner, son of Mr. and Mrs. Wayne Kleiner, State and Davis, Arlington Hts., was baptized at St. Peter Lutheran church July 19. Rev. L. V. Stephan officiated.

Mr. and Mrs. Eric Weber of Elmwood and Robert Hansen of Chicago were his sponsors. Dinner for the grandparents and sponsors was served following the ceremony.

Sandra Lee Nawrot

Also baptized at St. Peter Lutheran church Sunday was Sandra Lee Nawrot, daughter of Mr. and Mrs. Leroy Nawrot, 216 Hickory ave., Arlington Heights. Rev. L. V. Stephan performed the ceremony.

Mrs. Evelyn Wickman of Arlington Heights and Mrs. Jeanette Nawrot of Chicago were the sponsors. Mrs. Kurt Stoeckel of Arlington Heights, the baby's grandmother, held her during the ceremony.

Following the ceremony a picnic supper was served for 26 relatives and the sponsors.

Margaret Jeanne Riley

Margaret Jeanne Riley, infant daughter of Mr. and Mrs. Thomas Riley of Arlington Heights, was received into membership of St. John's Evangelical and Reformed church through the sacrament of baptism July 19.

Pastor William F. Kamphenkel officiated at the ceremony.

Harold Durland To Preside At Gladioli Lecture

Harold C. Durland of Mount Prospect, former president of the Illinois Gladiolus society, has arranged and will preside at a lecture and demonstration on "How to Use Gladiolus to Decorate the Home" at the Chicago Horticultural society, 116 So. Michigan ave. at 2 p.m., July 29.

Admission to the lecture is free and it will feature Mrs. Evelyn Rohde of Maywood, well known authority on flower arrangements, who will give her entire demonstration will gladiolus flowers.

Watermelon Social July 29

The Young Adults of St. John's Evangelical & Reformed church, Arlington Heights, will hold a watermelon social on the church grounds July 29 from 7:30 to 9:30 p. m.

If it rains, the social will be held inside.

Joan Dodge, Henry Holtorf Repeat Vows

Mr. and Mrs. Wilbur K. Dodge, 306 N. Pine ave., Arlington Heights, announce the marriage of their daughter, Joan, to Henry Holtorf, son of Henry Holtorf of Chicago.

The wedding took place June 19 at 11 a. m. at St. Bernard's Catholic church in Wickford, R. I. Father Davey officiated at the ceremony.

The couple honeymooned in the east.

The groom is a petty officer third class in the navy.

Lorraine Sargent Becomes Bride In New Mexico

Miss Lorraine Sargent became the bride of Travis Spurgeon Brown at a 7:30 p.m. ceremony performed at her home, 303 W. Skelly st., Hobbs, N.M., July 5. Judge James Bensing read the nuptial service.

The bride is the daughter of Mr. and Mrs. John J. Sargent, 11 N. Elmhurst rd., Prospect Heights. The groom's mother is Mrs. James R. Brown of Hobbs, N.M.

A white silk shantung suit with a white lace hat and white accessories made up the bride's costume, and she carried a bouquet of carnations.

Her maid of honor, Miss Johnann Starling, wore a coral shantung dress and white accessories and carried white aster lilies.

Woodrow Cheves was best man.

A reception for 25 guests was held at the bride's home. The couple came to Prospect Heights to visit with the bride's family on their honeymoon.

Mrs. Brown has been teaching in the primary grades in Hobbs for the past year. Prior to that she was the kindergarten teacher in the Prospect Heights school.

Marjorie Ford Wed In California

Mr. and Mrs. Russell Ford, 1100 E. Rockwell ave., Arlington Heights, announce the marriage of their daughter, Marjorie Ann Ford, to John Weiland of San Francisco, Cal.

The marriage took place in San Francisco July 11.

Laverne Krajecki And Louis Schuttner Wed

Miss Laverne Elizabeth Krajecki, daughter of Mr. and Mrs. Phillip Krajecki, 6819 W. Talcott ave., Norwood Park, and Louis Matthew Schuttner Jr., son of Mr. and Mrs. Louis Schuttner Sr., 311 E. Elmhurst ave., Mount Prospect, were married July 18 at Immaculate Conception church, Norwood Park, at 10 a.m.

Rev. Benet, C. P., officiated at the ceremony. Mrs. Esther Wolfes Dennis sang "Ave Maria," "Panis Angelicus" and "Oh Sweet Mother." White gladioli and white carnations decorated the church.

The bride wore a white gown of satin and lace fashioned with a long train. Her fingertip length veil was held in place by a sweetheart crown. The bride carried a boujuet of white roses and lilies of the valley on a white prayer book.

Miss Mary Jane Panczak was the maid of honor. She wore a gown of white eyelet over orchid taffeta and carried a bouquet of yellow roses with an orchid center.

Miss Shirley DeJohn and Miss Lorraine Krajecki were the bridesmaids. Their gowns were identical to that of the maid of honor, and they carried bouquets of yellow roses.

Paula Lee Dennis, the flower girl, wore a white eyelet gown over yellow and carried a basket of baby orchids.

Carl Guercio of Morton Grove was the best man. William Abernathy of Evanston and Richard Rokosz of Barrington were the ushers.

A reception for 160 guests was held following the ceremony at the Park Ridge South Park field house.

Following a honeymoon in Florida, the couple will make their home at 906 S. Elmhurst ave., Mount Prospect.

Music Group Garden Party In Arlington

Music celebrities and their friends will attend an informal garden party at the home of

VESS DURO

Vess Duro, Arlington Heights, July 26 to stimulate the rebirth of grand opera in Chicago.

Invitations have been sent by Mary Wickerham, president of the Mid-West Music Foundation, John Gabrial, president of the recently formed Chicago Friends of Music, and Vess Duro, vice president of the latter organization.

Cocktails will be served from 3 to 7 p.m. at the home of Mr. Duro, 776 S. Belmont lane, Scarsdale Estates, Arlington Heights.

Among members of the Mid-West Music Foundation are Mary Wickerham, president, Mr. and Mrs. Percy B. Eckhart, Mr. and Mrs. Winfield Alberts, Mrs. Alma K. Anderson, Hubert S. Conover, Rudolph Ganz, Mme Nelli Gardini, Mrs. William Sherman Hayy, Mrs. Walter A. Krafft, Mr. and Mrs. Howell W. Murray, Ralph Norton, Dr. and Mrs. Eric Oldberg, Mr. and Mrs. Edward L. Ryerson, Leonard Spacek, Edgar J. Uihlein and Mr. and Mrs. H. B. Vanzwoll.

Officers and directors of the Chicago Friends of Music are John Gabriel, Richard Mazer, Vess Duro, Dorothy Anne Smith, Marion Vaughn, Laura Palmer, Cope Sholler, Edith Randau, Thomas Cooke, Phillip Miller, Nicholas Gannam, John Wells, John Stobbe and Lois Corbeil.

Miss Wickerham and the Chicago Friends of Music have been in close cooperation during the winter working toward the re-establishment of grand opera in Chicago. They tentatively plan a fund-raising opera concert this winter.

The Mid-West Music Foundation presently sponsors the Orchestra Hall Twilight series, the Schubert Memorial concert, the Musical Arts Piano series, the Fine Arts Quartet of the American Broadcasting Company, and the Winnetka Concert series.

The non-profit Chicago Friends of Music was chartered in December of last year in support of the Mid-West Music Foundation, to advance the profession of music in Chicago and to aid the careers of Chicago and Mid-West musicians.

This group is currently conducting a membership drive. Membership for one year is $12.50 and entitles members to discounts and privileges in connection with events sponsored by the Mid-West Music Foundation. Information may be had from The Chicago Friends of Music, 224 S. Michigan, Webster 9-5833. (B4

Girl Scouts T-Shirts On Sale

The Northwest Cook County Girl Scout office, 38 N. Broadway, Des Plaines, has T-shirts with the wording, "Camp Pine — Arlington Heights," for sale for 75 cents.

They may be obtained at the office, which is open from 9 a. m. to 4 p. m. Monday through Friday.

SHOPPING with SHARON

There's nothing like an unusual piece of jewelry . . . it makes the oldest dress look bright and new again. And don't you love to have someone say, "Where did you ever find such a lovely necklace?" **The Bounty Fair on Northwest hwy. in Palatine** has received a new shipment of the most unique and attractive jewelry I've seen in a long time. There are gold, silver and bronze nylon braided necklaces, white necklaces with colored polka dots, white corded jewelry and hand made porcelainized necklaces . . . all the necklaces have matching earrings and many have matching bracelets.

Also new at the Bounty Fair are hand made small **ceramic French poodles** . . . in all positions, black and white and even Daphne's pink poodles. They're priced at $2.50 each.

* * *

I have always believed that if a woman's hair looks untidy or unbecoming, her whole appearance is automatically impaired. At Arlington Heights Pharmacy I came across a little booklet, "Five Coolest Heads of Summer," by Helena Rubinstein. This pamphlet gives a four point plan to make your hair your crowning glory . . . gives exact directions down to the last pincurl on how to achieve five hair styles, all convertible to your own features . . . even has a complete color chart for coloring hair. The booklet is marked 35 cents, but Mr. Harris, the proprietor, said that those who request it will receive a copy free while they last. Get yours today!

The new Better Homes and Gardens Cook Book is now available at Arlington Heights Pharmacy. It's filled with loads of recipes, all catalogued and easy to find. There's even a special section for jiffy meals and the book is expandable . . . you can quickly insert any recipe you see in the magazine.

* * *

Probably no other group has contributed so richly to the early American Folk arts as the Pennsylvania Dutch. Their love of ornamentation was reflected in their daily lives. Furniture, chests and various utensils were hand made and decorated with gaily painted birds, flowers, angels and other characteristic designs. Today there is great interest in reproductions of these designs, and at **Aunt Pansy's,** The House with the Red Door, 115 N. Dunton ave., you'll find a collection of **Pennsylvania Dutch bridge tallies, score pads, note paper and greeting cards.** They portray picturesque customs still to be found in the Pennsylvania Dutch country. There is even a booklet of Pennsylvania Dutch pie recipes priced at merely 35 cents.

* * *

Sometimes one is disappointed in these super-duper sales, for frequently there doesn't seem to be anything one really wants on sale. Well, if you're looking for a sale on sportswear for women and children, stop at **Pearce's** at the corner of Chicago and Bothwell ave. in Palatine, and you won't be disappointed. Stop today or tomorrow, for they are selling all their sportswear at 1/3 off. There are shorts, pedal pushers, T-shirts, bra-tops, etc. The selection is good, but don't wait too long.

Water Pageant, Lions Olympics On Park Program

Two big events are scheduled to climax the summer program at Recreation Park, Arlington Heights, the first of which is a water pageant to be held August 5, and the other the Lions Olympics, set for August 12.

* * *

THE PAGEANT, which will be a fete of synchronized swimming, is entitled "Music From Above," and all numbers will be based on tunes telling about the sky. Miss Phoebe Ann Ellis, director, said that nearly 50 girls will participate in the colorful show, which will begin at 8:30 p.m.

In addition there will be professional diving and swimming exhibitions, as well as comedy acts, which are in charge of Art Holland, swimming director. For the first time a junior water ballet will be presented by girls 10 to 12 years of age.

The girls started rehearsing for the show June 18 and they swim three hours a day, five days a week, so one can expect to see a really professional show the night of August 5.

* * *

THE LIONS Olympics are an annual affair in Arlington Heights, this being the third year it will be presented. Open to boys and girls of elementary school age it will feature a wheel parade and athletic events, including the 40 yard dash, base running, baseball throw, broad jump, swimming championships, tennis, croquet, shuffleboard, horseshoes, free throw and softball.

Articles made by the handicraft classes, which are part of the summer program at Recreation Park, will also be displayed. Trophies, Medals and ribbons will be awarded in all events. The Olympics start at 1 p.m., August 12.

Notice of Public Hearing

By Zoning Board of Appeals

Notice is hereby given that a public hearing will be held on Monday, August 3, 1953, at 8:00 o'clock Central Daylight Saving Time in the Municipal Building, 101 West Davis Street, Arlington Heights, Illinois, on a petition to rezone a piece of property from its present classification as Residential District "A" for single family dwelling to a Residence District "B" Multiple Family dwelling.

The property to be considered is legally described as follows:

The W ½ Lot 10 — County Clerk's Division of Lot 3 Dunton et al Subdivision

S. W. ¼ — N. W. ¼ — Sec 29 — T 42N. — R11 E.

The foregoing property is commonly known as 14 East Euclid Street, in the Village of Arlington Heights, Illinois. All persons interested will be given an opportunity to be heard.

Two Persons Injured In Arlington Accident

Two persons were injured in an auto accident at the intersection of Chestnut and Hawthorne, Arlington Heights, last Friday. Ben Koeppen, 1006 N. Chestnut, was traveling north on Chestnut when he collided with an auto driven by Evelyn N. Lavin, which was traveling east on Hawthorne.

The impact caused Koeppen's car to crash into a telephone pole and spun the Lavin auto halfway around. Koeppen suffered a head injury and was taken to St. Joseph hospital, Elgin, for treatment. Mrs. Lavin received a bruise on her left knee. Both cars were badly wrecked.

Arlington police also investigated a theft at the R. Lind home, 1106 W. Elm. Mrs. Lind reported that change purse containing $4 in bills and $4 in change, and a Russwin lock key was taken from her home.

Another stolen bike was also reported by W. Gerken, 718 N. Vail. He told police his son had ridden the bike to Recreation pk. to watch a ballgame. He returned to the bike stand 10 minutes later, as the ballgame had been called off, and his bike was gone. He also had a Phil Cavaretta glove, valued at $15, attached on the bike handlebars.

The bike was a Ranger, 26 inch model, and was without horn or lights. Chief of police, Carl H. Skoog, said that many bikes have been stolen this summer, but most of them are returned to the owners, especially those that have bicycle licenses.

Attention Ladies!
Who Do Their Hair At Home

This is an answer to Mrs. C. V.'s question: "Where can I get a hair cut without embarrassing questions asked — or operator frowning at me because I permanent my own hair?"

I, Helen Coet, answer:
"Right at Helen's Beauty Salon. We're ready to serve you. No questions asked. No embarrassment. Just relax and have your hair cut to the style you like by our trained staff."

Mt. Prospect Girl to Represent Arlington at Future Homemakers Meet

Marilyn Behrens, daughter of Mr. and Mrs. Frank Behrens, Mt. Prospect, has been selected by Section 20 of the future homemakers of America as the delegate to the Illinois state leadership training conference. This conference is scheduled at East Bay camp, Lake Bloomington, July 27 to 31.

Marilyn is a junior at Arlington Heights high school and is president of her section. Marilyn's special responsibility at the conference will include acting as state song leader.

Approximately 550 delegates and 35 counsellors from future homemakers chapters throughout Illinois will attend the conference.

Rev. F. L. Gehrs Marks 50 Years As Minister

REV. FERDINAND L. GEHRS

Rev. Ferdinand L. Gehrs, pastor of St. John Lutheran church, Elk Grove for 40 years, celebrated the fiftieth anniversary of his ordination July 19 at a special service conducted at the church at 3 p.m.

Rev. Gehrs was ordained at St. James church, Chicago, his home congregation as well as that of his wife. His first charge was in North Dakota, where he served various congregations for 10 years. He came to his present church in March 1913.

He was married in Chicago in 1905 and is the father of four boys and four girls. Two of his sons are ministers and the other two are teachers in Lutheran schools. His children are Gerhard, a minister in Crystal, N. Dak., Walter, a minister in Kramer, N. Dak., Carl, who teaches in York Center, Ill., Martin, who teaches in Frankenmuth, Mich., Margaret of Farmington, Mich., Gertrude of Anamoose, N. Dak., Ruth of Tinley Park and Pauline, who resides with her parents. All the children were present at the anniversary celebration. Rev. Gehrs has 20 grandchildren.

After granduating from Concordia college in Milwaukee, Rev. Gehrs continued his studies for the ministry at Concordia Seminary, St. Louis, Mo.

He retired several years ago after serving as secretary of the Northern Illinois District Lutheran church, Missouri Synod, for 25 years.

After the service at the church the Ladies served supper and presented Rev. Gehrs with a Bible. The church gave him a cash donation and the Couples club presented him with a gold watch. The choir provided the chain for the new watch. (B4

Attorney for Railroad

William J. Fremon, 405 S. Benton, Palatine, and Robert W. Russell, Oak Park, were appointed general attorneys of the Chicago and North Western railway.

Both Fremon and Russell served overseas during World War II, the former with the military railway service and the latter as a navigator in the 15th air force. In 1948, both men were graduated from Northwestern university law school and shortly thereafter were appointed attorneys in the law department of the North Western railway.

Mrs. Kamphenkel Presides At Guild Conference

Mrs. W. F. Kamphenkel, wife of the pastor of St. John's Evangelical and Reformed church, Arlington Heights, and president of the North Illinois Synod Women's Guild, is chairman of the Women's Guild conference, which is being held this week, July 21 to July 24, at Elmhurst college, Elmhurst.

More than 225 women from various states are attending. The theme for the conference is "Christian, Do You See." Classes are being conducted on Christian vocation, prayer, our church at work, local Women's Guild executive board, life and task of church around the world, Spanish speaking and other newly arrived Americans.

Mrs. Verne Buchanan, president of the National Council of Women's organizations of the Presbyterian church, will speak on "Church Women Today" Thursday evening.

The conference will close with a communion service Friday morning.

Reading room hours: Monday through Saturday, 2 to 4 p. m., and Friday evening, 7 to 9 p. m.

CHRISTIAN SCIENCE CHURCHES

It is essential that we actively know, rather than passively believe those spiritual truths that are vital to our health, happiness and complete harmony. How to make this knowledge applicable to daily living will be explained in all Churches of Christ, Scientist, on Sunday, July 26. The subject of the Lesson-Sermon will be TRUTH.

The Golden Text is from Psalms (43: 2,3) "Thou art the God of my strength: . . . O send out thy light and thy truth: let them lead me."

Lesson-Sermon passages from the Bible (King James Version) include:

"I have not hid thy righteousness within my heart; I have declared thy faithfulness and thy salvation: I have not concealed thy lovingkindness and thy truth from the great congregation. Withhold not thou thy tender mercies from me, O Lord: let thy lovingkindness and thy truth continually preserve me" (Ps. 40: 10,11).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"Mortals try to believe without understanding Truth; yet God is Truth . . . It is essential to understand, instead of believe, what relates most nearly to the happiness of being. To seek Truth through belief in a human doctrine is not to understand the infinite . . . The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings" (pp. 312,285).

Surging Power with a Single Purpose

Turning into traffic, you call on the surging reserve of acceleration that set new official AAA performance records for the Red Ram V-8.

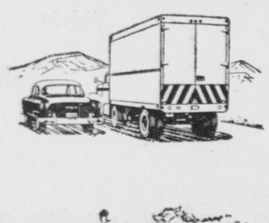

SAFETY!

When you choose a car for your family, you call on your good judgment to obtain every measure of safety.

One safety factor you should certainly consider is the magnificent reserve of power that Dodge provides in the 140-h.p. Red Ram V-8 engine.

This power is there when you need it: For passing, for turning into highway traffic, for crossing intersections.

The cost of safety is very low: Dodge prices start below many models in the "lowest-priced" field.

Passing a truck on the highway, a touch of your toe brings instant, eager response. Dodge power reserve is a great safety factor.

Powerful brakes, capable of developing more than 700-h.p. in stopping power, team up with the Red Ram V-Eight engine to bring you new mastery of every driving situation.

✓ We're out to win new customers. For the best deals and highest trades in town, see or phone us now!

Dodge is the right truck!

Today is the right day!

SEE OR PHONE US NOW!

Pioneer and still leader in sharp turning for fast, money-saving operation!

PROOF THAT DODGE GIVES GREATER VALUE!

Most maneuverable! Dodge trucks turn shorter than other makes to save you time, money. Oriflow shock absorbers on ½-, ¾-, and 1-ton models for easier handling, smoother riding.

7 "Job-Rated" engines **with** 100 to 171 h.p. . . . 3 engines all-new. And of the leading makes, only Dodge gives you floating oil intake, exhaust valve seat inserts, 2 fuel filters, water distributing tube, 4-ring pistons, on all models.

More powerful 1½- and 2-ton trucks than other leading makes.

Advanced dual-primary-type brakes in 1- through 4-ton trucks. Rivetless Cyclebond brake linings. Independent parking brake on all models.

Truck-o-matic transmission with gyrol Fluid Drive, for lowest cost no-shift driving, available in ½-, ¾-ton trucks. Fluid Drive offered in ½-, ¾-, and 1-ton models for smoother traction. Both are Dodge exclusives.

More pick-up, express, and stake body sizes than other leading makes. New ½-ton pick-up with 56-cu.-ft. level load. Better balanced weight distribution for extra payload. *Completely* rustproofed sheet metal for longer life. Best loading heights in the business.

Greater ½-ton-panel payload and cubic capacity.

Obituaries

Mary Patten

Miss Mary Patten, 73, daughter of the late Mr. and Mrs. Charles H. Patten, died in Chicago July 17. Funeral services were held Monday afternoon at Tharp funeral home, Palatine, with burial in the family lot in Hillside cemetery.

Miss Patten was born in Palatine February 21, 1880, where she spent her girlhood.

She graduated from Wells college. Since the death of her mother, she has resided on the Patten place in Lake Zurich.

Her family was one of the early pioneers of northwest Cook county. Her father served as mayor of the village and was instrumental in the construction of many public improvements, including the first water works system, nearly 60 years ago.

There remain her nephew, Charles Patten, and family who reside in the Patten home on N. Benton st.

Ida A. Painter

Funeral services will be held Thursday, July 23, for Mrs. Ida A. Painter, 80, former resident of State and Hintz rds., Arlington Heights, at Lauterburg and Oehler Funeral Home, Arlington Heights, at 2 p. m. Rev. Birger Dahl will officiate. Interment Hillside cemetery, Palatine.

Mrs. Painter died July 20 in Manteno, Ill.

THURSDAY, JULY 23, 1953

Clara Lauterburg

Funeral services were held July 22 for Miss Clara Lauterburg, 68, late of 25 E. Davis st., Arlington Heights, at St. James Catholic church at 10 a.m. Rev. Harold O'Hara was the celebrant. Interment St. Mary's cemetery, Buffalo Grove. Rosary services were held Monday evening by Rev. George Ballweber of St. Mary's church, Buffalo Grove, and Tuesday evening by Rev. Harold O'Hara, pastor of Our Lady of the Wayside Catholic church, Arlington Heights.

Miss Lauterburg was born September 19, 1884, in Arlington Heights, where she resided all her life. She died July 19 at Sherman hospital, Elgin.

She leaves two brothers, William and Walter, both of Arlington Heights, and a sister, Myrtle, with whom she made her home in Arlington Heights.

Her parents, Rudolph and Catherine, preceded her in death as well as the following sisters and brothers, Elizabeth Stein, John, Sophie, Frank R., Kate, Fred, George and Arthur. Arthur, who died November 13, 1947, had been a funeral director in Arlington Heigsts for many years.

Fred J. Meier

Funeral services were held July 20 for Fred J. Meier, 68, late of 201 S. Walnut ave., Arlington Heights, at St. Peter Evangelical Lutheran church. Rev. L. V. Stephan officiated. Interment St. Peter Lutheran cemetery.

Mr. Meier was born February 23, 1885, in Wheeling township. He married the late Alma Meier, nee Kirchhoff, May 23, 1907, at St. Peter's church. Following their marriage the couple made their home on a farm in Palatine township and in 1928 they moved to Arlington Heights. Mr. Meier died July 16.

He leaves three children, Selma Moellenkamp, Fred W., and Walter H.; three brothers, Alfred, Herman and Henry; nine grandchildren and one great grandchild.

John Draper

John Draper, Prairie View, died Thursday, July 16, at the American hospital, Chicago, where he had undergone surgery. He had been in ill health for the past year.

Mr. Draper lived the greater part of his life in and around Buffalo Grove and at one time oeprated a general store in Aptakisic. He was a member of the Long Grove Fire department, Catholic Order of Foresters and the Holy Name Society of St. Mary's church.

He leaves his wife, Marcella Weidner Draper; one daughter, Mrs. Luella Schultz; three sons, Frederick, Joseph and Harold; two grandsons, Ralph Jr. and Richard Edward Schultz, and 3 brothers, Andrew of Tyler, Minn., Arthur, and James, both of Chicago.

Funeral services were held July 20, at 10 a. m. at St. Mary's Catholic church, Buffalo Grove. Interment St. Mary's cemetery.

Daisy P. Grubert

Mrs. Daisy P. Grubert, 67, 957 Forest ave., Deerfield, died at Highland Park hospital July 17. Funeral services were held July 21 at Oehler's Funeral Home, Deerfield, at 2 p. m. Rev. Harry O. Willman officiated. Interment Memorial Park cemetery.

Mrs. Grubert, nee Link, was born July 22, 1885, in Mobile, Ala. She married Adolph C. Grubert August 25, 1906.

She leaves her husband, Adolph; the following children, Bertha Dorband, Lillian Nance, Edward, Florence Schroeder, Charles, Gertrude Monusko, Adeline Wynant and Karl; 27 grandchildren and three great grandchildren.

Addison VFW Carnival Opens Friday Night

The Addison Veterans of Foreign Wars carnival will open July 24 and will run until July 26. The midway will be set up at the fire station on Lake st., and will contain the usual rides, games and refreshments that make carnivals so much fun.

Special features will include square dancing the opening night, with Dick Keller as caller. Sunday afternoon, beginning at 4 o'clock, a magician will entertain the crowd, and other acts will be presented. Sunday evening patrons may participate in the modern dancing to the music of the Melody Whips orchestra. (A8

Emma Gathman

Mrs. Emma Gathman, 84, late of Arlington Heights, died recently. Funeral services were held June 30 at Bethany Evangelical United Brethren church, Itasca. Rev. Donald Heinrich, pastor, and Rev. C. Victor Brown, pastor of Arlington Heights Presbyterian church, officiated. Interment Rest Haven cemetery, Bensenville.

Mrs. Gathman, nee Scharringhausen, was born March 2, 1869. She married Louis Gathman in 1879. In 1930 after 51 years of marrige, Mr. Gathman died. Mrs. Gathman lived in Itasca until 1928 when she and her husband moved to Arlington Heights.

She leaves three sons, Edward, Albert and William; three daughters, Ida Kleinschmidt, Martha Bach and Carrie Ollmann; 35 grandchildren; 47 great grandchildren; eight great great grandchildren, and two brothers, Fred and Arthur Scharringhausen. Three children, Arthur, Viola Milligan and Amanda Biesterfeld, preceded her in death. (A8

Adding CHARM to YOUR Home

OFF-CENTER WINDOW OR DOOR

Do you have an off-center window or door in your living room that seems to throw the whole room-plan out of balance and makes it appear to be lop-sided? If you have, then what you need is a carefully planned furniture arrangement . . . or wall interest strong enough to completely offset it.

CREATE A PLEASING BALANCE . . .

by placing a tall piece of furniture — a secretary or breakfront — near the opposite end of the wall. This will act as a counter-balance. A chest, or a desk with a group of pictures above it that offsets the height and apparent weight of the window or door would also make for pleasant symmetry.

Ford Master-Guide

the last word in

Power Steering!

Master-Guide applies hydraulic steering power automatically . . . and in varying degrees as required . . . right at the steering linkage, close to the wheels. At the same time the system serves as a hydraulic shock absorber to keep road jars and jolts from your hands. As a result all you do is . . . guide the car . . . Master-Guide supplies the muscles.

It's the newest in a long list of Ford advancements that make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much!

Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine. And Ford's Six—the most modern in the industry—with Overdrive, won the Grand Sweepstakes in this year's Mobilgas Economy Run.

Ford first brought to the low-price field a completely automatic transmission that combines the smoothness of a torque convertor and the gas-saving "go" of automatic gears. Fordomatic remains the most versatile automatic you can buy.

Ford's new "ride" brings you road-hugging and bump-leveling qualities never before known in low-priced cars. Front end road shock *alone* has been reduced up to 80%.

Easier-acting suspended pedals. Center-Fill Fueling and Full-Circle Visibility are just a few of the many important advancements first introduced by Ford.

And now Ford brings you the newest and finest in power steering . . . Master-Guide, a system exclusive in Ford's field! It's no wonder, then, that Ford is the "Worth More" car . . . worth more when you buy it . . . worth more when you sell it.

HELPS YOU OUT OF "TIGHT SPOTS!" The tougher the going the more Master-Guide works for you. For example, if you go off the pavement onto a soft shoulder or a rough, rutted road, Master-Guide provides the muscles to keep you on a steady course. At the same time, Master-Guide absorbs the shock that might otherwise be transmitted to the steering wheel. You'll find *all* handling is easier with Master-Guide and that parking requires only one-fourth the normal effort. Should Master-Guide ever lose its power, the standard steering mechanism will operate just as usual. Thus, Master-Guide provides new ease and stability, with a natural feel and full security, wherever you may drive.

Optional on all V-8 models at extra cost.

Test Drive Ford with Master-Guide Power Steering!

Mrs. Stanley Luczak CLearbrook 3-6346

Forest View School

Happy Birthday

A group of 12 guests gathered at the home of Mr. and Mrs. William Sundblad to help celebrate Mr. Sundblad's birthday, Friday, July 17.

Birthday congratulations to W. H. Grismer Jr. His actual birthday was July 17, but the celebration was held Saturday. The following relatives and friends were present: Mr. and Mrs. Wayne Swearingen and children, Mr. and Mrs. Alvin Moehling and children, Mr. and Mrs. W. H. Grismer Sr., Mr. and Mrs. Stanley Luczak and daughters and Mr. and Mrs. Frank Brodnan and sons.

Double birthday celebration was held at the home of Mr. and Mrs. Bob Page of Monee, Ill. Mrs. Page is a niece of Mrs. Carl Graves Sr. One of the birthdays celebrated was Mrs. Grave's father, Mr. Fred Shambo, who was 80. The other was Mrs. Page's son, Robert Jr. who was 3 years old. Relatives present for the occasion were: Mr. and Mrs. Carl Graves Sr. and family, Mr. and Mrs. Odie Brockman and son of Pensacola, Fla., Mr. and Mrs. F. Nicolas and family, Mr. and Mrs. Albert Shambo and family, Mrs. Jerry Nicolas and children, Mrs. Jerry Nicolas' mother of Baltimore, Md., Mr. and Mrs. Schick and daughter of Gary, Ind., and Miss Ruth Ann Shambo and friend John. A delicious picnic dinner was served on the lawn and games were played by the youngsters.

Mr. and Mrs. Lynn Huffman celebrated Mrs. Huffmans birthday while attending an annual family picnic held Sunday at the Murry farm in Bloomingdale, Ill. Mrs. Murry is a sister to Mrs. Huffman.

Visitors

Wednesday Mrs. Wayne Swearingen and children, Carol and Keith, and Mrs. W. H. Grismer Jr. and sons, Michael, Jeffery, and Kevin, went to visit Mrs. Douglas Harris at Wauconda. Mrs. Harris formerly lived in Arlington Heights.

Wisconsin Dells visitors last week were: Mr. and Mrs. Alvin Moehling and children, Sandra, Merrilie and Mark. They spent several days there during Mr. Moehling's vacation.

Saturday evening visitors at the Fred Gorrs were Mr. and Mrs. John Ignatius and daughter, Michelene, of Norwood Park. Sunday visitors were Mr. and Mrs. Henry Gorr and Mr. and Mrs. Alex Gorr and childen, of Chicago.

Tom Hutchings of Plover, Wis., is sepnding a few weeks visiting at the home of his aunt and uncle, Mr. and Mrs. Robert Hutchings.

Mr. and Mrs. Ernest Tagge dined out recently with Mr. and Mrs. Robert W. Hannah of Glencoe at the Rustic Manor of Gurnee. Mr. Hannah is the General agent of the Paul Revere Life Insurance, Co.

40th Annversary

Mr. and Mrs. Al Juhnke and Mrs. Amanda Juhnke attended the church service of the celebration of the 40th anniversary of Pastor Gehrs' ministry at the Elk Grove church, Sunday, July 19. The celebration consisted of supper and entertainment. Mr. and Mrs. William Meyer, parents of Mrs. Consoer, were also present.

Attention

Anyone in this vicinity who has news and would like to have it published in this column, please call CLearbrook 3-6346 and ask for Mrs. Luczak.

Youngsters in this vicinity who are attending the Vacation Bible school at the Presbyterian church, are Gary Lee Brodnan, Michael and Jeffrey Grismer and Lonnie, Eddie and Tom Hutchings.

Sunday visitors at the home of Mr. and Mrs. Benjamin Marx and daughter, Mary Lou, were Mr. and Mrs. Carl Maci and children, Ronnie and Jean of Chicago.

14th Wedding Anniversary

Wedding congratulations are extended to Mr. and Mrs. Fred Gorr, who celebrated their 14th wedding anniversary, July 22.

Health Forms

The health and dental forms are being mailed to parents of children who will be entering 1st grade. Parents are requested to have them filled out to turn in at the opening of school September 8. Physical examinations are required every four years. If physical or dental forms are desired or any other information, please call Mrs. Westberg, CLearbrook 3-0800. Mrs. Westberg will be in charge of the health records for the coming year.

An annual picnic was held at the Des Plaines picnic grove, Sunday. Mr. and Mrs. Willard Consoer and family and Mr. and Mrs. Art Johnson and son, participated in this event.

Scout Camp Napowan Filled to Capacity

Camp Napowan is filled to capacity for the fourth straight week with Boy Scouts from the Northwest Suburban Council, Council, which includes Arlington Heights, Park Ridge, Des Plaines, Mount Prospect, Palatine, Barrington, Lake Zurich, Schiller Park, Wheeling, Lincolnwood, Morton Grove, Skokie, Niles and Prospect Heights. Over 180 Scouts, leaders and camp staff are doing the outing part of Scouting at beautiful Camp Napowan near Wild Rose, Wis. The program includes training in water skills such as boating, canoeing, swimming and life saving, axemanship, rope skills, handicraft, nature, first aid, archery, cooking, fishing and other related Scouting skills.

Reservation for the weekly periods at Napowan are filled until the seventh period, commencing the 8th of August. That week, "Paul Bunyan" arrives to give the boys a special treat and tests of skill and tall tales. Many of the boys from this area are at camp for two weeks.

A health lodge has just recently been erected and is now completed, through the efforts of the camping and activities committee and the staff and campers at Napowan. A resident nurse checks all first aid cases and assists the physician in the camp rechecks of all Scout campers.

Advancement in Scout ranks and in techniques and skills has been evident during the first two periods of operation, with quite a few Scouts advancing their ability to swim. Joe Cissna, camp director, reports he is quite pleased with the accomplishments of the boys and praises his staff for their part in aiding this development.

Barrington Bible Church Opens Summer Campaign

Barrington Center Bible church of Barrington Hills Countryside announces the opening of a summer campaign of evangelism beginning July 26 at 7:45 p.m. Meetings will be held at victory revival tent, which is located on Cary rd., ½ mile north of route 31 in Algonquin subdivision.

The Pastor, Helen L. Grupe, has arranged a program of varied activities. The Christian Business Men's committee of Chicago, which conducts the world famous victory center for servicemen, will be the speakers for the first week.

Also on the program will be a youth quiz, an old favorite's night, a panel discussion with audience in participation and other added features of special music both instrumental and vocal.

Former Farm Advisor Tells Home Folks

Economic Battle Of Agriculture In Greece

Hughes trained approximately 92 boys and girls on new methods of farming and agriculture in general, during his year in Greece. The University through which he worked was very co-operative and asked Hughes to extend his stay another year.

The Greek people seem to recognize American visitors quickly and are eager to accept them. The American flag is a common sight. It is not uncommon to have a native apologetically tell you of the wastefulness of the uses of the American money given them. They seem to appreciate this help even though it is not being operated upon an economical basis.

* * *

THERE IS an extension service which is trying to show the natives how to work their farms. The average farmer owns only about five acres of land. His actual gross income for a year would be around $200. The farmer of Greece takes full advantage of what he does have. He usually owns a few sheep, the wool of which is woven by his woman into cloth. The small cotton crop is used to make cotton goods by hand on looms. There is no knowledge of modern farm machinery at all.

Steel hand plows are just making their appearance. The average farmer still uses the crude instruments of his forefathers. A stick with a steel shovel at the end is pulled by either oxen, sheep, dogs, or any four footed animal available.

C. A. Hughes, former Cook County Farm Adviser, who has just returned from a year spent in Greece under the Fulbright Foundation plan, spent last week in Arlington Heights. He was kept busy answering questions. A reporter of Paddock Publications listened in. A resume of some of the interesting things told by Hughes is being published this week.

We are making an effort to show the Greeks the use of fertilizer. Their land is worn out by its continued use through the centuries. Any fertilizer used must be imported.

Greece is terribly lacking in minerals. In fact, marble is about the only ore they have. The old temples are made of this beautiful substance.

This country is about the size of Kentucky and has a population of about eight million people.

* * *

IT IS A problem country for Europe and especially Asia. The Iron Curtain is about forty miles north. The roads are all guarded and they have American guns and equipment to stop any uprising that may start. There is some gorilla warfare.

Within the last 25 centuries Greece has had some kind of warfare on the average of every five years. Its defense costs are very high. The armies are very much larger than ours in proportion to the population of the two countries. Military service is required of all Greek men.

Their life as a soldier is a very meager one. The pay for one month is $250. His daily food is a piece of cheese and a loaf of bread. Still, these men are very happy, lively and good fighters. They often sing as they march along the road.

We are training the Grecian army to use heavy artillery. They know only how to fight with hand to hand weapons.

At this point Hughes spoke of Turkey as being a much more progressive nation than Greece. They have changed completely from their old government. After World War I, a man by the name of Kemal took over the

Census Says Average Age Is 33 Pay $4,000, Values Farm At $27,000

A "statistical picture of Cook county's population, homes, business and agriculture is presented in the recently published 1952 edition of the county and city data book, according to supervisor Dayton P. Jorgenson of the census bureau's district office at Chicago.

The frame of the pieture consists of the basic data which show that Cook county has 4,508,792 inhabitants (1950), 1,361,363 dwelling units (1950), 3,236 farms (1950), 51,588 retail stores (1948) and 11,234 manufacturing establishments (1947). In the frame are some detailed figures concerning each of these items, such as:

* * *

POPULATION: The median age of the county's 4,508,792 inhabitants was 33.4 years; citizens 21 years old and over numbered 3,060,092; families totalled 1,192,780; the median family income (1949) was $4,085; the median school years completed of persons 25 years old and over was 9.8.

Housing: 1,335,771 of the county's 1,361,363 dwelling units were occupied in 1950; 76.8 per cent of the occupied dwelling units were equipped with central heating, 91.7 per cent had mechanical refrigerators, and 98.0% had radios. The median value of one-dwelling unit nonfarm structures occupied by owners was $12,730.

* * *

AGRICULTURE: The average value of land and buildings per farm was $27,509; 2,962 of the county's 3,236 farms were electrified; total value of farm products sold in 1949 was $24,475,000.

Retail trade: The 51,588 retail stores had 285,824 paid employees and reported sales totalling $5,085,557,000 in 1948.

Manufacturing: The 11,234 manufacturing establishments employed 626,405 (average for year) production workers in 1947 and paid $1,786,659,000 in wages; value added by manufactures in 1947 amounted to $4,548,453,000.

Bits O' Business

Rep. Heselton of Massachusetts, who denounced oil companies for raising gasoline prices 1½ cents a gallon, may have been spurred by home-state gasoline users, who pay 4 cents more than they did in 1951. Two and a half cents of the 4 is taxes . . . Liquids to inhibit static electricity, first developed to spray on automobile seat covers, find industrial uses on belting and in spinning operations . . . Aluminum prices have been raised to cover wage raises granted union workers. Copper, aluminum's chief competitive metal, seems to be coming down in prices, although quotations vary.

Modern Etiquette

by ROBERTA LEE

Q. When attending a church wedding and the usher places you in a seat where you haven't a good view, isn't it all right to change your seat?

A. No. The usher probably has his instructions as to seating, and you should remain where you are seated to avoid any possible confusion.

Q. Is it all right, when dining in a public dining room, to wipe off the eating utensils with the napkin?

A. Never! If one notices that the utensils are not perfectly clean, one should always call the attention of the waiter to this and have them exchanged for clean ones.

Q. Is it proper for a business man to rise when a woman visitor enters his office?

A. Busy though he might be, the man can certainly afford to rise when a woman visitor enters. He does not rise, however, if the woman is an employee of his company.

Q. What is the order of recession at the end of a church wedding?

A. Just the reverse of the entrance of the wedding party. The bride and bridegroom should lead, followed by bridesmaids and ushers.

Q. When a young woman is seated at the table of a public dining room, and another woman stops to chat with her a minute, should the young lady rise?

A. Not unless the woman who stops is elderly.

Q. Do you think that a man is being a good host when he insists upon a guest drinking, if that guest has already refused two or three times?

A. Certainly not. In fact, he is being a very thoughtless and illbred host, since the guest may have a perfectly good reason for not drinking.

Q. When two men and two girls attend a theater together, how should they sit?

A. The two girls often prefer to sit together between the two men, and this is the usual accepted arrangement.

Q. When a girl is marrying a very wealthy man, and her family is of very moderate means, isn't it all right to let her bridegroom pay the wedding expenses?

A. No. If the bride's family, or the bride herself, cannot afford an elaborate wedding, then she should have a very simple, informal one.

Q. When visiting in the home of a friend, and a box of candy is left open on the table, is a guest privileged to help himself without an invitation?

A. No. To do so would be presumptuous.

Q. When a person is using both knife and fork for cutting his meat at the table, is it necessary for him to transfer the fork to his right hand before taking the morsel into his mouth?

A. No; the "criss-cross" manner of eating is no longer considered necessary. It is perfectly all right to convey the food to the mouth with the fork in the left hand.

Q. When a man and a girl are dancing, and another man wishes to "cut in," is it permissible for either the girl or her partner to refuse?

A. This would be very rude, and also extremely embarrassing to the other man.

Q. How should one take the olive stone from the mouth?

A. With the thumb and forefinger, and placed on the plate.

Q. Should a man use his right or left hand when tipping his hat to a woman?

A. Either hand, but it should be the one farthest from the person to whom he is speaking.

Q. Is it proper to use the title "Miss" on an envelope addressed to a girl of 12 or 14 years?

A. Yes.

Q. Should a dinner guest always push his chair back under the table when leaving it?

A. Not unless space is limited, and his chair would impede the passage of other guests.

Q. Is it permissible to have an all-white wedding, allowing the bride's attendants also to wear white?

A. While this is not customary, it is quite all right if the bride wishes.

Q. When a player makes a mistake in a bridge game, is it permissible for another player to call his attention to it?

A. No. Criticism by one player of another, in any game, is not good sportsmanship and reveals a lack of good-breeding.

Q. When a girl is with her escort at a table in a nightclub and wishes to leave to go to the powder room, what should she say?

A. "Will you excuse me? I'll be right back."

Q. I see many women smoking on the street these days. Is this now considered all right?

A. Although many women are doing it today, it still is not considered ladylike behavior.

Q. Is it proper for a girl to give her new fiance an engagement present?

A. This is all right, but it's not customary. A watch, cigarette case, or cuff links are suitable.

Few Korean Veterans Retain GI Insurance

The Illinois veterans commission has reported a recent survey shows only 6,500 of the 1½ million veterans discharged since the outbreak of the Korean war have retained their government insurance.

The insurance, available in amounts ranging from $1,000 to $10,000, is offered to every veteran who served 31 days or more. Applications must be made within 120 days after discharge

Korean veterans who suffered a service-connected disability of 10% or more may take out a special type of insurance, convertible to various permanent plans.

Additional information and assistance in preparation of application forms may be obtained at IVC offices throughout the state

Tub for Rover One Way To Eliminate 'Dog Rings'

If Rover constantly is in the doghouse because of those "dog rings" in the family bathtub, here's a suggestion that might restore harmony to the household.

Get the pooch his own bathtub—a galvanized steel tub which can be obtained in a variety of shapes and sizes. The tub can be placed in the basement and Rover's name painted on the side. The dog might not even mind being given a bath then—and certainly it will be easier washing him in the basement tub than in the bathtub, where splashes and dirt rings are annoying.

It's easy to rinse the dirt out of the dog's own tub with clear water after the wash task is finished.

To Up Foreign Parcel Post Rates August 1

Local postal officials expect a sharp drop in overseas parcel post August 1, when increases recently ordered by the postmaster general, go into effect.

Parcels now costing 14 cents a pound will then be 45 cents for the first pound and 22 cents for each additional pound.

While rate and size limits vary with the country of destination, to most European countries the maximum weight is 22 pounds.

Most foreign parcels are relief parcels, and mailers sending articles of food and clothing to relatives in European countries take full advantages of allowable weights. A 20 pound parcel now costing $2.80 to mail to Germany, for instance, will cost $4.63 after August 1.

BUTTERFLY CHAIR

This pretty miss knows how to relax on a hot summer day. She's taking it easy on her patio in a "butterfly chair" designed for summer outdoor living. Combining canvas and wrought iron in an attractive modern design, the chair has a "butterfly wing" back for comfort. The little magazine stand also is a smart combination of cotton canvas and wrought iron, the National Cotton Council points out.

Men's Fashions Beat the Heat

There's cool comfort in men's summer fashions this year — and it's about time the poor male got a break in that respect. No longer need he choose between sweltering in a heavy suit that looks well and being comfortable but disheveled in a spineless, lightweight suit that collapses into wrinkles by late afternoon.

The national cotton council reveals that designers have fashioned cotton cord and denim with wrinkle-resistant finishes into excellently tailored business suits. Casual jackets of cotton tweed, denim, cotton cord, or corduroy come in charcoal grey, browns and golds, and soft blues. They are worn with matching or contrasting slacks or shorts or walkers (popular with golfers).

Sport shirts in plisse, chambray, and cotton madras are available in every color of the rainbow. Fast-drying terry cloth is a favorite for beachwear. Reversible beach jackets combine terry and sailcloth or denim.

And the final triumph! No longer is it necessary for wives to bully husbands into their formal wear on muggy summer evenings, for now men can enjoy cool dinner clothes made of sailcloth. For that double cool look, the jacket is made in white; the trousers, black. Ensembled with this cotton suit are an organdie shirt, a checked cummerbund and bow tie.

Sanitary District Seeks Additional Lake Diversion

William S. Nordburg of Winnetka, trustee of the Sanitary District of Chicago, will appear with other trustees at a hearing on July 15th in Washington, D. C., before the Rivers and Harbors Section of the Committee for Public Works of the House of Representatives. The hearing is on the Jonas bill which calls for the diversion of an additional 1,000 cu. ft. of water per second from Lake Michigan at Chicago.

The need of additional water from the lake is vitally important to help clarify the Des Plaines and Illinois Rivers. There has been a constant battle over the years to get more water from the lake. There are always certain groups that are against it, principally from the standpoint of lowering the lake level. Recently the lake has been so high there has been destruction in many cases. Nevertheless, it is a job to get this diversion which is so necessary. It is very well recognized that at the rate of 1,000 cu. ft. per second over a period of five years there would not be a quarter of an inch reduction in the lake level, and this certainly would not affect any shipping industry.

The trustees are determined to fight this battle through and get this additional diversion because of its need for the people of Illinois.

Need Workers For Educational TV

An intensive recruiting campaign to enlist thousands of volunteers to aid in the drive to establish an educational, noncommercial television station on Channel 11 for the entire Chicagoland area is now under way.

Those interested in assisting in this great project are asked to contact the offices of the Chicago educational television association in the First National Bank building, 38 South Dearborn Street, Chicago, either in person, by mail or by phoning Financial 6-5230.

This recruitment program is to continue on throughout the summer season with a final 'big push' scheduled for early in the fall.

Economic Battle—

(Continued From Front Page)

government, and after about 10 years he stepped down and the country is now a Democracy with free enterprise. Istanbul is a very modern city. There are ships coming and going at all times. The farmers are making good use of the aid we are giving them, and are now exporting wheat for the first time. They go to church something like we do. Mohammadens have changed greatly from old religion. Much more lenient. A lot of the people talk English and many ask questions of American visitors. The fez (tasseled cap formerly worn by Turkish men), is prohibited by law.

* * *

MOHAMMADEN women don't wear veils over their faces any longer. Turks are very friendly as are the Geeks.

This is not true in Italy which does not welcome Americans. Turkey has some fine schools and universities and modern libraries, all recently built. They are patterned after the American schools. The people all wear western clothes. No more old fashioned garments. We might say that Turkey is adopting modern methods and thinking faster than many of the old school Americans.

Turkey, Greece and Yugoslavia have an alliance between them. Yugoslavia does have a dictator, but not a strict one.

We find two main classes of people in these countries. Either people are very poor or are wealthy. No middle class. The people try to escape taxation. There is favoritism in the government and the governments payroll is very high. Banks especially have many employees that are not needed at all.

* * *

PAPAGOS IS the Eisenhower of Greece. He was elected, and during this election the army tried to take over the offices, but didn't succeed. He ruled until he felt people were ready to rule themselves. The country is now a bureaucracy.

Greece doesn't have enough industry to employ all its people. Women have not yet received the recognition accorded them in the U. S. yet they do most of the work, while many men are found in coffee shops talking. The home is very meager, and usually quite small. There is not much money.

We are trying to get home demonstration agents to help homemakers learn to can foods and do other home projects. They have never used glass jars before.

The social life of these people is very simple. As they have no money to buy entertainment, they make it for themselves. They sing a great deal and play musical instruments.

* * *

ON HOLIDAYS they ride up and down the streets singing. The means of transportation is mainly the donkey. A few have bicycles. Some of the Americans have autos over there. The roads are all very poor. When you want a means of transportation to another city, there are some buses that travel for small sums. You can usually expect a flat tire and other trouble along the way.

The religion in Greece is Greek Orthodox and the church has held the Greek people together.

During the Turk occupation they took over the valley lands and drove the Greeks up to the rocky highlands of the country. The Greeks are gradually getting back to the good land.

* * *

JOHN VEREMIS of Des Plaines has a brother in Greece who is building a new home in the lowlands. Hughes visited John's brother, who told him of his old home up in the hills. He is the president of a newly organized farm organization. Their homes have no modern conveniences. Each village usually has one well. Women come with jugs and carry water to their homes. The land is very dry. The main food of these people is bread.

Hughes left New York for Europe August 27 last year. The people in Greece called him Professor.

Mr. and Mrs. Hughes expected to undergo many hardships when they left for Greece and they were not disappointed. They became accustomed to living with very little heat, although they resided in an apartment. They had to wrap themselves in blankets on very cold days.

The Hughes' are now in Palatka, Fla.

Plan Lutheran Hour Rally at Stadium

A committee of two pastors and twenty-eight laymen, representing 258 Lutheran churches in Northern Illinois, is completing plans for the gigantic Lutheran Hour Rally, to be held Sunday, September 27, in the Chicago Stadium.

Their combined and coordinated efforts assure a glorious awe-inspiring spectacle with a capacity audience of 25,000. This biennial event will inaugurate the 21st season of broadcasting for the Lutheran Hour, the world's most extensive network program.

The Rev. Dr. Lawrence Acker of Omaha, the first of a series of guest speakers on next season's schedule of weekly broadcasts, will be introduced at the rally and will deliver a brief message.

Restrict Sprinkling In Crystal Lake

Lawn sprinkling during prohibited hours can cost Crystal Lake residents $5 to $100. The city council passed an ordinance restricting sprinkling to daily and Sunday except between the hours of 5 p.m. to 8 p.m.

Summer Leaf Fall May be Result Of Rainy Spring

Favorite shade trees may shed their leaves in seemingly alarming abundance these hottest months of summer. But don't be too concerned. It's probably nature's way of compensating for the unusually wet spring in so many sections of the country.

Martin L. Davey Jr., who heads the Davey Tree Expert Co., says the matter works out very simply. The plentitude of rainfall encouraged the lushest of foliage growth. With drier, hotter weather, some of the leaves are dropped to achieve a better balance between the root system and the tree top greenery which it must support.

This adjustment is normal and trees should retain good growing vigor. At this time and later, however, a dry spell is likely to find arboreal friends sensitive to drought. They may show foliage wilt to tell they need good drinks, but badly.

Play safe during the hot weather and see that they get adequate moisture. Best practice is to give thorough waterings every week to ten days. This means penetration deep enough to reach down to the lowest roots.

Turning on the sprinkler for an hour or two will not do the trick. The average sprinkler permits water penetration of only one inch in one hour, according to Mr. Davey.

Adjust the garden hose to run slowly and keep the water gurgling over the root area of mature trees for about four hours.

Happenings 10, 20, 30, 40, And 50 Years Ago This Week

Fifty Years Ago

July 25, 1903

There is a new organization in Itasca that is called the sardine club. To become a member, you have to eat two cans of sardines without drinking any water.

Edward Biesterfeld and Miss Manda Gathman of Deikeville were married.

Several land owners on the east part of Arlington Heights were fined $10 and costs for violating Canada thistle law.

Prize winners at the Arlington Heights Lutheran picnic in L. Mayer's orchard were: J. H. Meyer, fat man; Henry Roehling, sack race.

A businessman's organization has been formed in Arlington Heights with Dr. J. E. Best, president; A. T. Kates, J. Hitchcock; J. W. Burkitt; B. H. Castle, as directors.

Forty Years Ago

July 25, 1913

A Volo, Lake county, woman is ridden out of town on a rail by the women of that village. She was charged with improper conduct. She told Chicago newspaper reporters that the other women were just jealous.

The W. Wilkening and Sporleder girls, Schaumburg, had a runaway. The horse went home alone leaving the buggy and the girls out on the road.

Henry Bahe, Schaumburg, gave Tuttor and Moeller brothers an auto ride in his new Ford over to Des Plaines, but when they got there, Henry was so excited he forgot how to stop his machine and hollered "Dunerikel Here Mutwirut," and so all his occupants jumped out of the humming machine.

Fred Linneman, Palatine, wins Itasca bride, Miss Martha Goedetke.

Louis K. Sadecky opens grocery store in Arlington Heights.

There is no hope for any substantial improvements in Arlington Heights while the present village administration is in power. They won't even grade and fill the ruts and holes much less oil and gravel the streets.

Arlington Heights village treasurers annual report is a mere farce and not in accord with the intent of the law.

We understand the railroad company will light their crossings at Arlington Heights with electricity instead of gas.

Women in two villages carried the election against the saloon Tuesday. This is the first instance that the women voted on the saloon question since the passage of the woman suffrage law.

Thirty Years Ago

July 20, 1923

New Ideas In Homes

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-250

Design B-250. Where a narrow lot limits the width of the house, this attractive 4-room plan will serve. Two bedrooms and bath in the rear; living room and kitchen-dinette in front.

Exterior finish is wide siding, asphalt shingles, covered front stoop, shutters and flower box and hood over side door.

Large dining space in the kitchen with cabinets on 2 walls, wardrobes in the bedrooms, linen closet in the bathroom and coat closet for each entrance. Floor area is 768 sq. ft. and including the basement, cubage is 14,592 cu. ft.

For further information about Design B-250, write the Small House Planning Bureau, St. Cloud, Minn.

QUITE CONTRARY

BY MARY

Arlington Heights may feel that it has an original problem with its parking troubles, but we have found in our travels in neighboring states that all suburbs are suffering from the same ailment.

Outlying towns of all big cities are getting too big for their britches and just what to do with the local shoppers is more than the poor city fathers can cope with.

All the poor city fathers that we ran into were in the same boat and given to wishing for the good old days when all that had to be worried about was where to hitch the next horse. After all, the center of all towns is built up first and that is just where every would-be-parker of an automobile wants to be.

★

Well, what is the answer? Should the little central beauty in the form of center of town parks be given over to parking or should shopping centers take a tip from city dwellers and move out, "young man, move out."

There has been a great deal of agitation in Arlington for outlying shopping centers or at least shopping areas that are out of the present congested area.

Loud cries of agony were heard from the present business center and louder cries were heard from the residents upon whose territory the proposed center was about to encroach.

Nobody appears to want to give an inch, but all seem to have lost the ability to come up with anything workable. So now we are all going to study the thing from all angles and in the middle and in the mean time, we who have moved to the country to escape the city should park in the city and walk to the country to shop.

★

Our small eight year olds are due back from a month at Camp this week and we are just about breathless wondering if four weeks has made them or broken them. We hope it has made them and are reasonably sure that it would take more than a month at camp to break them.

We are the victims of indecision as to just what is best. Whether they will get more good old character building at camp than we can give them or not, is the big question.

We will know more about it the end of the week when two wild Indians from upper Wisconsin come home to roost.

★

We must admit that Arlington, of all towns in Illinois and Michigan that we visited, has the most to offer the youngsters in the way of summer entertainment and instruction. We just aren't sure that they wouldn't have profitted just as much by taking the swimming and tennis and handcrafts that are offered at Recreation Park as those offered in Wisconsin.

We will now weigh a summer in Wisconsin against a summer in Arlington and see how it all turns out.

Nothing ventured, nothing gained and live and learn are two of our favorite mottoes and we are so often stuck with them.

★

On the whole, we are so glad we live here in Arlington. As we sat in Rochester, Mich., we watched the second bond issue in a month for a school addition hit the dust in utter defeat which means that the children in the Rochester High school not only will be still practicing band in the coal bin, but will be holding classes there too.

We bragged and bragged about our fine school system that keeps ahead of the demand and our hosts were very happy to see us smug Arlington Heighters leave.

At least our young can hold class in a class room and have gym oftener than once a month.

JUST AROUND THE CORNER

FROM PATTY McARDLE

Dear Peg:

I have always said I wasn't going to send my little girls to nursery school or any other kind of school, until they had reached the age at which it was required of them to attend. I suppose I thought I could entertain them and keep their little minds so busy at home there would be no necessity for activity other than this.

Then too, I felt that in no time at all they would reach school age, and I wanted to enjoy every day of those few precious years with them, before that time arrived.

Now I realize my attitude was as selfish as the mother's who sends her child to a play group as early as he will be accepted, for the sole purpose of having more free time for her own pleasures.

★ ★ ★

OF COURSE, EACH CHILD is an individual—where one child will thrive and progress socially in group activity, another will be happier and better off in the secure environment of his own home, under the supervision of his own mother.

Also, the child who has several playmates in the neighborhood with whom he seems to get along very well (little squabbles once in a while don't count) is in no personal need of nursery school.

In any case, mother should decide what is best for her child, trying to observe him from as objective an angle as a mother can. Well, I have decided, in Megan's case at least, that it should be nursery school for her.

★ ★ ★

BEING THREE AND A HALF, Megan seems to be in a transition stage. She isn't a baby any more (although at times she would like to be one) and yet she is not quite a four year old. During the past few months, she has become so much more aware of and curious about people and things about her.

She loves conversation — whether it makes sense all the time or not is immaterial, and she will provoke conversation with constant questioning.

She is fascinated by the ideas of death and marriage. She loves to dress up and pretend to be Queen Elizabeth, getting married, or a baby (this requires a bottle of course).

She also has begun to test the patience of her mother and father—trying to see just how far she can go doing something that she knows she shouldn't. I sometimes wonder if she doesn't really want "the capitol punishment," she occasionally carries things so far.

★ ★ ★

IF MEGAN WERE THE only child, I could devote more time to entertaining her, and if there were other children her age in the neighborhood to play with, I think she would be satisfied. But since this is not the case, I reached the conclusion, a few weks ago, that her active little mind and body needed the challenge of an organized play group.

I take her from nine to twelve, three mornings a week, and there with nine or ten others she swings and slides, "plays" a piano, listens to the teacher read, hears records, strings beads for necklaces and bracelets, paints and draws on the large blackboard. So far, she adores it and is full of conversation about the morning's activities, when I pick her up to go home.

I don't have to tell you, Peg, how I felt the first morning I left Megan, and saw her take the teacher's hand and excitedly walk into the play room—however, I just made myself think, "Well, that happy expression on her little face is well worth my lumpy old throat!".

My love,

Patty.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Demosthenes, the great Greek orator, often walked along the seashore giving orations with his mouth filled with pebbles to overcome his stuttering. Ruggedly courageous, he dared to be different, and wrote his name on the sands of time forever.

Henry Ford tinkered for years in a little garage before he successfully applied the principle of the gasoline motor to transportation. There was talk of commiting him to a mental hospital; of arresting him for disturbing the peace and lives of the people in his community. He was the father of the modern automobile.

A famous English philosopher used to sleep on a tree every so often in order to, as he expressed it, "get the feel of oneness with nature."

* * *

THINK OF ALL the people you know in whom you are most interested. Aren't they the ones who dare to be different? Isn't there something in their carriage, their manner of talking, the things they are interested in, little quirks of personality and the habit that endears them to you, or at least arouses your interest?

Today most people are too conscious of what other people think. They strive to conform to the "accepted" methods of doing and acting. Most of them are as alike as Mike and Ike. Too few and too far between are those who dare to be themselves; to do the things they like to do, plan their lives the way they want to live them. Yet almost invariably, the person we respect and envy most is the one who dares to be himself.

* * *

HAPPINESS is found in self expression; not in conformity. Daring to be a real Christian in the face of present day liberal religious thinking and liberal indulgence in popular vices, is a challenge that can bring one real happiness. Daring to do anything you choose which is within moral or civil laws can bring you a life of confidence and self respect.

All of the outstanding men and women in our time, whether they are in business, government, or a profession, are outstanding because, in a world demanding conformity, they dare to think and act as individuals with independence and courage. Every great reform has been brought about thru the efforts of those who dare to be "different."

In the Future

Owners of small appliances using direct current can now buy plug-in rectifiers and use alternating sockets . . . A plain piece of towel linen, five yards long, is offered in a package, with directions for cutting it into towels and napkins . . . An Austrian company has come up with wires that stand 3,000 degrees, as heating elements for furnaces . . . Dress dummies that can get fatter or slimmer, by adjusting the pieces of which they are made, are offered by a New York maker.

Stray Dog

Please aid us in having a stray dog picked up from the 500 block on South Pine st.

He has been here six days, is a nuisance getting into vegetable beds, and barks incessantly all hours of the day and night.

The police have been called four times. They came out Friday night but the dog eluded them.

Please request them to pick up the dog during the day. I am sure they will be able to catch him during the daylight hours.

Sleepless Resident
Mt. Prospect

Kids Watch TV 22 Hours A Week

Junior is spending more time watching television than he did in 1950, but his school work doesn't seem to be affected much. In fact, his teacher is watching television more, too.

These findings are among the results of Northwestern university professor Paul Witty's fourth annual study of television, reported to a sectional meeting of the reading and language arts conference on the university's Evanston campus. The study included 3,000 elementary and high school pupils in the Chicago area, their parents and their teachers.

* * *

WITTY SAID elementary pupils spend an average of more than 22 hours a week watching television, an increase of more than an hour a week since 1950, while the average for high school pupils increased from 14 to 17 hours a week. Viewing by teachers jumped three hours a week, from nine hours in 1950 to 12 hours in 1953. Parents' viewing fell from 24 to 19 hours a week in 1951 and has remained there.

"This study shows clearly that the prediction holding that the amount of televiewing would drop sharply after the novelty of sets had worn off has not been fulfilled," Witty said.

* * *

HE REPORTED that favorite programs have changed since the first study was made "I Love Lucy" is now the most popular program with both children and parents, but teachers prefer "Meet the Press" and "Omnibus," with "I Love Lucy" holding eighth place. In 1950, westerns, "Howdy Doody," and Milton Berle were the children's favorites but in the latest study children cited these programs as those they dislike most. These programs and crime stories also were unpopular with parents, whose 1950 favorites were Milton Berle, Arthur Godfrey and sports.

Witty, professor of education and director of the Psycho-Educational clinic at Northwestern, told the conference that the amount of televiewing is not related closely to intelligence or scholarship.

* * *

EXCESSIVE viewing of TV, however, seemed to be associated with somewhat lower academic attainment," Witty said. His study showed the amount of time devoted to TV by pupils in the lower fourth of the group in educational attainment was 26 hours while that of the upper fourth was 20 hours a week.

Nine out of 10 of the pupils studied had television sets at home in 1953. Witty reported In 1950, only 43 per cent had TV; 68 per cent had it in 1951; and in 1952 the per cent was 88. Only 62 per cent of the teachers owned or had access to TV in 1953. The percentage for the teachers, far lower in previous years, was 25 in both 1951 and 1950 and 48 in 1952.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Hospital Shortcut

The subject of a hosuital located in Arlington Heights to be established for serving the Northwest suburban area has once more been raised. It is indeed encouraging to see such renewed civic interest. But before raising the hopes of the people (only to disappoint them again as was true two years ago), I believe it is necessary to clarify the picture for the people so they truly realize what this project is up against.

First, the project must be a privately financed proposition ranging from $2,500,000 to $4,000,000 for a minimum of 75 to 100 bed capacity.

Secondly, a medical staff comprised of established physicians and surgeons from Wheeling, Northfield, Palatine, Barrington, Elk Grove, Maine, Niles and New Trier townships must become interested in this program to the extent that they would be willing to sever their present staff associations at Elgin, Elmhurst, Chicago, Evanston and Norwood Park hospitals.

Unless I am wrong, it is my understanding that a questionnaire directed to the many physicians from these areas in May of 1951 failed to indicate such a willingness on the part of these men. It is easily understood that many of these men have established themselves on various important hospital staffs over a long period of years, and cannot begin all over at this point in their professional careers.

The local need for a medical center or clinic, fully equipped and staffed to meet any and all emergencies is without question a necessity for our growing community. By grouping all of the physicians and surgeons, dentists, x-ray and clinical laboratories under one roof with the adequate parking in a central location would go a long way to accomplish efficient medical facilities.

With the new Lutheran old folks home being near completion, and the present old folks home building on the market for sale, it would seem to me that here is a real opportunity for any group of individuals to make a real contribution towards establishing a medical center for our community.

This available building and large vacant adjacent grounds could be purchased at a very nominal price. Street level offices could be added and the present building renovated with a minimum of investment. There is considerable room for expansion and parking facilities are unlimited.

If such a project were undertaken by the real estate firms, bankers and physicians and surgeons from our area, I am sure public interest in bonds or subscriptions yielding a normal return would find immediate sale.

A project of this nature does not permit speculation on the part of any individual or group of individuals at the expense of the sick or needy. The Lutheran Old Peoples home is large enough to be converted into a hospital by renovating over a long period of time and it would not become another added burden to the taxpayers.

Charles C. Rehfeldt,
Village trustee,
Chairman of finance board, Arlington.

RAILROAD PARKS

Various groups are injecting themselves into the commuter and shopper parking problem of our community. Inferences have been made that your village board has not taken action on this serious problem. This, of course, is not true. Committees have been appointed and formulated for the study and ultimate solution of this problem. The present village board has been in office just three months, and while it is true they have been very busy handling municipal problems carried over from the last village board, to clear the air, the following are the facts which the people of our village should know.

Prior to the April 21 election, about March 9, I visited the office of F. Klein, land and tax commissioner of the Chicago and North Western railroad. Perhaps not all residents know that the Chicago and North Western owns and controls all of the railroad parks located adjacent to the tracks in the center of our town. The purpose of visiting Mr. Klein's office was to learn whether or not the village could procure these parks for parking facilities.

* * *

THESE PARKS were given to the Chicago and North Western railroad by the founder of our village, which was then known as Dunton's Corners. My visit disclosed that the railroad offices had been visited by a village committee, local real estate interests, and attorneys for certain private individuals.

Early in 1952 our village attorney tendered the railroad an offer of $48,750 for the purchase of these parks. Since the village's offer and since the village committee's visit real estate dealers have tried to acquire certain portions of these parks. Their purpose was to build a shopping center, restaurants, etc.

At the time of my visit on March 9, 1953, Mr. Klein's office inferred that their approximate asking price from the village would be in the neighborhood of $300,000.

Last Wednesday, July 15, I wrote Mr. Klein of the Chicago and North Western railroad stating that as chairman of the finance committee I did not believe private individuals or real estate firms should be permitted to obtain options, barter or bid for any of these parcels of land. In my opinion the railroad should cooperate with the village outright for a nominal price so that the commuter and shopping problem could be greatly alleviated by the village's acquisition of these parks.

These parcels of ground so near and dear to the hearts of the people in our community should be kept from falling into the hands of parties seeking to profit from public need. I am awaiting Mr. Klein's reply so that I can bring this matter before the village board for early consideration.

Charles C. Rehfeldt
Village Trustee
Arlington Heights

Race Track Jam

As I gaze out of our living room window at 6:30 p.m., I see as far as my eyes can reach, a solid mass of cars lined bumper to bumper on both lanes of West Euclid.

This condition did not exist the first few days of the races as there were officers of the law patrolling one lane, keeping it open for those poor unfortunates who happen to reside on this or nearby adjoining roads and who, up until then, were compelled to pull off the road on their way home from work and wait until most of the race track patrons were well on their way towards home.

What has happened to the officers who were doing such a good job?

* * *

I SHUDDER to think of what might happen should any of us "West Eucliders" require the services of a fire truck or an ambulance. Our homes could well burn down to the ground before the firemen could ever reach us.

If any one of us is brave or foolhardy enough to try to use the roads around here an hour or two before the races (and sometimes it is absolutely necessary to do so) we get snarled at by a state policeman stationed at Wilke and Northwest hwy., who seems to think he is a ruler supreme.

Should we be so brash as to attempt to make a left turn to go towards Palatine, we are not allowed to do so and are so informed by "his royal highness" in a manner and tone of voice that should be reserved for only the most vicious criminal.

* * *

I KNOW OF no place in or around Chicago where traffic is allowed to travel one way on both lanes of a two-lane road and I can't see that a race track should be so essential or so influential as to allow for such a condition to exist, a condition which might well jeopardize our homes and health.

Mrs. T. R. Milner
1514 W. Euclid
Arlington Heights.

Good Neighbors

We held a "white elephant" auction Sunday, July 19. The purpose of this affair was to help the building fund of Our Lady of the Wayside school in Arlington Heights, and as you know, it was under the sponsorship of the ushers' club of the parish.

It was tremendously successful, and we are indeed appreciative of the help received not only from our own parishioners, but from the many friends who helped us achieve such a wonderful result.

You helped us considerably with your generous publicity, and we know the advertisements in your papers helped bring many people over to bid on the great variety of offerings.

We know any attempt to list those who helped us could very well err in omission because there were so many who gave time and effort to our affair. But we would like to mention especially your valued assistance, and the kindness of both George C. Poole and Peter's Standard Service station, both of whom provided trucks — complete with gas—so that we could pick up the many donations, also Black's Funeral home, whose tent provided refreshment and protection from the merciless sun.

And we would like to note especially that the above-mentioned, as well as many others of our contributors, are not even members of this parish.

Anyone who wants to know whether or not "The City of Good Neighbors" is just a slogan should get in touch with

Walter P. Stumpf
513 S. Highland ave.
Arlington Heights

We Want Action

Saturday morning, July 18, ten days after the Mount Prospect village board had been told at an open meeting of certain irregularities and unsafe conditions facing the traveling public in this area, those conditions still exist.

There have been repeated and numerous near-accidents on Route 83 near our homes caused by the cutting of the pavement immediately south of Weller creek bridge.

We hold dear the life and welfare of every man, woman, and child who passes this way, whether by truck, school bus, private car, motorbike, bicycle, baby stroller, walking, or any other way.

We feel it imperative that authorities or individuals who hold the responsibility occasioned by the "cut-through" should work together for a better answer to protect and safeguard the people who pass this way.

We are seeking "quotable" answers from those in authority to some of the existing questions facing us in this community.

National Guard

I was glad to see in the July 16 issue of your Editor's column, the other article and pictures of the National Guards. I believe it gives a truer picture of what the boys (men) do on their two week encampment than most articles I have read.

Since most of the articles which have been printed have dealt more on the entertainment and other forms of relaxation provided for them (after a hard day's work) most people have the mistaken idea their time is spent at all play and no work. And many people feel the National Guardsmen are careless, irresponsible and rude, and feel the money spent on their training is wasted.

I believe that more should be told of efforts, and people would soon realize a great deal of time and energy is put into the teaching and learning to protect their homes and nation.

I am glad to see credit given where credit is due. I am sure when they (the Guardsmen) read the articles they will enjoy and appreciate them as much as I have.

A Guardsman's wife
Palatine

P.S. The time they are gone is a lonesome time for us too.

Likes Spraying

Concerning the mosquito spraying, it has made a great difference here and we sincerely hope the rest of the sprayings are carried out.

In California

MAJ. CRAWFORD VENN

Marine air reservists from naval air station Glenview will attend 15-day maneuvers at the marine corps' air station, El Toro, Santa Ana, Calif., from July 25 through August 8. Local members of marine figher squadron VMF 543 and marine ground control intercept squadron 22, who will attend these maneuvers, are:

Maj. Crawford A. Venn, of P. O. Box 276, Palatine.

Technical sgt. Robert H. Mitchell, of 310 N. Belmont, Arlington Heights.

Cpl. William G. Hood, of 416 N. Maine st., Mount Prospect.

Pfc. George W. Stuthridge, of 321 Eastwood, Mt. Prospect.

Private first class George W. Stuthridge, of 321 Eastwood, Mt. Prospect.

Private Charles N. Poellien, of R. 1, Roselle rd., Roselle.

The west coast maneuver is one of two mass air activities coordinated by the marine corps for its 30 fighter squadrons and 12 ground control intercept squadrons. Of these, 20 will go to El Toro and 22 to Cherry Point, N. C. for the east coast maneuvers.

Pilots from Glenview will fly F8F Bearcat fighters to and from El Toro, while ground personnel will be flown both ways in Marine air transport aircraft.

In Korea

Pvt. Roger H. Pape, son of Mr. and Mrs. Arthur O. Pape, Palatine rd., Arlington Heights, is now in Pusan, Korea, arriving there about three weeks ago.

Pvt. Pape wrote to his parents telling of the unrest in Pusan and that the people there resent the American soldiers. The first time he went to church he had to carry his gun, because of the many uprisings in the town. They are required to be armed whenever they are off the base.

"The slums of Chicago are like parks, compared to Pusan," Roger wrote in one letter to his parents.

Roger is an inspector of petroleum products at the Pusan base. He entered the army in June 1952 and received his basic training at Ft. Lee, Virginia. He attended school for four months at the Standard Oil Petrol base at Jersey City, New Jersey.

When he arrived in Pusan he found himself next door to Edwin Meier, Busse rd., Arlington Heights, who entered the service at the same time he did, and they went through basic training together. Edwin has been in Pusan for several months.

Rogers address is: Pvt. Roger H. Pape, U. S. 55263411, 4th QM Petrol Prod. Lab. (Base), APO 59, % Postmaster, San Francisco, Calif.

In Ohio

Donald E. Roetman, son of Mr. and Mrs. E. T. Roetman, of 105 E. Daniels rd., Palatine, has been promoted to the rank of first lieutenant by the air force, air materiel command has announced at Wright-Patterson air force base, Ohio.

Lieutenant Roetman, who has been assigned to AMC headquarters since August, 1952, is a project officer in procurement division's aircraft rotary wing and liaison section. Prior to his assignment there, he had been assistant maintenance officer at Westover AFB, Mass., from February to May, 1952, and also at Mountain Home AFB, Idaho, from May to August of that year.

Born in Sioux City, Iowa, Lieutenant Roetman was graduated from Ridley Park high school, Ridley Park, Pa., and received his bachelor of science degree in aeronautical engineering from Parks College of Aero Tech in 1951. Commissioned a second lieutenant in the air force reserves in September of that year, he was called to active duty in November, 1951.

Before entering military service he had been an aeronautical engineer for the Chance Vought aircraft corporation.

In South America

Fred Althaus of Arlington Heights is on the battleship Missouri operating off the coast of South America.

Home From Korea

Cpl. Arne E. Helsing, whose wife, Alice, lives at 2705 N. Granville ave., Melrose Park, has returned to the U. S. after serving in Korea with the 25th infantry division.

Helsing, son of Mr. and Mrs. Eric Helsing, John st., Bensenville, arrived in Korea in July, 1952.

He was a gunner in the 35th regiment.

A former employee of the Thompson Wire Co. in Franklin Park, Helsing entered the army in January, 1952, and received basic training at Indian Gap, Pa.

In Texas

Edward Edwards of Arlington Heights is stationed at Reese air base, Lubbock, Texas, where he is attending aviation school and expects to be a B-25 pilot.

Home From Korea

Kenneth Franklin of Arlington Heights has just been released from service after serving in Korea.

In Maine

A/2C Clark Cubley, son of Mr. and Mrs. Arthur G. Cubley, Arlington Heights, was recently transferred to Limestone airforce base in Maine. Clark had previously been stationed at Rapid City, South Dakota, where he studied photo interpretation for the past year.

His new address is: A/2C Clark Cubley, U.S. 26368858, Hq. Sq. 42nd Bomb Wing, Limestone Airforce Base, Maine.

In Kentucky

Now at Camp Breckenridge, Kentucky, is Donald Larsen of Arlington Heights. Don is serving as an orderly at headquarters but expects to be transferred soon.

"The Best in BLACKTOP"

With Uncle Sam

In Virginia

Marine sergeant William Grant Dochterman, son of Mr. and Mrs. Milford L. Dochterman, Route 83 and Irving Park boulevard, Bensenville, was recently promoted to his present rank at Little Creek, Virginia.

Sergeant Dochterman is a combat correspondent assigned as press writer in connection with the marine corps' summer reserve training program at the naval amphibious base.

Marine reserve units from all over the nation are now undergoing two-week periods of amphibious training here. Companies from Peoria, Rockford and Chicago are among those reporting.

The reservists receive some of the toughest conditioning the marine corps has to offer during their 14-day tour of active duty.

"Graduation exercises" are held in the form of actual ship-to-shore landings. It is then the citizen marines experience some of the sensations felt by their famed predecessors at Guadalcanal, Iwo Jima and Inchon.

It is Sergeant Dochterman's job to cover the many activities engaged in by the reservists. He reports to their hometown newspapers by marine corps news releases.

Under temporary transfer from the marine corps air station, Cherry Point, N. C. Sergeant Dochterman is a graduate of Bensenville community high school. He attended Monmouth college before entering the marine corps.

His address is: Sgt. W. G. Dochterman, USMC Reserve P. I. O., Hq. Det. TTULANT, USNAB, Little Creek, Norfolk, Va.

At Cherry Point

Wesley Gillespie, son of Mr. Mrs. Fred Rascher, 311 N. State rd., Arlington Heights, has been promoted to the rank of sergeant in the marines.

Sgt. Gillespie, who received his basic training in California, is now stationed at the marine air base at Cherry Point, N.C.

He has been in the service for a year and a half, and is now an airplane mechanic.

At O'Hare Field

Now stationed at O'Hare field, south of Des Plaines, is Dwight Cook of Arlington Heights. He and his bride are living in Palatine.

In Japan

Helping with flood relief work in Japan is Doug Gilman of Arlington Heights. Doug expects to be home in about another month.

Color for Unifomity

A group of buildings will be more attractive if uniformity of appearance is established by covering all roofs with the same solid — or blended — color asphalt roofing.

Campus Capers

At Carleton

Carleton college has awarded to Robert E. Pearson, son of Mr. and Mrs. Harry Pearson, 503 N. Haddow st., Arlington Heights, one of the two four-year Carbide scholarships offered to incoming freshmen.

The scholarship, created by the Union Carbide and Carbon Corporation, covers the complete cost of tuition at Carleton for a full four-year academic course and provides, in addition, allowances for necessary books and fees. Pearson's scholarship will be renewed annually at Carleton as long as he maintains a good scholastic record. Students planning to enter business or industry who have outstanding secondary school records and are recommended by their school authorities are eligible.

In addition to being valedictorian of his Arlington Heights high school graduating class this June, Pearson has an enviable record in Boy Scout and camp work and in extra-curricular activities in high school. He attained the rank of Eagle scout, has served as junior assistant scoutmaster, and as counselor and instructor in scout and private camps. He played in the high school band and orchestra, was active in Thespians, and a member of the national honor society, the chemistry and German clubs.

His particular career interest is chemical engineering. He won honorable mention in the 1953 twelfth annual science talent search conducted by the science clubs of America throughout the country.

At Hawaii

Introduced to Hawaiian hospitality at an Aloha tea given June 26 at the women's residence hall on the University of Hawaii campus where she is staying was Joan Winterbauer, daughter of Mr. and Mrs. Henry T. Winterbauer, 550 Banbury rd., Arlington Heights.

Miss Winterbauer is among the more than 3000 students attending the six weeks summer session at the University.

The University of Hawaii is a fully accredited institution of higher learning, and credits earned by summer students are transferable to mainland colleges according to nationally accepted practices. The main university campus, located in beautiful Manoa Valley, is not far from some of the island's finest beaches, making it possible for students, after a morning of classes and study, to take advantage of the sunshine, sands, and surf in the afternoon.

Many activities, in the community land on campus, are planned for the summer session students so that at the end of six weeks they can take home more than the accumulation of college credits.

A sophomore at Northwestern university, Miss Winterbauer is taking a psychology course and learning how to do the hula in the dances of Hawaii class.

At Wisconsin

Two students from Arlington Heights are attending the 24th annual Wisconsin music clinic now in session on the University of Wisconsin campus for three weeks to July 25.

A total of 643 school musicians from Wisconsin and seven other states are enrolled in the clinic.

The Arlington Heights students are Lucinda Meineke and Sharon Newman, who both play violin in the all-state orchestra.

Caldwell Ave. Bridge Over Edens Expressway Wins U.S. Award

The Caldwell ave. bridge over Edens expressway was heralded this week as the most beautiful steel bridge in its class erected in the U. S. in 1950.

Two attractive stainless steel plaques awarded by the American Institute of Steel Construction Inc., which conducts the annual bridge competition, were unveiled at exercises held Tuesday morning on the bridge. The presentation was accepted by County Board President William N. Erickson on behalf of the county highway department, which designed and built the bridge.

The prize winning bridge is 228 feet in length and cost $285,000. It competed in class III, under 400 feet in length and $500,000 in cost.

William J. Mortimer, acting county highway superintendent said it is one of 81 bridges designed and built by the county since 1946. The structure over Calumet expressway at 159th st. was awarded honorable mention in 1948.

Lessons In .... English

by W. L. GORDON

Words Often Misused

Do not say, "She fell off of the platform." Omit "of.."

Do not say, "I am very pleased with the vacation plans you have made." Say, "I am very much pleased."

Do not say, " We have proof of this having happened." It is much better to say, "We have proof that this has happened."

Do not say, "Either you or I are going." Say, "Either you or I am going," the verb agreeing with the subject immediately preceding it.

Do not say, "I cannot help but believe she is faithful." Say, "I cannot help believing she is faithful."

Do not say, "Let's don't quarrel about it." "Let's" is a contraction of "let us," and you would not say, "Let us don't quarrel." Say, "Let's not quarrel."

Words Often Mispronounced

Viands. Pronounce the i as in vine, not as in vim.

Livelong and long-lived. In "livelong" the i is pronounced as in it. In "long-lived" the i is pronounced as in life.

Grimace. Pronounce gri-mas, i as in it. a as in ace, accent second syllable.

Leonine. Pronounce le-o-nin, e as in me, o as in no unstressed, i as in nine, accent first syllable.

Monosyllabic. Pronounce mon-o-si-lab-ik, first o as in on, second o as in no, both i's as in it, a as in at, accent fourth syllable.

Nihilism. Pronounce ni-hi-liz'm, first i as in night, second i as in it, accent first syllable.

Words Often Misspelled

Humorous (jocular). Humerus (a bone in the arm). Franchise; ise. Fraternize; ize. Ammeter; two m's. Amethyst; one m. Ecstatic; observe the ecs, not ex. Magnate (a person of influence). Magnet (something which attracts). Eaves (lower edges of a roof). Eve (the day before a holiday).

Word Study

"Use a word three times and it is yours," Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Mutable; capable of change in form, qualities, or nature. "Nature is possessed of mutable qualities which add much interest to life."

Fragmentary; composed of fragments; not complete. "Our only evidence is fragmentary."

Captious; apt to catch at faults. "The envious type of person tends to be captious."

Ordinate (adjective); well-ordered; regular; methodical. "His life is blissful and ordinate."

Avid; eager; greedy. (Pronounce the a as in at). "Avid curiosity prompted the question."

Cogitate; to revolve in the mind; consider; meditate; plan. "We must cogitate before we act."

Conjecture (noun); a surmise; a guess. "This is merely a matter of conjecture."

'Personal Appearance' Next at Chevy Chase

Barbara Moro, talented TV personality whose sparkling performance as the lead in "Legend of Sarah" at the Chevy Chase Summer Theatre warmed the cold hearts of the Chicago critics, will have the featured role in "Personal Appearance," which opens at the Wheeling theatre Tuesday, July 28th.

"Personal Appearance" is a spicy, whimsical type of play that readily lends itself to theatre-in-the-round. The plot centers about an egotistical movie star who believes she's the earth's orbit. Her car breaks down in a small mid-west town while she is on a personal appearance tour. Forced to remain in the sticks for several days she waves her wiles at the town's prize catch. To tell more would give away the strange twist in events.

'Brigadoon' Next at Music Theater

Music theatre will present the sixth production in its series of ten of the most popular musicals, when it presents "Brigadoon," one of the greatest Broadway hits of our time starting Tuesday, July 28.

"Brigadoon" tells the story of two sophisticated New Yorkers who, while traveling thru the Highlands stumble upon the enchanted Scottish village of Brigadoon which exists for only one day out of the century. On this very day Tommy Albright, (played by Robert Busch), one of the Americans, falls in love with a village lass, Fiona MacLaren, (portrayed by Mary O'Fallon). Realizing he must give up all contact with the outside world if he married her, Tommy hesitates at first, but then love conquers all.

Following "Brigadoon" will be four "hit" musicals: "Allegro" Aug. 4 thru Aug. 9; "On Your Toes" (Rodgers & Hart) Aug. 11 thru Aug. 16; "Kiss Me Kate" Aug. 18 thru Aug. 26; "Lady In The Dark" Aug. 27 thru Sept. 6. "Girl Crazy" is currently playing through July 26.

'Born Yesterday' at Showcase Theatre

Hope Summers, the personable producer of Showcase Theatre in Evanston, announces the opening of the Garson Kanin riot of laughs, "Born Yesterday" beginning Tuesday, July 28, for a limited two-week run. Special Wednesday matinees on July 29 and August 5.

The play stars blonde ingenue Pat Stedman as the dumb ex-chorus girl friend with more glamour than grammer. Miss Stedman is a regular member of the popular theatre's all-professional company and has appeared in twelve of the theatre's productions. She received the highest of praise for her most recent appearance in the successful "Petticoat Fever."

Richard (Dick) Reinauer will portray the junk czar who ran a small junkyard into a big-time steel business.

At Grant Park

Thor Johnson, conductor of the Cincinnati Symphony Orchestra since 1947, comes to Grant Park for his second successive season to conduct two concerts by the Grant Park symphony orchestra Wednesday and Friday, July 29 and 31.

His Wednesday concert will have as soloist the talented young cellist, Paul Olefsky, 4014 N. Central Park ave.

Friday evening the orchestra will perform Mozart's overture to "Il Seraglio," Albeniz' Three Excerpts from "Iberia," Polovetzian dances from "Prince Igor" and Dance of the Exultant from "Three Hassidic Dances," by Leon Stein.

Gems of Thought

PRINCIPLES

The divine Principle of healing is proved in the personal experience of any sincere seeker of Truth.

—Mary Baker Eddy

Expedients are for the hour; principles for the ages.

—Henry Ward Beecher

Many men do not allow their principles to take root, but pull them up every now and then as children do the flowers they have planted, to see if they are growing.

—Longfellow

We may be personally defeated, but our principles never.

—William Lloyd Garrison

POOLE FORDS IN LEGION BASEBALL QUARTER FINALS

Best track in the country is kept that way at Arlington Park between races when "The Monster" sprinkler, built by Clarence Brinkman waters 50 feet of the racing strip, more than ample space for the horses in the next race.

Pleasing The Public Aim Of Arlington Park

Brinkman's Patented Sprinkler Heads List Of Improvements

Ingenuity, time and a desire to serve the public at Arlington Park race track has attracted tens of thousands of fans this year who plank down their money and hope some horse can bring their ship of state around the oval.

But behind the scenes there's a lot more than just dusting off the seats and awaiting arrival of the crowd each day, a crowd that averages $58 to $74 per capita at the mutuel windows.

There's action aplenty at the track, operating an establishment housing more than a thousand people six weeks of the year, entertaining them, keeping them occupied, with most of the work done before a single fan passes through the outer gates.

* * *

ARLINGTON racing is strictly a local proposition, from the number two men on down to the guy with the bucket who washes the floors of restaurants, offices and other spaces within the giant grandstand.

Ben Lindheimer, with daughter Marjorie's help, is top man at the plant housing the greatest racing strip in the country.

Then comes the local angle, with twenty-eight men hired year 'round(from supervising to farming, guarding, painting and carpentry. And working for the track a dozen years is strictly kid stuff with many Arlington and Palatine men getting checks from the same firm 20 and more years.

* * *

IN CHARGE of the track, turf course, training track, grounds, garage and equipment, from tractors to trucks to a station wagon for the stewards, is Clarence Brinkman. Clarence now lives within the track grounds, has been working there since the spring of '29. His official title is track superintendent.

Floyd Plumhoff, in charge of the grandstand, has been roaming the tiers 27 years.

At the "back gate," that small entrance on the east side along Wilke road, is Fred Hintz. He's been waving 'em in for a quarter century.

One man who's been at the track ever since the first race back in 1926 is Art Weinrich. He now serves as timekeeper. Then there's John Nichols, who also started working there in '29, the year of the stock market crash.

* * *

HAROLD BRINKMAN, brother of the superintendent, has been around the oval 24 years, with one of the "newer men" none other than Clarence Jr., who's been there ten years. The army borrowed him for awhile.

Lester Dobbins is another local man who has seen 18 years of racing from the inside.

Most popular activity at the track, however, is watching the horses chase each other around the oval every week day afternoon, six weeks of the year.

* * *

BRINKMAN'S pride and joy, self-designed, welded and assembled this past winter, is the track sprinkler, already dubbed "The Monster" by the press. No official name has been given the device, however, though it has been patented and is already in demand by other tracks.

"We had to devise some method of sprinkling the track between races without putting ruts in the dirt that would injure the horses," stated the superintendent.

"The thought came to me last summer that a watering truck with a long boom was the answer and set about to build it."

First successful stop for Brinkman was an Elgin junk yard where he picked up 1,000 pounds of windmill stee'. Next was acquisition of two full swivel knee action wheels, the type used for single wheeled trailers.

* * *

THEN CAME the 50 foot long boom, enclosed three inch pipe, and power winch at the front of the truck to pull the boom in and out.

With 4200 gallons of water needed two water supply trucks were added, with each vehicle holding 1,500 gallons. To cover

Redwings Felled By 8-Run Blast By Tigers, 13-6

Arlington Redwings suffered their first loss in the Midwest league tournament Sunday, dropping a 13-6 encounter to the Chicago Tigers. Two losses are necessary before a team is eliminated from tourney competition.

This Sunday the Redwings travel to Skokie to meet the Indians, game time 3 p. m.

The loss Sunday was particularly costly with Earl Stretton suffering a pulled vertebrae, and Elmer Kirchhoff an injured leg.

* * *

OTHER THAN that big eight run inning for the Tigers, the sixth, the ball game was of respectful proportions.

The Redwings tallied first with a pair of runs in the initial frame on walks to Hernbrott, Willie and Nelson, plus a single by Bob Spinks. A double by Connie Hernbrott, walk to Kirchhoff and a triple by Spinks brought in two more in the second, after the Tigers had tallied once on a double and two singles.

Willie's walk, followed by Stretton's single made it 5-1 for the locals in the third. An error, walk and a single by Morrissey made it 6-1 in the fourth.

* * *

THE ROOF then fell in as seven singles, triple, walk and an error brought in eight tallies. The visitors scored again in the eighth on a homer, and a trio of runs were counted as the Tigers marked up a triple, single and double.

Final tally was 13-6, with the locals also on the short end in hits, 19-5.

Tigers (13)	Ab	R	H	Redwings (6)	Ab	R	H

Golden's Jumps Into 1st As O'Day Drops To Fourth

It has happened. George O'Day came up against straight shooting Mt. Prospect Electric and were dropped to fourth place after being beaten 7½ to 2½ in the Tuesday division of the Mt. Prospect golf league.

The boys from Golden's were waiting for this opportunity. They soundly whipped Winkelman's Service, 9 to 1 and jumped from third to first.

In second place, by virtue of an 8½ point victory over the team from Van's Gift Shop, is the Henry Kruse's Schlitz team.

MT. PROSPECT Jewelers, despite a 7½ point win were dropped from second to third by these other fast moving outfits.

Dick Webb is the golfer everybody would like to have on his team. For Mr. Webb is the hottest point winner in the league, bar none. He has won 23 5/6 points in his ten matches to date. That means Webb has not lost a single match. Our team would gladly trade a broken down B player for Dick. We'd probably throw in a set of clubs too.

Leading the birdie shooters was the same Dick Webb with a birdie on the sixth hole. Other birdie shooters were: T. Taylor, Red Barrow, Kirmy LeMay, Bob Payne, Bob Mors, Bill Lovell, Hal Jauch, Bob Gerrard.

Standings July 14:

Golden's Food Shop	62
Henry Kruse's Schlitz	61½
Mt. Pros. Jewelers	61 1/6

Van's	49 2/3
Winkelman's Shell Serv.	46½

Driving Contest at Arlington Country Club

Arlington country club will hold its second annual driving contest Sunday, Aug. 16, manager-pro Dan Taggart has announced.

The player hitting the longest poke off the first tee during a regular round of play that day will be crowned driving king of the rolling, intriguing 18-hole layout.

Barney Jauman, husky Chicago CTA conductor, won the big trophy last year with a wallop of 265 yards.

There is no extra charge for the driving contest—one poke goes with the price of a greens fee.

The Arlington course, situated on Dundee rd. (route 68), two miles west of Wheeling, will be busy that day with the qualifying round for the club championship also on the schedule.

Ten Player Deal Evens Heights Little League

By The Dad of A Little Leaguer

Arlington Heights' Little Leaguers this week stole the show from the major leaguers with a spectacular 10-player trade that involved every team in the league.

The deal rivaled the recent seven-player transaction between the Chicago Cubs and the Pittsburgh Pirates which involved home run hitter Ralph Kiner.

Another difference between the two transactions (a big one) was the fact that no money traded hands in the Arlington Heights Little League — where the kids slam out base hits strictly for fun.

* * *

FROM NOW on, husky John Weisenbach, who struck out 17 in six innings — all but one batter — in pitching the Yankees to a crushing 10-2 victory over the Dodgers last week, will toss his righthanded slants for the Braves.

As a matter of fact, Weisenbach made his debut with the Braves Monday night at Recreation park, hurling the last two innings of the thrilling 2-2 five-inning tie with the league-leading Giants.

In an effort to balance the six-team loop, three members of the powerful Giants were traded to other clubs.

* * *

HERE ARE other nine players and the clubs to which they went:

Jim Lacina, Giants infielder — to Braves.

Dennis Schumacher, Giants pitcher — to Yankees.

Jerry Kouzmanoff, Giants infielder — to Braves.

Richard Duenn, Yankees catcher — to Cardinals.

Mike Koenig, Yankees to Cardinals.

Bill Kopplin, Yankees — to Braves.

Don Raupp, Braves — to Cardinals.

Jack Mutti, Braves — to Dodgers.

Dennis Fitzpatrick, Braves — to Dodgers.

The trade was announced Monday night by Bob Hutchinson, chairman of the Arlington Little League's team managers committee, who was given the added duties of assistant to President Lloyd Taylor at the board of directors meeting in the fieldhouse.

* * *

ALSO PRESENT at the important session were Bob Spinks, vice-president; Chuck Bennett, secretary; Duke Kopplin, treasurer; Jesse Johnson, chairman of the finance committee; Jim Kennedy, Harold Luettschwager, Les McAuliff, Joe Brodnan and Mrs. Glenn Buckley.

In the Yankees-Dodgers fracas, the two Hutchinson brothers, Bob, a catcher, and Alan, a shortstop, were the batting heroes with two hits each, Alan clouting a home run.

In being denied of his third straight victory, Tom Taylor of the Giants held the Braves to one hit, a single by Shortstop Bill Spomer in the fourth inning when the Braves scored one of their markers. The Braves' other run came in the second frame.

* * *

THE GIANTS averted defeat in the fourth inning when they pushed over two runs on singles by Catcher Jim Solon and First Baseman Bob Bennett.

Taylor whiffed 12 — his lowest total of the season. Denny Hartman hurled the first three innings for the Braves and Weisenbach finished. Each yielded one blow.

Tonight (Thursday), the Giants and Yankees hook up in a big battle at Recreation park, starting at 6:30 p. m., with the Cardinals and the Red Sox making a second attempt to clash tomorrow night in a game that was rained out last week.

* * *

IN THE OTHER business transacted by the board of directors, Frank Harris was transferred from the finance committee to the team managers group and his place on the finance section was taken by Harold L. Lussow.

Mrs. Jack LeBeau was appointed recording secretary by President Taylor, who said that the Arlington Little League had been granted an official charter by Secretary of State of Illinois Charles F. Carpentier.

Prospect Heights Little Leaguers Beat Mt. Prospect

The Prospect Heights Little Leaguers snapped a seven game winning streak of the Mt. Prospect Cubs with an 11 to 1 victory at the Heights ball field on Thursday, July 16. The win was especially welcome since the Cubs had previously taken three close games from the local team, each one by a margin of one run.

The boys from the Heights had their batting eyes focused and touched Francek and Trimble, Cub pitchers, for nine solid base knocks, included in which were three home runs and a triple. Bill Phar, Don Haley and Mike Dundy hit for the circuit while Dale Hedberg touched off the triple.

Dundy, in addition to the homer, lined three singles to come up with a perfect four for four day. Don Haley, Prospect Hts. southpaw, pitched the whole game, allowing three hits while hanging up eleven strikeouts.

Thursday, July 23, will see Prospect Heights playing the Mt. Prospect Lions at Elmhurst and McDonald rds. The game will start at 6:30.

Arlington Golfer Wins Rhode Island State Golf Title

Competing against top golfers from all over Rhode Island, Ralph A. Becker, Arlington Heights airman stationed in Rhode Island, defeated veteran Art Prisco for the state public links golf championship at Triggs memorial golf course last week.

Becker went into the final round of match play a definite underdog, but proved he was not, as he shot a 78 for the final 18 holes, and defeated Prisco one up.

Becker's best score of the tournament was shot in the third round, where he shot a 74 over the tough course.

At the present time Becker is participating in the New England amateur golf championships at Wannamoisett country club in East Providence, R. I.

District Little League Tournament Opens At Northbrook Saturday

Tournament competition leading eventually to the Little League baseball championship of the United States will open Saturday, July 25, for 14 leagues in Illinois District No. 6, embracing northeast Cook county and all of Lake county.

The District tournament will involve teams representing Libertyville, Waukegan, North Chicago and Deerfield of Lake county, and Des Plaines, Evanston, Glenview, Morton Grove, Niles, Northbrook, Park Ridge, Skokie, Wheeling, Mt. Prospect, and Wilmette, from Cook county.

The District tournament is under the direction of Walter "Doc" O'Neill, president of Northbrook Little League. Tournament arrangements and drawings were made at a meeting of league representatives held in Northbrook last weekend.

* * *

THE TOURNAMENT teams will, in each instance, represent their whole league, rather than any one of the regular season sponsors. The squads will be limited to 14 players, and the adult coaching staff is limited to three per team.

At the conclusion of the District 6 tournament—the championship game is to be played on the Northbrook field at 1:30 p. m. Saturday, Aug. 1—the winner will move on into regional competition against other Middle Western district winners. The next step will be the sectional playoffs at Ft. Wayne, Ind., and finally the eight-team "world series" at Williamsport, Pa.

* * *

THE PAIRINGS for the District 6 tournament are as follows:

Saturday, July 25, 1:30 p. m.: Game No. 1—Waukegan vs. Libertyville at Libertyville; No. 2—North Chicago, bye; No. 3—Wheeling-Mt. Prospect vs. Wilmette at Northbrook; No. 4—Northbrook vs. Deerfield at Wilmette; No. 5—Morton Grove vs. Skokie at Glenview; No. 6—Evanston vs. Glenview at Des Plaines; No. 7—Niles vs. Park Ridge at Park Ridge; No. 8—Des Plaines, bye.

Monday, July 27, 6:00 p. m.: Game No. 9—No. 1 winner vs. North Chicago at Libertyville; No. 10—No. 3 winner vs. No. 4 at Northbrook; No. 11—No. 5 winner vs. No. 6 winner at Wilmette; No. 12—No. 7 winner vs. Des Plaines at Park Ridge.

Wednesday, July 29, 6:00 p. m.: Game No. 13—Winner of Game 9 vs. winner of Game 10, at Northbrook; Game No. 14—Winner of Game 11 vs. winner of Game 12, at Glenview.

Saturday, Aug. 1: 10:30 a. m.: Loser of game 13 vs. Loser of game 14, for third place; 1:30 p. m. Winner of game 13 vs. Winner of game 14, for championship. Both games at Northbrook.

Arlington Heights Little League will not have its official status until next year, and is not eligible to compete in this year's tournament. Proposed Palatine Little League is in the same position.

Merchants Win 24th., 25th Tilts

Mt. Prospect Merchants Little League team added two more victories to their league record to give them a 15-1 standing for the year.

Wednesday evening, July 15, they traveled to Lions field in Mt. Prospect to defeat the Lions, 25-4. Danny Hahn, pitching his second Little League game, struck out eight Lions in four innings to gain his second victory.

* * *

MONDAY EVENING, July 20, they traveled to Wheeling to defeat the Chamber of Commerce, 14-6. Gene Dahlquist allowed six hits to gain his second Little League victory.

Peterson, with three for four and six runs batted in, and Thill with two for three, including a home run, led their team offensively.

Dever and Cokenower, with two hits apiece, led the Chamber offense.

* * *

THE MERCHANTS Little League record now stands at 25 wins and one defeat for the season. Sunday, July 26, they meet Highwood All Stars at 2:00 o'clock at School and Busse sts.

Arlington Nine Slated To Meet Berwyn Next

by BOB FRISK

Slamming four pitchers for 15 hits and 13 runs, Arlington's Poole Fords routed Naval Post No. 372 last Sunday, 13-2, and easily qualified for this week's Cook county Legion finals at Franklin Park.

The locals had previously whipped the Naval Post, 8-6, in the initial game of a best two of three series.

* * *

AS A RESULT of their two victories, Heights joined Winnetka, Berwyn and Roseland in the double elimination series which was scheduled to begin Wednesday and run through Sunday.

Winnetka was slated to meet Roseland at 5:00 Thursday while Manager Lloyd Meyer's nine was to face Berwyn Wednesday.

The Cook county winner will advance to the state meet at Springfield August 1-3, and the winner there will compete in the National finals at Miami, Fla., September 1-5.

Losers would meet Friday, July 24, at 5:00 at Franklin Park, with the winners to oppose each other Saturday at 1:30. The loser in this game would meet Friday's winner at 4:00 Saturday afternoon.

The two winners Saturday afternoon would meet Sunday afternoon at 2:00, with another game following Monday at 5:00 if necessary. Two losses are necessary to eliminate a squad.

* * *

IN THE FIRST GAME of the series with the Naval Post, representing Senn high school, Arlington used four pitchers to salvage an 8-6 win.

Mike Shanklin started on the hill for the locals and hurled good ball for five innings, allowing only two hits and one run.

Next in line was Ted Bakalar, regular third baseman, but Senn solved his slants after one inning and knocked him out with a four-run seventh.

Bob Dotts, starting catcher, relieved Bakalar and Dave Ryden came in for the final out.

Arlington collected eight ihts off the three Naval Post pitchers with Rog Thomas and Carley Verret getting two each.

* * *

LAST SUNDAY'S affair was strictly "no contest" as the locals turned on the offensive power and shelled the host nine 13-2 in seven innings.

Taking advantage of the hitting support Ryden, starting pitcher, coasted to his fourth success of the season, although Dotts hurled the seventh frame.

Arlington tallied four times in the second, then added a trio of runs in each of the fourth, fifth and seventh innings.

Verret took batting honors for the game with a homer, double, single and four runs batted in. These three safeties boosted his team-leading average to .448.

MAC SAYS

BY G. A. McELROY

THE PRESENT GOLF COURSE west of Palatine, known as the Inverness golf club, was a sporty little nine hole layout back in the 1920s. Named Meadow Grove golf club, it was owned by Cudahy Packing Company and was a semi-private course open to non-members on a daily fee basis. Most of the members were Chicagoans who played week ends, leaving the course daily fee during the week.

During the depression the club had its financial troubles, and at one time family memberships were offered as low as $25.00.

In the late thirties A. T. McIntosh real estate company saw the possibilities of developing a fine residential community in a country setting with the Meadow Grove golf club as its center. The golf course and community was renamed "Inverness," and one of the first moves was to enlarge the course to 18 holes.

Holes 1, 2, 3, 7, 8, 9, 10, 17, 18 of the present course were those of the old nine hole Meadow Grove Club. The addition to the course provided a very difficult and sporty back nine.

★ ★ ★

INVERNESS HAS BECOME a very attractive residential section, and there has been no time in the last 10 years when new homes were not under construction in this McIntosh housing development. Way Thompson, manager of the Inverness project and an executive in the McIntosh organization, told us recently that in spite of its rapid growth, the Inverness project is only half-completed.

Inverness is a private club open only to members and guests. It is owned and maintained by the McIntosh organization, but the members organize and plan the activities of the club. "Bud" McCartney, Inverness resident, is president of the club which this year has a membership of 165 families.

★ ★ ★

STAN ARENDT

THERE IS ONE PERSON who is as much a part of Inverness as its famous 18th hole. That man who has devoted the last 27 years of his life to the maintenance of the course and the teaching of golf is its pro, Stanley Arendt. He came to Palatine in 1925 to take over the Meadow Grove club and has had a part of the growth both of Palatine and Inverness ever since.

The club would not be Inverness without handsome, sociable, Stan Arendt, whom members and residents of the area have grown to respect as a pro and know as a good friend.

Stan used to be an outstanding golfer. Now he plays only about once a week on an afternoon when pro shop business is slack and no golf lessons are scheduled. Still, he usually shoots in the seventies with the best of the club's golfers. During the off-season Stan works at Palatine Drug Co. where he has an interest. To Palatine Stan Arendt is "Mr. Golf."

★ ★ ★

FOURTH ANNUAL PADDOCK PUBLICATIONS golf tournament for the top four man team of each of eight Paddock circulation area twi-light golf leagues will be held at Inverness Sunday, August 16. This event was held at Mount Prospect golf club prior to this season, but the league wished for a neutral course played by none of the teams.

Through the co-operation of A. T. McIntosh and Way Thompson the Inverness course has been made available for this event, and the eight foursomes will tee off between 12:30 and 1:30 p. m. on the 16th.

We hope to tell those who play in this tournament a bit about Inverness, with the above the first of several columns. Next week we shall describe, hole by hole, the front nine and the following week, the last nine.

★ ★ ★

NOTE OF OPTIMISM is found in the list of pro football games to be seen on TV this year . . . Cleveland at Chicago Cardinals (tentative because of world series) . . . Two Cardinal home games to be seen are Cleveland and New York, with Bear home contests with Green Bay and Los Angeles slated to be seen . . . Schedule calls for Saturday night and Sunday afternoon telecasts from October 3 through December 13 . . .

Rogers Hornsby says "farm systems are a lot of hogwash . . . Give the minors back to the cities themselves and develop local interest" . . .

Jack Stickels, Libertyville high school graduate, has been hired as assistant football coach and frosh-soph basketball mentor at Hinsdale . . . "Liz" Astroth who "almost" became Libertyville's football mentor in 1950, has signed at Glenbard to coach baseball and frosh-soph football . . . Two of seven returning lettermen at guard for Illinois this fall will be Jan Smyd of Leyden and Paul Luhrsen of York . . . This past year Illinois won its sixth straight outdoor track, third straight indoor, and four straight gymnastics, second straight baseball (tie) and fourth straight fencing championships . . .

★ ★ ★

WILLARD SCHULDT, outstanding nine letter man at Elgin and a member of the basketball team which took third in the state in 1950, has been killed in Korea . . . He went into service in December, going into Korea the middle of June, then up to the front June 27 where he was killed July 11 . . . Golden's Food Shop, the "cinderella team" of the Mt. Prospect Tuesday golf league last year, moved from last place the middle of June to first the week before last year's Inter-League Handicap . . .

They dropped to second the eligible week, missing the tourney, but moved back into the top spot to stay for the league championship . . .

This past week the same team jumped into first place by a half point, determined to make the big meet for sure . . .

Top point getter, by the way, for that league is Dick Webb with over 23 points in ten matches . . . He has yet to lost his first encounter . . .

Clarence Brinkman stands alongside his track sprinkler at Arlington Park race track, before having his men wet down the track before the first race Monday of this week. —Gareiss Photo.

Pleasing The Public Brings Fame (And Fortune) To Arlington Park

(Continued from preceding page) several weeks work in one sentence, Brinkman's baby was then in operation.

* * *

HERE IS what the mechanism means to the track:

It saves two hours work every night breaking up the track after former truck wheels always packed the racing area. Only the small wheels supporting the 1,000 lb. boom ride in the racing area, making a mark easily covered and causing no rut.

It saves the constant use of three smaller sprinklers.

It saves the overlapping of sprinklers of the old days, with the attendant too-wet strips next to the too-dry areas.

And it provides a good test of the driving skill of Harold Brinkman and other men who operate the supply trucks from opposite ends of the track several times a day, keeping the three inch hose over the nine inch opening on top of "The Monster."

* * *

TWO OTHER innovations devised by superintendent Brinkman include a horse ambulance and the light tractors which drag the harrow over the track several times a day.

The ambulance, pulled by a tractor, is the only one of its kind where the horse walks both on and off without turning while being transported, saving discomfort and possible further injury to the animal.

The light tractors, taking the place of horses that used to pull the harrow, have added three inch wide lugs, once again leaving no holes or ditches in the running surface.

These harrows are used between 8-8:15 every morning, after the horses have been training since 5 a. m., are then used again after training closes at 10 each morning.

* * *

BRIEF RUNDOWN of many of the new features of the past two years under the direction of the Lindheimers:

Erection of five motion picture cameras at the four corners and atop the grandstand, taking pictures of every second of every race.

Horsemen can review the movies mornings after each day's racing with an eye to improving techniques, etc.

Grading of the turf training track, awaiting seeding this fall. Arlington has a mile and an eighth racing course, mile training track, and the turf course just inside the regular oval. With one to three turf races every day during the six weeks, the only turf training oval in the country will be in operation next year.

* * *

MOSQUITOES and flies have always posed a problem around a race track. Bushes along a creek always were an invitation to insect conventions. This year Brinkman had the bushes cleared, leaving ample space for spraying the creek in addition to the stables as often as necessary.

The track raises many tons of hay and feed for its own horses, a group of six quarter horses used to lead the favorites to the post. Practical side of this maneuver is to catch any thoroughbreds who streak away before the official start, preventing injury and possible refunds to bettors.

The track has its own fire and police departments. The firemen, recruited from Palatine, Arlington Heights and Chicago, work three eight hour shifts daily, earning extra dough and providing protection for hundreds of horses and the investment of the track. Forty to sixty police are used daily to maintain order, protection and good will.

* * *

ON LARGE attendance days, like last Saturday when just short of 40,000 fans poured through the turnstiles, free buses haul patrons from outlying parking fields to the grandstand and back again.

"We've never yet turned away a car," stated Brinkman, "and have provided many of them with free towing, tire changing and some mechanical service.

"Our own garage can help in these instances of trouble within the gates."

* * *

CATERING to the pleasures of the hundreds of race trackers living within the fence six weeks of the year is a big job. It includes:

Free movies to all employees, race trackers, and their families Tuesday and Thursday nights in front of the grandstand. Generally five to seven hundred attend. The track provides free ice cream and Cokes at these occasions.

A recreation hall with poker tables, concession bar, showers and large screen television is a great time occupier, with duplicate unmarked facilities for colored workers.

* * *

CAFETERIA style restaurant serves same menus daily as in the clubhouse and grandstand restaurants, once again with duplicate facilities.

A 24-hour hospital is also provided with a doctor and nurses in charge, all free of charge to the help, with a dozen beds available.

In the planning stage is a trailer camp for use during the racing season only in the southwest end of the track property.

* * *

JUST HOW many stables, showers and miles of roadway are present within Arlington Park is unknown to this writer. But the view of the acres of grass, flowers, ducks and the surrounding countryside from the grandstand was certainly beautifully reminiscent of our boyhood days when, at the age of 12, we last climbed the flag pole door of the center tower atop the grandstand.

We never did know what horses were running that day, but it was a thrill we've never forgotten.

Busse Motors In 1st, Aim For Berth In Wednesday Golf

Apparently inspired with the thought of representing the Wednesday night division of the Mt. Prospect twilight golf league in the Paddock Publications tournament, Busse Motors came in with another rousing victory last Wednesday. Their 8½ to 1½ victory over Hook's Nursery gave them a 4¾ point lead over their nearest rival, which, barring an unforeseen catastrophe seemed good enough to keep them in the lead until the August 1 deadline. There are some rumors a saliva test will be requested if the Motorboys continue this pace.

The best Barclay-Clearbrook could eke out was a 5½ to 4½ victory over Sundbergs, but it was enough to keep them in second place as Mt. Prospect State Bank and Mt. Prospect Bowling Lanes battled it out for third place. The Bankers continued their slump and lost to the Keglers, 4½ to 5½, but held on to third by a slim 2/3 of a point.

Edmund Alan Rash Jr. continued his spectacular golf of the past few weeks by scoring birdies on holes 5 and 8. Other birdies scored were Harry Grimm, No. 3; C. Hamburg and H. Patheal, No. 13.

League standings July 15:

Busse Motors	73¼
Barclay-Clearbrook	68½
Mt. Pros. State Bank	65 2/3
Mt. Pros. Bowl. Lanes	65
Busse-Bierman	62¼
Kirchoff Insurance	59½
Illinois Range	59½
Sundbergs	58½
Van Driel's Drugs	55 1/3
Hooks Nursery	54½
Moler's Barber Shop	48½
Annen & Busse	47 5/6

Prospect Heights Little Leaguers Start Second Half

The Prospect Heights Little League, starting the second half of their schedule, saw the Cubs beat the Phillies, 9-2, Monday, July 13. Les Vaughan was the winning pitcher for the Cubs while John Marxen hurled for the Phillies.

The Red Sox took a close one from the Braves Wednesday, July 15, by a score of 12 to 11. The Braves, coming from behind, scored two runs in the last inning and had the bases loaded when Ronnie Beeks, coming in as a relief pitcher, struck out the last hitter to put out the fire and end the ball game.

The White Sox threw a scare into the league leading Cardinals on Saturday, July 18, but the Cards managed to squeeze through with a 9 to 8 victory. Dave Selman had a home run for the White Sox in this game.

Standings of the league as of July 18 are as follows:

Cardinals	6	0
Red Sox	4	2
White Sox	3	3
Cubs	2	4
Phillies	2	4
Braves	1	5

Palatine Bows to Northside AC, 8-5

After spotting Palatine two runs in the first inning, the Northside AC nine shelled three enemy hurlers for 11 hits to capture an 8-5 victory in a Shore Line baseball league game at Victory Park, Waukegan.

Leading the potent batting attack of the victors in this game was Big Johnny Griggs with a triple and Don Schultz and Bob Graham both contributed two hits.

A timely hit by Howie Burtglaff enabled the visitors to jump off to a two-run lead in the top half of the first, but the Northsiders came right back to tie the score in the same session on Griggs' triple, followed by singles by Schlosser and Don Zylius.

Schlosser Cracks Homer

Schlosser's homer broke the deadlock and gave the Northsiders a 3-2 lead in the fourth and then the Metzgermen virtually clinched the verdict in the seventh when they pushed across four big runs to grab a 7-2 advantage. Both teams added one marker in the eighth.

Glenbrook Releases Football Schedule

First complete football schedule of the new Glenbrook high school was released this week, including four Northwest conference games at home. Five freshman games are also included:

Saturday, Sept. 19, Glenbrook at Ela-Vernon.
Saturday, Sept. 26, Glenbrook at Wauconda.
Saturday, Oct. 3, Palatine at Glenbrook.
Saturday, Oct. 10, Glenbrook at Bensenville.
Saturday, Oct. 17, Antioch at Glenbrook.
Saturday, Oct. 24, Grant at Glenbrook.
Saturday, Oct. 31, Grayslake at Glenbrook.

Frosh:

Monday, Oct. 5, Wauconda, there, 4:00.
Tuesday, Oct. 20, Bensenville, there, 4:00.
Monday, Oct. 26, Antioch, there 4:00.
Monday, Nov. 2, Wauconda, here, 4:00.
Tuesday, Nov. 3, Grant, there, 4:00.

L-Nor Cleaners Take First in St. James Golf

L-Nor Cleaners had their big chance last week in St. James golf league play at Rob Roy country club and were quick to move into first place, three points ahead of Prospect Heights Service Station. There are just two weeks of competition remaining to determine eligible teams for the Paddock Publications Inter-League Handicap tournament.

Standings July 15:

L-Nor Cleaners	51
Pros. Hts. Service Sta.	48
Stefanik Food	45½
Arlington Milk	45
D. W. Henney & Co.	45
Pros. Hts. Pharmacy	39½
Murphy Insurance	38½
Rapp's Big Freeze	36½
Bill Erickson Boosters	36
Glueckert Lounge	34
Foster Economy House	32
Urick Landscapers	23

Dick Nickelsen Wins No-Hitter on Homer

Bruce Luehr, 1111 Morse ave., Des Plaines, and attending Orchard Place school, was picked most valuable player in Monday night's Little League game at Thillens stadium, Chicago, as seen on television when he twirled a no-hit, no-run game for the first place White Sox. He received a camera and equipment for his efforts.

Only run of the game was counted when Dick Nickelsen of Arlington Heights, Sox catcher, hit his first home run of the season. The White Sox are currently tied with the Phillies for first place with 11-5 records.

Alan Hutchinson of Arlington Heights pitched for the Sox in the 2-1 loss to the Cubs. The games on TV are exhibitions, and do not affect regular Little League standings at Thillens stadium.

Junior Legion Players To See Cubs 'Play'

Junior Legion baseball players from the Chicago area have been invited to attend the Chicago Cub-Pittsburgh Pirates game free of charge Friday afternoon of next week, July 31. Most of the players will be going in groups with admission slated to start for boys with proper insigna at 12:30.

Ninth district managers and coaches will meet August 3 to select an all-star team to meet Poole Fords at Recreation Park either August 16 or 23.

Tri-City Ladies Golf

The Tri-City Ladies Golf league playing at Mt. Prospect country club had "blind holes" for its weekly event July 21. The winners on the first nine were Helen Hochschild and Martha Melick and on the second nine Mary Bullwinkel.

The husbands and wives tournament has been changed from August 16 to August 2.

Team Standing July 21:

Van Driel's Drug Store	53½
Eleanor's Bake Shop	51½
Top Hat Cleaners	51½
Don Hagers TV & Appl.	47½
Bounty Fair	46½
Geisler's Shoes	46½
Barclay-Clearbrook Eng.	45
McMahon Dry Goods	43½
Mt. Prospect Country Club	43½
L. Geo. O'Day Realty	42½
Flaherty Jewelers	39
Helen's Beauty Salon	39
Arlington Pharmacy	35½
Style Salon	33
The Emerald Shop	32½
Lorraine-Anne Shop	31

Julius Boros (left), 1952 winner of the World Championship of Golf, and Cary Middlecoff, runner-up, display the cup which Boros now has to win twice more in succession to gain permanent possession. Scheduled to be held this year August 6 through 9, at Tam O'Shanter Country Club, Chicago, the events will be preceded July 30 through August 2, by the All-American Tournaments, held on the same course.

Paddock Trophies Move

Large traveling trophy, twelve medals, and the dozen golf balls for low individual net in Paddock Publications Inter-League Handicap golf tournament August 16 at Inverness are scheduled to move from Keeling's in Bensenville to Bills' barber shop in Roselle Friday.

First place teams in eight leagues as of August 1 will be eligible for the tournament.

Palatine Softball Team Wins Three, Two In Overtime

by MOOSE FOSTER

This was a great week for Palatine's Softball team, winning three games the past week.

Last Tuesday night the sailors from Great Lakes were shut out, 2 to 0, as Heiden pitched a five-hitter for Palatine. Thursday night Palatine traveled to South Beloit, Wis., to win, 4-3, in 11 innings. Then Sunday night they shipped the Sealmasters of Aurora in 10 innings, 7 to 6.

* * *

IN TUESDAY'S game Palatine scored two runs in the eighth to break the scoreless deadlock. Great Lakes had beaten Palatine, 6 to 5, a few weeks earlier.

Thursday night Palatine played great ball to beat South Beloit in 11 innings. Although Heiden allowed 12 hits he kept them well scattered and only had real trouble in the sixth when they got two runs on four hits. Palatine got only six hits but they made the most of them. Majewski, Heffron, and Heiden each got two hits a piece with Heiden batting in two runs.

* * *

SUNDAY NIGHT before a large crowd in Community park, Palatine came from behind in their second overtime this week to win the third game in a row. With Tracey on the mound for Palatine they battled through the first nine innings to a 4 to 4 tie.

In the tenth inning the Sealmasters' shortstop smashed a home run with a runner on bringing the score, 6 to 4. With the outlook dark, but with Palatine's heavy hitters coming up in the last of the tenth, the crowd went wild.

Majewski, the shortstop, led off with a single. Mussom doubled and Palatine had the tying runs on second and third with no outs. Ned Wickersham was hit by a pitched ball, filling the bases with no one out. Hefferan, the right fielder, then slashed a double to left center to score the tying runs and when the throw from the outfield went into the stands, Wickersham scored the winning run.

Mussom and Majewski hit home runs with the latter going to the highway in left field.

* * *

SUNDAY NIGHT there were valuable prizes given away. Ed Haseman gave a $25 war bond, the Ben Franklin store a dessert set, Johnson's Home and Garden Shop a copper planter, Johnson's Water Softener Co. a ukelele, Schoppe's store a $5 gift certificate and Rolling Green Poultry Farms two certificates for chicken turnovers.

This Sunday, July 26, another game is scheduled for 8:30 p. m. at Community Park. Palatine traveled to Downers Grove Wednesday night.

Lake Zurich Ties Palatine Legion, 4-4

Lake Zurich Merchants and the Palatine nine battled to a 4-4 tie in a game halted by darkness at Palatine. Manager Mike Rizzo's hustling crew, seeking its tenth straight league triumph, moved ahead 6-4 with two runs in the top half of the sixth, but darkness forced the suspension of hostilities before the Legion club could be retired in the sixth, thus reverting the score back to the fifth, at which time the score was deadlocked, 4-4. This game has been tentatively rescheduled for Tuesday, July 28.

Northwest Hwy., Des Plaines

LITTELFUSE

Enjoy the friendly atmosphere of a small community. We are a new company in the Des Plaines area. 90% of our employees are women. They work on small machines or inspect fuses or solder and assemble small parts.

Generally they have little experience and quite often none at all.

FOR THE MOST PART THEIR JOBS REQUIRE LITTLE OR NO STANDING

Most of them are housewives with children and are working to help pay for their new house, automobile, or to get Susie a pair of new shoes.

They receive a good rate of pay, have an opportunity to receive added compensation by working on incentive and enjoy many additional company benefits.

WON'T YOU COME IN AND LEARN ABOUT THE VARIETY OF JOBS WE HAVE FOR YOU?

FULL TIME — 8 a.m. to 4:30 p.m.
PART TIME — 5 p.m. to 11:00 p.m.

Farmers Should Examine Property Lists Carefully

Farmer taxpayers who have examined personal property assessments published this month and feel they have grounds for objection should file a written objection with the county board of review by the end of July.

This advice was given by Bert Vandervliet, director of property taxation for the Illinois agricultural association, the state-wide farm bureau organization.

"The 1953 assessments are being published by townships during July in practically all counties," Vandervliet reported. "Publication serves as legal notice to the taxpayer."

* * *

VANDERVLIET advised farmers to compare their individual 1953 personal property assessments with the figures appearing on their personal property tax schedules.

"If any changes were made in the property owner's tax return by the township assessor, or county supervisor of assessment, they will appear in the published list."

Vandervliet points out that if a written obectijon is not filed, the taxpayer has no other way of getting an adjustment.

* * *

"FARMERS should also find out from their county treasurer if the published list may be subject to a multiplier," he said. "It's safe to assume that if your county had a multiplier in 1952, the same multiplier will be applied to this year's assessments."

As a general rule, Vandervliet said, personal property assessments, except for cars and trucks, should not be more than 50 per cent of current market value. And in some counties objections to any assessments of even 25 per cent of market value may be fully justified, he concluded.

Creep-fed Baby Beeves Better To This Farmer

Creep-fed baby beeves appear to be a lot safer than feeding dry lot steers to a man named L. E. Thomas, Kansas farmer.

Thomas keeps a herd of 30 cows and finishes calves out at about 750 pounds when they are not quite a year old, reports Capper's Farmer.

Pasture creep feeders enable this Kansas baby beef feeder to give calves all the grain they want from the start. The calves, dropped in March, do not eat much grain when the amount of gain is considered.

* * *

WHILE THE calves are nursing, they get needed protein from milk and pasture. Shorthorn nurse cows are kept because they produce more milk than some other beef breeds to make the calves fat and sleek when they are weaned in October. By then the calves are eating enough sorghum grain they never lose milk fat.

Thomas feeds his nurse cows Atlas silage during the winter, puts them on sweet clover early in the spring and later moves them to native grass. All the feed is produced on the farm, and the price of grain-fed calves determines how much the crop brings.

Great Wall

The Great Wall of China is 1,500 miles long.

During busy months many of the farm chores must be done during hours of darkness. However, General Electric farm lighting specialists point out that the right lighting around the farm can do a great deal to speed farm chores.

From the haymow to the path between house and barn, the right bulb in the right place will insure quick, easier and safer seeing.

For haymows, G-E specialists recommend a pair of 150-watt reflector bulbs as shown in the drawing above. In the milking area of the barn, 150-watt silvered bowl bulbs in metal reflectors. Units should be mounted on 12-inch centers for best results.

For safety, be sure to use a 150-watt weatherproof reflector bulb between barn and house. Hang a weatherproof outdoor-type socket under an eave of the house, screw in the reflector bulb, and aim it on the pathway. These bulbs have their own built-in shiny reflector to help direct the light just where it's needed.

Keep Hens Cool During Hot Weather

Extremely hot, dry weather can cause big losses in your farm flock unless you keep the hens cool.

Carl F. Mees, farm adviser, says hens suffer greatly in hot weather because they do not perspire to reduce their body temperature.

Even if they don't die from the heat, Mees says, hens may lose body weight. Egg production drops off sharply, and egg quality and weight both go down. The growth rate of pullets will probably slow up considerably.

* * *

THE HEAT problem is especially great in flocks confined to the laying house. First requirement for keeping the birds cool is to provide plenty of water and floor space for each one.

It will also help to insulate the laying house and then paint the roof with aluminum or other high reflecting paint. When the weather is very hot and you have plenty of water under pressure, you can sprinkle the roof, walls and floor of the house. It even helps to sprinkle the birds with a fine spray.

* * *

ANOTHER REQUIREMENT is cross ventilation in the house to keep fresh air moving in. See that the nests are well ventilated.

Your pullets on range will get plenty of fresh air, but they do need to be protected from the sun. Provide plenty of shade on the range, and then put their feed and water in the shade so that they'll be able to stay there.

13 Farmers Lost Lives In Illinois In June Accidents

Most of the more than 1,000,000 annual farm accidents could be avoided if a reasonable degree of caution were observed, John K. Cox, secretary of general services for the Illinois agricultural association said.

Cox urged all farmers in Illinois to cooperate in observing national farm safety week, July 19-25. "Farmers should be careful, not only during safety week, but all year. Last year about 14,000 farmers lost their lives in accidents, and more than a million were injured," he reports.

"Most of these accidents were preventable. Millions of man-hours of farmlabor are lost annually merely through carelessness. Many thousands of farmers have suffered a loss of income by not being careful in their work."

* * *

LAST MONTH a Southern Illinois farmer drowned when his tractor overturned in a creek, pinning him beneath the machine. Another farmer lost his index finger when he caught it in a rope and pulley while hoisting hay.

One farmer in Central Illinois was shooting groundhogs from his tractor. The rifle fell from the tractor and fired, putting a bullet in the farmer's arm. Overexposure to a chemical spray caused the hospitalization of another man. Last month a farmer died in a fall down a flight of stairs.

"There were 13 accidents fatal to Illinois farmers in June," Cox says. "Twenty-four other farmers were permanently injured and 60 more suffered temporary injury during that one month."

* * *

"WHEN YOU add the loss in agricultural production and individual earning capacity, to say nothing of heartaches in affected families and cost to other taxpayers in insurance and support of orphaned children, you get some idea of the staggering effect these preventable accidents have on society.

The IAA is the state-wide Farm Bureau organization with more than 196,000 farmer members.

Handy Jim's FIXIN-UP TIPS For Farm and Home

How to Convert Attic

WHEN'S an attic not an attic? When it's been transformed into a cozy living quarters or recreation room!

It's quite a simple matter, and economical, too, if you will use a modern remodeling material like Tempered Presdwood. That was the all-wood paneling used to

transform the attic in the illustration into the handsome room for a teen-age boy.

Tempered Presdwood is mighty tough—just the durable material needed in an attic recreation area or room for the young man of the house. Also it's good looking without any paint—a rich brown with the wood fibers showing through. Of course, it can be painted, too, and beautifully.

The entire room may be outfitted by the handyman and his son. For instance, in the room shown the end table, cabinets and desk were made of Tempered Presdwood in easy combinations with lumber. This versatile hardboard may be found in any lumber yard.

Storage for Corn

Where to store corn this fall will be a major problem in many areas. The government is offering to pay 13 cents a bushel storage on resealed corn to encourage on-the-farm storage, and has extended the CCC loan program to finance new farm storage facilities. Farmers may borrow up to 80% of the cost of the structure from the CCC, reports Capper's Farmer. The loan period is four years, with interest at 4%.

Farmers To Vote On Wheat Quotas For Next Season

Secretary of agriculture Ezra Taft Benson has issued a proclamation calling for a referendum by farmers on wheat marketing quotas for the 1954 crop. According to Carl M. Bormet, chairman of the Cook county committee, each farmer whose farm is subject to wheat marketing quotas will soon have an opportunity to vote on whether or not wheat quotas will be in effect.

The chairman explains that a national wheat acreage allotment will soon be determined which at average yields will produce the amount of where needed to meet domestic and export needs plus a 30% margin for safety. The "Carry-over" supply — wheat on hand from previous years — will be considered in determining the national acreage allotment. This will be divided among states and counties on the basis of acreage records of past years.

* * *

....THE COUNTY production and marketing administration committees in recent weeks have been gathering figures from each wheat-producing farm in the state to be used in determining each farm's allotment.

The decision on whether marketing quotas will be in effect rests with the wheat growers. At a date to be announced, wheat growers will vote in a referendum to express their approval of quotas. If more than one-third oppose, marketing quotas will not be in effect for the 1954 crops and price support loans on that crop will be cut to 50% of parity. On the other hand, price support on the 1954 crop will be available to cooperators at 90% of parity if at least two-thirds of the growers voting in the referendum approve quotas. When the quota program is in effect, growers who overplant their allotment will be subject to a marketing penalty on each bushel of excess wheat.

Rural Youth State Camp Starts August 2

Illinois rural youth members will gather for their 17th annual state camp at the State 4-H Memorial Camp near Monticello from August 9 through 14.

Miss Clareta Walker, state rural youth extension specialist at the University of Illinois college of agriculture, reports that the theme for the camp this year will be "the citizen in a camping community." More than 100 state rural youth members are expected to attend.

August 1 is the deadline for final precamp registration.

As usual the program will include the ever-popular topics of family relationships and personality development, Miss Walker says. Activities will include camp sports and craft work. Each evening program will be made up of evensong and recreational activities.

Flavor for Feed?

What'll they think of next? Now it's flavor for livestock, poultry and dog feeds. Advertising, directed to feed manufacturers, uses the argument, "better smell means better sell." And the same "flavor" is offered for cows, horses, hogs, rabbits, mink and foxes. So one thing's certain: It's bound to tease the buyer's smelling senses. If it appeals to animals, we may find the dog lunching on cow feed and bossy eating fido's horse meat.

Farmers Should Use Extra Care During Farm Safety Week

How many Illinois farmers are living with "block-buster" fire bombs on their farms and don't know it?

This question is raised in an article in the July issue of The Record, official publication of the Illinois agricultural association.

Liquified petroleum gas is being used more and more on farms. It's good fuel for tractor engines, crop dryers, home heating systems, and pig and poultry brooders.

Faulty installations and carelessness in many instances literally leave many farmers "wide open" for possible explosions.

The magazine article lists these basic pointers on how to handle liquified petroleum gas safely:

1) Have the system installed by a qualified serviceman who's thoroughly acquainted with the state code.

2) Use soapy water, not matches, for checking — bubbles will tell you where there's a leak.

3) Shut tractor off before adding L-P gas.

4) Should an accident occur, or a leak develop in the piping or appliance, open the doors of the building, close cut-off valve at tank and immediately call a service man.

5) Follow the gauge and avoid filling the tanks too full. This will provide for expansion in hot weather.

No Fueling!

Fire prevention officials warn of the danger of storing flammable liquids in glass bottles, which are easily broken, or in uncovered cans. They recommend the use of galvanized steel fuel cans which won't break open and have snug caps to hold in explosive fumes.

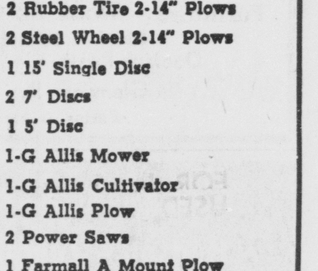

A Proven Starter-Grower Program

For 6 Weeks...
feed palatable, nutritiously correct Red Comb Chick Starter. It produces strong, yellow shanks, rapid feathering and quick growth... at lowest feed cost!

After 6 Weeks..
change to Red Comb Growing Mash plus Red Comb Scratch Grains fed "free choice." Produce the sturdy frames and healthy bodies that mean profitable egg production... or well finished roasters that bring top prices.

New Feed Mill And Hatchery Building

New feed mill and hatchery building now under construction to be occupied by White Lane Hatchery and Warnimont Farm Supply Co. of Roselle, after January 1, 1954.

Present operation of these two companies under the same ownership of J. P. and J. H. Warnimont, is now being conducted at two locations. One in the heart of Roselle and the other about a mile out of town. The new structure will be located on the four lane U. S. Highway 20 (Lake Street) about ¼ mile west of the village of Bloomingdale and about one mile from the present hatchery.

New, modern feed grinding, mixing and seed treating and cleaning equipment will be installed in the plant and the present line of garden seeds, tractors, lawn mowers, etc., will be greatly expanded. Photo taken from model by the owners.

Farm Safety Week July 19-25

President Eisenhower has proclaimed the week of July 19-25 as the 10th annual National Farm Safety Week.

The president, in his proclamation, urgently requests every farm family member to cooperate in an effort to make 1953 as accident-free as possible. More than 1¼ million farm residents were injured last year, and needless accidents continue to kill thousands more every year, he points out.

In supporting the president's proclamation, Secretary of Agriculture Benson says that in 1951, the last year for which estimates are available, 14,500 farm people lost their lives as a result of accidents.

* * *

THE CHANCES of being killed on the job are more than three times as great for an agricultural worker as for an industrial worker. Loss due to accidents affecting farmers, including property and equipment, is estimated at one billion dollars. That's more than the total of all farm real estate and personal property taxes in 1949.

Of the fatal accidents to farm folks in 1951, almost as many occurred in and around the house as on the rest of the farm. Falls are the principal cause of deaths from home accidents among persons over 45 years of age. Burns rank first among those from 1 to 44 years of age.

This is the 10th year in which national farm safety week has been sponsored by the national safety council and the Department of agriculture, in cooperation with the farm safety activities of states and counties, the Illinois rural safety council, farm organizations, farm press and radio, and many other groups interested in agriculture.

About Your Health

Because the symptoms associated with athlete's foot are usually so mild in the initial stage of development, many persons ignore them until the condition is well advanced, thus making it more difficult to treat and cure.

The term derives its name from the fact that it is commonly found in the person who frequents gymnasiums, locker rooms and swimming pools and is erroneously applied to a number of other conditions of the skin. While it is a form of ringworm, its character is individual.

* * *

IN THE FIRST stage, there is usually increased scalines or sogginess between the toes, or itching and blistering on the soles of the feet and on the sides of the toes. Again there may be merely increased itching and burning in these areas. Frequently the skin returns to normal. When the disease progresses, however, large, raw and blistering areas may be present. There may be severe swelling and eventually scaling and thickening of the skin.

A low form of plant life, called fungi, is the cause of the disease. The fungi grow from seeds called spores, which may be compared to grains of wheat. Because of their protective layers, the spores have the ability to remain dormant only to become active under suitable conditions, such as heat and moisture.

* * *

HOT, PERSPIRING feet are a favorable field where these spores flourish. That is why the attack on the condition must center not only on the body, but on wearing apparel of the feet, such as shoes and hose, and on towels used on the feet.

Many persons think in terms of self-medication and apply all sorts of patent remedies to relieve the itching and progressive redness and blistering, failing to understand that the unique strength of the spores resists any mild attack. Footbaths, aside from cleanliness, are of little value. There must be vigorous scrubbing with strong soap and hot water ,and the application of certain fungicides and disinfectants. The advice of a physician is most important since certain skins require individual treatment, depending on the degree of their sensitivity.

Free Grave Markers For Deceased Vets

An announcement by the Illinois veterans commission reminded relatives of deceased servicemen that the government will furnish free grave markers for the unmarked graves of veterans.

The state also will pay an erection fee up to $10.00 a stone, the announcement said.

Defaced or illegible markers may be replaced upon reapplication.

Veterans commission service officers throughout the state are prepared to advise and assist in the preparation of application forms.

Additional information and application forms are available at the offices of IVC service officers throughout the state.

Don't Make Your Shotes Walk For Food Or Water

Here is some advice offered by hog men at the South Dakota experiment station: "Don't make those shotes you're fattening walk too far to feed or water. If you do, you'll be lucky if it doesn't cost you money."

Workers at the South Dakota station last summer spaced feeders and waterers at various distances. The farther apart they were, the slower the gains. That was because the pigs drank less water and ate less feed as the distance they had to walk was increased.

* * *

FOUR GROUPS of 20 pigs each were used in the test. Where the distance was 20 feet, the pigs ate 5.71 pounds of feed a day, drank 1.23 gallons of water apiece and made daily gains of 1.60 pounds.

One lot had to walk 560 feet between waterer and feeder. They drank 12 percent less water, ate nearly 11 percent less feed and made 10 percent slower gains. That is something to remember if you plan to hog-down corn this fall.

Here's a Capper's Farmer explanation of how slow gains can cost you: "Hog prices usually decline in the fall. Suppose your pigs weigh 50 pounds when you take them to pasture, and you want to sell them at 225 pounds. They must gain 175 pounds.

* * *

"AT THE RATE the South Dakota pigs grew, that would require 110 days when feeders and waterers are 20 feet apart; 121 days when they're 560 feet apart. That extra 11 days can make a lot of difference in the price."

Watch prices this fall when you sell your first bunch of pigs. Compare that price with the quotation 11 days later. Nine times out of ten you'll lose money!

Wall of Coal

America's production of bituminous coal last year would make a wall 22 feet high and 10 feet thick entirely surrounding the boundaries of the U. S.

Need To Find Larger Corn Storage Space

Farmers and warehousemen in 33 northern Illinois counties are being asked to help find storage for nearly 17 million bushels of corn. This is that part of 77 million bushels of the 1952 crop under government loan which is stored on farms.

L. F. Stice, University of Illinois farm economist, says this corn becomes the property of the commodity credit corporation on July 31 unless the farmers either redeem it or seal it for another year.

Legally, Stice says, the CCC is obligated to accept the corn and move it off the farms. But in some areas there isn't any place to move it.

* * *

THE PMA will move some bins into the shortage areas, and some corn will be moved into other areas. But this is costly and takes time, Stice says.

If farmers can provide the extra storage, they can earn about 13 cents a bushel for resealing the corn for another year.

Some farmers have the storage space. Those who don't have, Stice says, can finance new storage through the PMA if credit is not available otherwise. The third way farmers can provide space is by using temporary cribs for the part of this year's crop that will be fed early.

Some grain dealers will have space, too, Stice says. But a warehouseman needs to be approved by PMA before he can store grain under government loan.

Weeds Use More Water Than Corn

Best reason for cultivating and clipping for weed control is that weeds use more water than crops.

Carl F. Mees, farm adviser, says that the average ragweed plant, for example, uses five times as much water for growth as a corn plant.

And a common mustard plant not only uses four times as much water as corn, but also takes twice as much nitrogen and phosphorus and four times as much potash from the soil.

So give your crops a break and keep weeds out of your fields. Don't forget how important it is to clip your pastures and stubble fields, Mees says.

Ike Seeking to Give Many State Duties Back to the States

President Eisenhower has signed a bill creating a commission to make a thorough study of state-federal relationships with the aim of getting Uncle Sam out of many state affairs.

The legislation, which had been introduced by Sen. Taft of Ohio is in line with farm bureau policy of moving government closer to the people. In Illinois, the Illinois agricultural association is the state-wide farm bureau organization.

The commission is directed to report its findings to congress together with recommendations for simplifying and decentralizing various federal agencies in those instances where it is determined that a state or local government can do a better job.

The measure also emphasizes the importance of finding some way to relieve citizens from paying taxes on taxes," as is the case now in many states.

The President also signed another bill authorizing a federal study by a 12-member commission of ways and means of reducing government costs. This commission is required to complete its study and submit a final report to Congress not later than May 31, 1955.

It will be charged with the duty of providing a blueprint for improvement of the executive branch of government and point out how economy might be effected.

Has 20,000 Residents

Des Plaines population within the city limits is 20,663 according to census figures just released by Mayor Kenneth C. Meyer. This is an increase of 5,667 or 38 per cent over the 1950 census figures.
